© David Wagner Associates Inc. All rights reserved. All drawings are conceptual in nature. It is to be clearly understood that the Landscape Architect does not warrant the use of the drawings for any purpose, and hereby disclaims any liability that may result from the drawings themselves, and from the construction work produced from this plan, and from any claims that may result subsequent to the project being constructed and use commencing on the site, whether such claims are brought by persons using the site, or by the owners or others of neighbouring properties.

Should any claim be made directly against the author as a result of the drawings themselves, or as a result of the construction work produced from this plan, and should the author be required to defend such claim, or be damaged that may be caused either on the site or outside the boundaries of the property or persons, the author is to be indemnified by the Owners in full, including the costs of defending any actions brought against the author, or the costs of paying any settlement entered into by the author, or settling any judgments made against the author.

No reproductions may be made without the permission of the Landscape Architect and when made, must bare his / her seal and signature. Reproductions are to be made only from the original drawings and only when the designs herein are licenced for construction, once only. Alterations to be returned to the Landscape Architect on request.

This drawing shall not be used for building purposes until countersigned by the Landscape Architect.

The contractor shall check all dimensions and other data on site and report any discrepancies to the Landscape Architect.

Figured dimensions to be taken in preference to scaled dimensions.

If in doubt please ask.

Location of underground structures as shown are based on the best information available but no guarantee is given that all existing utilities are shown or that the given locations are exact. Confirmation of existence and exact location of all services must be obtained from the individual utilities before proceeding with construction.
