1. Background

Section 35(1) of *The Police Services Act* requires the Winnipeg Police Board (the “Board”) to operate in accordance with the policy and procedures manual developed for police boards by the Manitoba Police Commission (MPC).

Chapter 3.9 of the MPC Manual sets out a policy and related procedures to evaluate the effectiveness of the police boards in carrying out their legislative mandates. The policy requires the police board to evaluate its effectiveness at least every three years, and provides guidance for carrying out the evaluation.

The Board has been in operation for three years as of June 2016 and decided to initiate the evaluation process of its activities by requesting assistance from the Chief Performance Officer to administer the evaluation and ensure objectivity.

2. Roles and Responsibilities

The Board approved the Terms of Reference (**Appendix 1**) for its effectiveness evaluation on October 7, 2016. The Terms of Reference include the roles and responsibilities for the Board, the Board’s Risk Management and Audit Committee, and the Chief Performance Officer. The key responsibilities have been summarized below.

2.1 The Board

The Board participated in the effectiveness evaluation questionnaire. Additionally, Board staff compiled documents and support to demonstrate the Board’s compliance with requirements of *The Police Services Act* and the *Winnipeg Police Board By-law* (“WPB By-law”) and made them available for the Chief Performance Officer’s review.

2.2 Risk Management and Audit Committee

The Risk Management and Audit Committee (the “RMA Committee”) was responsible for the preparation of the evaluation process in accordance with Chapter 3.9 of the MPC Manual. The process consisted of a project plan, evaluation questionnaires, and a policy and procedures checklist. The RMA Committee was also responsible for providing the Chief Performance Officer with a list of questions to engage Board members and stakeholders for their input.

2.3 Chief Performance Officer

The Chief Performance Officer (who is also the City Auditor) is a statutory officer appointed by City Council under *The City of Winnipeg Charter*. The City Auditor is independent of the Public Service and reports directly to Executive Policy Committee, which serves as the City’s Audit Committee. This engagement was approved by Council in the City Auditor’s 2015-2018 Audit Plan. For the purpose of this report, the Chief Performance Officer and the Audit Department staff who were involved in the engagement will be referred to as the “City Auditor”.

The Board has requested that the City Auditor independently conduct and complete its effectiveness evaluation. The evaluation has been conducted in accordance with generally accepted government auditing standards for agreed-upon procedures engagements. An agreed-upon procedures engagement does not constitute an audit or a review and, accordingly, no assurance is expressed on the Board’s effectiveness or compliance with legislation in this report. Rather, the City Auditor has compiled a report that includes the findings on the materials supplied by the Board, and the responses to the questionnaires, to assist the Board in evaluating its effectiveness and to identify potential areas for improvement in accordance with the Terms of Reference prepared by the Board.

The City Auditor's roles and responsibilities were as follows:

- Provided feedback to the RMA Committee on the questionnaire structure or evaluation methodology as deemed necessary.
- Administered the evaluation questionnaire to the Board and key stakeholders identified by the RMA Committee, collected and analyzed the results, and reported on the findings.
- Reviewed information compiled by Board staff to assess the Board's fulfillment of its responsibilities as they are listed in *The Police Services Act* and the WPB By-law.
- Provided anonymity for all stakeholders who participated in the evaluation process and reinterpreted their comments.

3. The Board's Effectiveness Evaluation

The Board's effectiveness evaluation consists of questionnaires and a policy and procedure checklist.

The purpose of the evaluation is to demonstrate the Board maintains compliance with the MPC Manual, which further reinforces measuring effectiveness to demonstrate overall good governance. It also identifies aspects of the Board's operations that can be further improved and incorporated into the goals of subsequent annual business plans. We acknowledge that there was a change in the Board Chair and Police Chief throughout the duration of this engagement.

The methodology, observations and analysis, and conclusions for the questionnaire and policy and procedure checklist are discussed in the following sections.

4. Evaluation Questionnaire

The Board considers the questionnaire an appropriate method to assess its effectiveness. The RMA Committee developed the form and methodology of the questionnaires based on a template created by the Canadian Police College and in accordance with the MPC manual (Section 3.9). The City Auditor provided feedback for the questionnaire, which included suggestions for specific topics as well as the Board's rating scale (where we recommended not using a "neutral" rating, and to use a four point scale to measure the respondents' feedback).

The Board answered one comprehensive set of questions relating to all key evaluation areas. Key stakeholders answered selected questions from the comprehensive questionnaire based on the areas that were relevant to each stakeholder.

All Board members participated in the evaluation questionnaire, while participation was optional for the remaining stakeholders that were selected by the Board. The remaining stakeholders included:

- City of Winnipeg, City Clerk's Department
- City of Winnipeg, Chief Financial Officer
- Manitoba Police Commission
- Manitoba Justice
- Winnipeg Police Board Indigenous Council on Policing and Crime Prevention in Winnipeg
- Winnipeg Police Service (WPS)
- People First HR
- MNP LLP
- Social Planning Council of Winnipeg
- Immigrant and Refugee Community Organization of Manitoba

- Newcomers Employment and Education Development Services (NEEDS) Inc.

There were twenty-nine evaluations distributed to stakeholders by the City Auditor on October 14, 2016. The last response was received on November 24, 2016, and the response rate was 59% (seventeen evaluations). The response rate is relatively low as seven of the seventeen evaluations received were from the Board members, who were required to complete the survey. There may be future opportunities for the Board to improve the response rate by increasing its communication with desired stakeholders about the contribution of the feedback to the Board's future success.

The evaluation questionnaire ratings provided by the Board are as follows:

4	Strongly Agree
3	Agree
2	Disagree
1	Strongly Disagree
N/A	Not applicable or assessable at this time

The City Auditor determined that the average score (mean) and the distribution about the mean were the most appropriate methods to analyze and communicate the results while maintaining anonymity. This was consistent with our review of other jurisdictions that have completed this type of evaluation.

The City Auditor developed the following average score system:

3.5 to 4	Significantly Satisfied
2.5 to 3.49	Satisfied
1.5 to 2.49	Unsatisfied
1 to 1.49	Significantly Unsatisfied

The rationale for this rating system is as follows:

The RMA Committee allowed the City Auditor to develop a methodology to analyze and communicate the results of the questionnaires. The City Auditor noted that the questions on the evaluation had been phrased in such a way that an “agree” response was the desired response (i.e. “agree” would be good) and concluded, therefore, that “disagree” would be an undesirable response. From this, it was determined that it would be reasonable to believe that “agree” would correspond with a respondent being “satisfied” with the subject matter of a question, and “disagree” would signal dissatisfaction with the subject of the question. This approach was used to interpret the overall results and communicate the aggregate average score in each performance area as a level of satisfaction or dissatisfaction.

The scoring system is based on what the calculated average score would round to in terms of the 1, 2, 3, 4 ratings in the Likert scale provided. We recognize that this methodology may not reflect a 100% accurate interpretation, but we believe that it does provide a reliable means for approximation and interpretation.

(Note: For ease of reference our scoring table has been included in the footer of the pages that follow.)

Other relevant factors used to analyze the questionnaire results included:

- “Not applicable” responses were removed from the calculations to avoid skewed results and uncertainty for the reason of why “not applicable” was selected (i.e. respondents may not have fully understood the question, may not know the answer, or may not want to answer the question for personal reasons).
- If a participant provided a check mark physically located in between two ratings boxes in the questionnaire, the average between the two scores was calculated (i.e. a score of 2.5 was assigned for a response in between 2 and 3).
- The questionnaire results were aggregated for all stakeholders to maintain anonymity.
- Comments were provided by respondents for each section. All commentary has been reinterpreted by the City Auditor to maintain anonymity. If we were unclear on what the comment was saying, we excluded it from this report.

We believe that this presentation of results will assist the Board in identifying areas where it is effective and areas the Board may want to discuss and develop strategies for improvement. The full evaluation questionnaire has been included in **Appendix 2** and contains the average scores for each statement from all stakeholders. The results are summarized in the following sections.

5. Policy and Procedure Checklist

The Board considers that its compliance with applicable legislation and regulations demonstrates effectiveness. The Board’s policy and procedure checklist was developed by the RMA Committee using performance criteria from the following governing laws, regulations, and policies:

- *The Police Services Act (“PSA”)*
- *The Manitoba Police Boards: Policy and Procedure* from the Manitoba Police Commission (the “MPC Manual”)
- *The Winnipeg Police Board Rules of Practice and Procedure*
- The City of Winnipeg By-laws

The Board provided the policy and procedure checklist to the City Auditor, and determined the sources that would be used to evaluate each requirement. This included:

- Specific documents and support compiled by Board staff
- Board staff assertions of whether requirements were met and/or areas for improvement
- Evaluation questionnaire results

The City Auditor also completed a limited amount of independent research for compliance material that was not readily available within the Board’s information. This was performed through the WPS’s and Board’s websites, as well as through meeting minutes found on the City of Winnipeg website. The City Auditor reviewed all of the information and reported its observations; no opinion is being provided in this report on whether the Board is in compliance with applicable legislation and regulations or not. The policy and procedure checklist and the City Auditor’s observations are included in **Appendix 3**.

Conclusion:

Overall, the Board has provided support that it is following the guidance of the vast majority of the items included in the RMA Committee’s policy and procedure checklist.

Board staff have openly communicated that there are a few checklist items that the Board is not following. The Board will want to determine the risks associated with these items, and how those risks may impact the Board’s effectiveness. These items have been summarized below:

- Not all complaints about the WPS or individual officers other than the Police Chief are forwarded to the Chief or designated for appropriate action. Instead, the Board explains to complainants the options they have available for making a complaint and encourages complainants to contact the appropriate agency directly. The Board believes this is the best way to act in accordance with the complainants’ wishes for their concerns, and is currently holding discussions with the Manitoba Police Commission on this policy.
- Whether directors’ liability insurance is necessary has been outstanding since 2013.
- The Board has not reviewed the results of its 2015 informal assessment.
- No formal set of individual and/or collective competencies are currently in place.
- A process for the Board Chair to review its members’ self-evaluations has not been implemented. This is because the Board has not yet determined whether it is appropriate and/or a priority for Board members to have individual performance evaluations on an annual basis.
- Agendas are prepared for every meeting; however, the materials that are presented during each meeting are not always available three days prior to the meetings.
- The Board’s audited financial statements are not ready by March 31st, and the Board obtains an extension from the MPC each year.

Average Scoring System:

3.5 to 4	Significantly Satisfied
2.5 to 3.49	Satisfied
1.5 to 2.49	Unsatisfied
1 to 1.49	Significantly Unsatisfied

Appendix 1 – Terms of Reference

The Winnipeg Police Board will undergo the first formal evaluation of its effectiveness in 2016.

1. LEGISLATIVE FRAMEWORK

Subsection 35(1) of *The Police Services Act* requires the Board to operate in accordance with the policy and procedures manual developed for police boards by the Manitoba Police Commission (MPC).

Chapter 3.9 of the MPC Manual sets out policies and procedures related to evaluating the effectiveness of police boards in carrying out their legislated mandates. The form and methodology of the evaluation is based on the professional judgment of the Board.

Subsections 50(1) to 54(5) of the Winnipeg Police Board Rules of Practice and Procedure set out practices and procedures for the carrying out of the Board's responsibilities related to effectiveness evaluations.

2. PURPOSE OF THE EFFECTIVENESS EVALUATION

2.1 The purpose of the effectiveness evaluation is to:

- (a) ensure the Board maintains compliance with the MPC Manual, which holds that evaluating police board effectiveness forms part of good governance practice; and
- (b) to identify areas and aspects of the Board's operations that can be improved and thus inform the goals of subsequent annual business plans.

3. EVALUATION PROCESS

3.1 All Board members will participate in the effectiveness evaluation.

3.2 Board staff will support and participate in the effectiveness evaluation as directed by the Board.

3.2 The Risk Management and Audit Committee will prepare terms of reference for the evaluation project, design the evaluation process, and initiate the evaluation project within 60 days of receiving the request of the Board Chair.

3.3 The Risk Management and Audit Committee can request the City's Chief Performance Officer to advise respecting the terms of the reference for the evaluation project and the design of the evaluation process.

3.4 The Risk Management and Audit Committee can request the City's Chief Performance Officer to independently conduct and complete the evaluation project within 60 days its initiation (unless otherwise determined by the Board).

3.6 The Risk Management and Audit Committee will provide the Chief Performance Officer with a list of questions to be used to engage with Board members and stakeholders to elicit their input.

3.7 The Chief Performance Officer can provide feedback to the Risk Management and Audit Committee on the question structure or evaluation methodology as deemed necessary.

3.8 The Chief Performance Officer will administer the evaluation questionnaire and analyze the results.¹

3.10 Board staff will compile documents and evidence to demonstrate the Board's compliance with requirements of the *Police Services Act* and the Winnipeg Police Board By-law and make them available for the Chief Performance Officer's review.

3.10 The Chief Performance Officer will report back to the Risk Management and Audit Committee with the findings.

3.11 To benefit from external perspectives on the Board's performance, the Chief Performance Officer will provide the evaluation questionnaire to key stakeholders identified by the Risk Management and Audit Committee to obtain feedback on those aspects of the Board's performance with which the stakeholders have direct experience.

3.12 Key stakeholders who may be invited to provide feedback will:

- (a) have direct experience working with the Board, either through ongoing contact or through involvement on a project that lasted at least one month;
- (b) have a thorough understanding of the Board's mandate;
- (c) have the capacity to comment on the Board's effectiveness in those areas of Board operations with which the stakeholders have direct knowledge and experience; and
- (d) are willing to participate in the evaluation process with the goal of ensuring there is a robust and effective framework for civilian governance of police in Winnipeg.

3.13 The Chief Performance Officer will respect confidentiality and will not identify which participants offered which comments in the evaluation process.

3.14 Participation is optional for stakeholders invited to complete a questionnaire and, after providing a reasonable opportunity to participate, the Chief Performance Officer is not obligated to delay the evaluation process pending the completion and receipt of outstanding questionnaires.

3.15 If, in the course of the evaluation, the Chief Performance Officer should have any concerns regarding the Board's effectiveness or the conduct of Board members or staff, the Chief Performance Officer will direct those concerns to the Executive Director.

¹ No assurance or audit opinion will be provided by the Chief Performance Officer on this engagement as it does not include audit or review procedures and is not completed in accordance with generally accepted government auditing standards.

3.16 The Executive Director assumes responsibility for referring concerns and issues raised by the Chief Performance Officer to the Board, the Board Chair, or the appropriate oversight body.

3.17 If the Chief Performance Officer should have any concerns regarding the conduct of the Executive Director, the Chief Performance Officer will direct those concerns to the Board Chair.
