

# Year of the Garden 2022

To mark the 100th anniversary of the Canadian Nursery Landscape Association and ornamental horticulture in Canada, and to encourage people to engage with garden culture and work towards a sustainable future, the Canadian Garden Council declared 2022 the Year of the Garden. On July 22, 2021, City Council followed suit and voted to officially recognize 2022 as the Year of the Garden and June 19 as National Garden Day in the City of Winnipeg.

## Engage with gardening in Winnipeg

Rental plots and  
community gardens

Enhancing urban agriculture,  
Winnipeg Food Council
