

# WINNIPEG POLICE BOARD | 2016 ANNUAL REPORT

# WINNIPEG POLICE BOARD | 2016 ANNUAL REPORT

## **EXECUTIVE SUMMARY**

This report presents highlights of the Board's work in 2016, as well as information on its financial performance.

The Board started 2016 with most key components of its governance framework already in place. Over the course of the year, it enhanced its capacity to provide governance and oversight of the Winnipeg Police Service by adopting its first policies for the effective management of the Service. One important "first" was the Board's appointment of Danny Smyth as the Chief of the Winnipeg Police Service – the first Police Chief to be appointed since the Board was established in 2013.

On the strength of its experience, in 2016 the Board evaluated what worked well and what could be done differently and introduced changes to the way it holds community consultation meetings, the content of its strategic plan, and the format of its annual reports.

The Board's 2016 audited summary of expenditures will be appended to this report once it is available. Information on the Board's activities is published on an ongoing basis on the City of Winnipeg's Decision Making Information System (DMIS) in the form of monthly reports and meeting minutes.

## OVERVIEW OF THE WINNIPEG POLICE BOARD

The Winnipeg Police Board provides civilian governance and oversight of the Winnipeg Police Service.

The Board receives its mandate from Manitoba's Police Services Act, enacted in 2009. The Act created a requirement for all municipalities with their own police services to have civilian police boards to govern the police, establish priorities and policies for the police and improve transparency and accountability. In 2012, Winnipeg City Council adopted By-Law No. 148/2012 to establish the Winnipeg Police Board.

Since its first meeting in June 2013, the Board has been establishing the relationships, governance structures, processes and policies needed to ensure police services in Winnipeg are adequate and effective.

## HIGHLIGHTS

- The Board appointed Danny Smyth as the new Chief of the Winnipeg Police Service after Former Chief Devon Clunis retired from the position earlier in the year. It was the first time since its establishment that the Board appointed a Police Chief.
- Four new Board members were appointed between January and November of 2016. The Board worked hard to bring each new Board member up to speed and get them oriented to their duties.
- The *Police Services Act* requires the Board to establish policies for the effective management of the Winnipeg Police Service. In 2016, the Board adopted its first two policies: Bias-Free Policing and Law Enforcement Accreditation. The policies were developed in consultation with the Police Service and the public. They are available on the Board's website.
- For the first time, the Board received an annual business plan from the Police Service and monitored its implementation through quarterly reporting and meetings with the Police Chief.
- The Board partnered with its Indigenous Council on Policing and Crime Prevention to host a community consultation meeting on May 11, 2016. The council assisted the Board in encouraging community members to attend a meeting at Neeginan Centre.
- 2016 marked the first full year of the Board providing secretariat support and soliciting advice from the Indigenous Council on Policing and Crime Prevention.
- Online input on the Board's strategic priorities increased significantly in 2016. The Board's online comment form collected 139 responses, compared to 23 in 2015.
- The Board collaborated with Tourism Winnipeg to bid on hosting the Canadian Association of Police Governance's annual conference in 2018. The bid won, meaning the Board will bring a CAPG conference to Manitoba for the first time.
- The Board worked with the Police Service to identify budget adjustments and then allocated the 2016 operating budget accordingly after City Council set the total amount of the Service's annual operating budget at a different amount than the Board had recommended based on advice and prospective allocations from the Police Service.
- At the invitation of the Canadian Association of Police Governance, the Board Chair presented at a summit in June 2016 on best practices for strategic planning and the Board's experience to date.

## STRATEGIC PLANNING

The Winnipeg Police Board adopted a five-year plan outlining its vision and priorities for the Winnipeg Police Service. The 2015-2019 Strategic Plan was first published in May 2015. For 2016, the Board focused on reconnecting with the community to seek feedback on the plan, then updating the plan to keep it relevant.

Consultation Format	Date	Participants (#)
Meeting at Millennium Library	May 5, 2016	6
Meeting at Neeginan Centre	May 11, 2016	9
Meeting at Magnus Eliason Recreation Centre	June 8, 2016	26
Written comment forms	May-September 2016	6
Input received online	May-September 2016	139

- The Board held three community consultation meetings in 2016. This still exceeded the minimum two meetings required by the Board's By-law, while focusing Board resources and minimizing time commitments for the Winnipeg Police Service. By comparison, the Board held six meetings in 2015.
- Overall engagement increased over 2015, thanks to more people contacting the Board through an online comment form. The Board used the comment form to collect qualitative feedback on community safety priorities, and appealed to community partners and Twitter followers to complete the form.
- The Board is committed to updating the strategic plan each year, and 2016 was the first time the Board undertook a substantial update. Board staff updated statistics for the 2017 Strategic Plan Update to keep it current, and the Board added a new introduction that outlined changes to the strategic directions and targets:
  - o A revised target for body-worn cameras
  - o Refining strategic directions on police service communications to emphasize the importance of informing the public why and how officer safety is factored into the Service's operations and equipment purchases
  - o Implementing the Board's Use of Force policy
  - o A new section that looks ahead at issues the Board will monitor for the 2018 Strategic Plan Update
- For the first time, the Service adopted an annual business plan that outlined the Service's activities to implement the strategic plan. The Board received a presentation on the business plan, along with quarterly progress reports.

## Implementation of the 2015-2019 Strategic Plan for the Winnipeg Police Service

The Winnipeg Police Service is 1.5 years into implementing the strategic plan the Board adopted in May 2015. The Board considers strategic planning an iterative process, updating the plan each year to reflect experience, shifting priorities and changes to the environment for policing.

Most of the targets in the strategic plan measure the Service's implementation based on reaching certain milestones by 2019. The targets that can be measured in 2016 are listed in the table below.

<b>Goal: Reduce crime &amp; victimization</b>		
<b>Measure</b>	<b>Target</b>	<b>Progress</b>
Percentage of police time spent on proactive policing and crime activities	33% of General Patrol time is spent on proactive policing by 2019	33.1% of events in 2016 were initiated by police (proactive). However, the Service estimates that time spent on proactive policing amounted to less than 33% of General Patrol time.
<b>Goal: Engaged communities</b>		
Diversity within the Service	15% of new recruits are Indigenous in 2017	25% of the members of Recruit Class #159 (February 2016) were Indigenous.
A communications and outreach strategy for the Service	The strategy is approved and adopted	The Service developed and adopted a strategy in 2016. In implementing the strategy, the Service surpassed 85,000 Twitter followers, launched a Facebook profile and posted videos on YouTube.
<b>Goal: Effective &amp; efficient service</b>		
Police Service budget	Increases at or less than inflation	In December 2016, the Board recommended an operating budget for 2017 for the Service that amounted to a 1.28% increase over the Service's amended budget for 2016.
<b>Goal: A healthy organization</b>		
All targets are focused on 2019		

Evaluating the strategic plan and monitoring its performance identified gaps for the Board to address in 2017. Statistics Canada released crime statistics in July 2016 that showed crime in Winnipeg increased in 2015. This poses a challenge to the Service, which the strategic plan charges with reducing the crime severity index and violent crime severity index by 25% by 2019.

The increase in crime in 2015 – at the same time that the Service was implementing its Smart Policing Initiative and promoting engaged communities – reiterated how the feasibility of some of the current strategic plan targets depend on factors outside of the Service's control. Likewise, the strategic plan calls for increased resources in such areas as crime analysis, but the Board's capacity to allocate resources to these priority areas is driven by the budget Council sets for the Service.

Looking ahead, the Board will review its strategic plan with an eye to ensuring all priorities and targets reflect the current environment for policing, while continuing to pursue the same vision and goals.

## **THE WINNIPEG POLICE BOARD BUDGET**

The Board was allocated \$446,079 from the budget for the City Clerks department in 2016. The Board received quarterly budget update reports in June, September and December and submitted them to the Standing Policy Committee on Finance for information.

The Board operated within its budget in 2016. Its primary expenditures were staff salaries and benefits; office rent; remuneration for Board members; memberships, conferences, travel and events; strategic planning and public consultation meetings; office operations; and professional governance support services.

The Board's audited summary of expenditures will be appended to this report when they are available.

## THE WINNIPEG POLICE SERVICE BUDGET

The Winnipeg Police Board By-law directs the Board to prepare annual estimates for the Winnipeg Police Service's operating and capital budgets. The Board submits these estimates to City Council, along with any other budget information Council requires.

The Board's budget estimates must reflect the Board's assessment of what it will cost to provide police services that are adequate and effective. The estimate and any supporting materials shared by the Board help inform Council's decision of the amount of the total City of Winnipeg budget to allocate to the Winnipeg Police Service.

After considering advice from the Winnipeg Police Service, the Board allocates the Service's annual operating budget. In 2016, the Board had to take into account Council's direction to find \$2.5 million worth of budget adjustments in the operating budget, as well as unanticipated expenditures:

- The Service had fewer retirements than estimated in 2016, so it needed to adjust its budget to offset the extra salaries and benefits costs.
- The Service had planned to adopt a Major Case Management System in 2016 System to manage investigations and cases more efficiently. This \$1 million capital project was deferred to 2017, in order to re-allocate funds to salaries and benefits.
- An actuarial evaluation reported the Service needed to increase the rate at which it contributed to members' pensions. This increased the Service's expenditures by \$3.7 million in 2016. Council approved an increase in the Service's budget to cover this unanticipated expenditure increase.
- The Service's operating expenditures are partially offset by revenues. The Service estimated revenues for 2016 would amount to \$48,048,728. Revenues for photo enforcement in 2016 were below budget.
- The Board obtained authorization from Council to cancel a \$1 million pilot project to equip a limited number of front-line officers with body-worn cameras to test their effectiveness. The funding for this project was reallocated to cover operating costs.

Further details on the allocation of the Service's operating and capital budgets and its budget performance in 2016 can be found in the Board's meeting minutes, particularly in the Service's quarterly budget update reports. Meeting minutes and reports are available through the City of Winnipeg's Decision Making Information System.

Amended Budget	(To be added once available)
Actuals	(To be added once available)

The Service's audited statement of revenues and expenses will be appended to this report when they are available.

The Policy and Procedure Manual for Manitoba Police Boards developed by the Manitoba Police Commission ("the MPC Manual") states that the Commission must receive a copy of the Board's annual report as well. It prescribes that the annual report must include the following information:

Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the financial information in the statement of revenues and expenses of The City of Winnipeg - Winnipeg Police Services for the year ended December 31, 2016 is prepared in all material respects, in accordance with the financial reporting provisions in The City of Winnipeg By-Law No 148/2012 dated November 28, 2012.

*Basis of Accounting and Restriction on Use*

Without modifying our opinion, we draw attention to Note 2 to the schedule, which describes the basis of accounting. The schedule is prepared to provide information to The City of Winnipeg, the Manitoba Police Commission and the Winnipeg Police Board regarding The City of Winnipeg By-Law No 148/2012 dated November 28, 2012. As a result, the schedule may not be suitable for another purpose. Our report is intended solely for The City of Winnipeg, the Manitoba Police Commission and the Winnipeg Police Board, and should not be used by parties other than The City of Winnipeg, the Manitoba Police Commission and the Winnipeg Police Board.

**1. Nature of the organization:**

Winnipeg Police Services, a department of The City of Winnipeg, has a mandate to ensure the safety of the lives and property of citizens; preserve peace and good order; prevent crimes from occurring; detect offenders; and enforce the law.

The City of Winnipeg (the "City") is a municipality that was created on January 1, 1972 pursuant to The City of Winnipeg Act, a statute of the Legislature of the Province of Manitoba (the "Province"). The City continued as a body corporate by virtue of the enactment by the Province of The City of Winnipeg Charter on January 1, 2003.

**2. Significant Accounting Policies:**

The statement of revenue and expenses are prepared in accordance with Canadian public sector accounting standards.

(a) Basis of presentation:

These statements of revenue and expenses present the results of operations of the Winnipeg Police Services as if it has been accounted for on a stand-alone basis. Management has extracted the information used to prepare this statement of revenue and expenses from the consolidated financial statements of The City of Winnipeg.

This statement of revenue and expenses is not necessarily indicative of the results that would have been attained if the Winnipeg Police Services had been operated as a separate legal entity during the year presented.

The basis of accounting used in this statement of operations materially differs from Canadian public sector accounting standards because statements of financial position and cash flows are not included.

(b) Commitment reserve:

An amount of \$2,833,056 of the expenses reported during 2016 (2015 - \$1,210,596) was charged to the City's Commitment Reserve Fund. The Commitment Reserve Fund was established by The City of Winnipeg for the purpose of allowing departments to carry forward committed budget dollars to the succeeding year thereby eliminating the need to re-budget.
