**2020 ANNUAL REPORT**

## Message from the Board Chair

---

On behalf of the Winnipeg Police Board, I am pleased to provide this report on the highlights of the Board's efforts in 2020.

I am honoured to have been appointed by Mayor Bowman as Chair to the Board in June of 2020 and I wish to thank my colleagues for their dedication and continued support during a year that saw unprecedented changes.

In early March 2020, due to the world wide pandemic COVID-19 and the resulting restrictions imposed on citizens by respective governments, the way the Board could conduct business changed. Meetings were moved to a virtual platform, in-person community consultations were halted, physical distancing was imposed and mask wearing became the norm for any in-person contact. In early June, amid the pandemic, thousands of people gathered in Winnipeg to show support for the elimination of racial injustice. The Winnipeg Police Board is committed to the principle that every person has a right to the provision of police services in a fair and equitable manner that respects the inherent worth and dignity of all persons and provides equal treatment to all persons, without discrimination or harassment.

One of the Board's responsibilities is to act as a liaison between the community and the police service and to fulfill this obligation the Board invited community groups to meet via Microsoft Teams and Zoom and citizens to register to speak in delegation to the virtual public meetings so that their voices could be heard. A priority for the Board is to engage with the community to hear about what is important in terms of safety and policing. Even though hosting in-person events was not possible, the Board was still able to meet with several organizations to engage in meaningful conversations.

*The Police Services Act*, C.C.S.M. c. P94.5, enacted in 2009, established the framework for the civilian governance of police services in Manitoba. Under this framework, municipal police boards play an important oversight role, promoting transparency and accountability in the delivery of policing services, without undermining the police services' independence in determining day-to-day operations. In 2020, the Province of Manitoba commissioned an independent review of the Act. In late 2020, the Province received the report with 70 recommendations with the intention to improve policing and police oversight. The changes that will be incorporated had not been determined by the end of 2020.

The Board encourages citizens to provide their comments on future priorities and objectives for the Service, and any other matter of concern respecting the governance of our police services.

Residents can contact the board, through the board office, in a number of ways:

The Board's purpose is to provide oversight of policing in Winnipeg and to liaise with citizens and organizations to ensure their community needs are being met. The overall goal of the Board is to increase its interaction with the citizens of Winnipeg.

The Board saw the resignation of the Board Chair in June 2020 and the Vice-Chair was appointed by the Mayor to fill the position. One new member joined the Board in 2020, and was appointed by the City of Winnipeg in keeping with the municipal by-law. The Board continues to conduct most of its sub-committee business through Committee of the Whole Board meetings which the Board members continue to find very effective.

The Board's 2020 audited summary of expenditures is appended to this report. Information on the Board's activities is published on an ongoing basis on the City of Winnipeg's Decision-Making Information System (DMIS) in the form of quarterly reports and meeting minutes.

## Overview of the Winnipeg Police Board

---

The Winnipeg Police Board provides civilian governance and oversight of the Winnipeg Police Service.

The Board receives its mandate from *The Police Services Act – Manitoba* (received Royal Assent in 2009 but the first provisions were not enacted until 2012). The Act created a requirement for all municipalities with their own police services to have civilian police boards to govern the police, establish priorities and policies for the effective management of police and improve transparency and accountability. In 2012, Winnipeg City Council adopted By-Law No. 148/2012 to establish the Winnipeg Police Board. The by-law was amended in November 2017.

Since its first meeting in June 2013, the Board has been establishing the relationships, governance structures and processes enabled by the Police Services Act.

### WHAT DOES THE WINNIPEG POLICE BOARD DO?

- Seeks community input on policing priorities and public safety issues
- Makes use of community input to develop strategic plans and objectives for the Winnipeg Police Service
- Ensures the police budget is spent according to public priorities
- Acts as a liaison between the community and the Winnipeg Police Service
- Recommends for appointment and evaluates the performance of the Chief of Police
- Receives reports from the Winnipeg Police Service and provides them to the public
- Meets in public to be open and accountable

## BOARD COMPOSITION

All Board appointments are for limited terms. Board members can have their appointments renewed for multiple terms, so long as they do not serve on the Board for more than eight consecutive years.

The Board has published a list of the competencies, skills and attributes that effective Board members should possess. That list is available for viewing at: <https://winnipeg.ca/clerks/boards/WpgPoliceBoard/pdfs/BoardMemberCompetencies.pdf>

The Police Services Act prescribes the size and composition of police boards in Manitoba. For the City of Winnipeg, the police board must consist of a minimum of seven members to a maximum of nine. Two of the members are to be appointed by the Lieutenant Governor in Council, and the other members are to be appointed by City Council.

The Winnipeg Police Board By-Law (“the By-law”) prescribes that the Board shall be composed of a minimum of seven members and a maximum of nine members, including the Chair and Vice Chair, and a minimum of five members and a maximum of seven members shall be appointed by Council as follows:

- The Mayor or his or her nominee, subject to ratification by Council, who shall also be appointed as Chair of the Board;
- a minimum of one and a maximum of two Councillors; and
- a minimum of three and a maximum of five members of the public.

The Act prescribes that the term of a council member on the police board ends when the person is no longer a member of the council; the term of a person appointed to the police board by council who is not a council member must be fixed in his or her appointment. The term of a person appointed to the police board by the Lieutenant Governor in Council must be fixed in the order appointing the person, and must not exceed four years.

The By-law prescribes that Council Appointees who are Councillors shall be appointed for a one (1) year term. Though, a Councillor may be a Board member only as long as they remain a Councillor. Council Appointees who are Citizens shall be appointed for a term not to exceed the lesser of three (3) years or the term of office of the Council that made the appointment.

## WHO CAN BE A BOARD MEMBER?

*\*At the time of writing this report, the Province of Manitoba is considering recommendations from the independent review by the Community Safety Knowledge Alliance of The Police Services Act. Recommendation 14 provides: That the Police Services Act be amended to replace two municipal appointees with two provincial appointees. This would effectively remove any representation on the boards by City Council and increase provincial representation by two to four.*

*\*\*At the time of writing this report, the City of Winnipeg Council adopted an amendment to the Council Policy on Citizen Appointments to Boards and Commissions to allow for permanent residents to apply for positions on City of Winnipeg Boards and Commissions.*

## 2020-2024 STRATEGIC PLAN FOR THE WINNIPEG POLICE SERVICE

Throughout the consultation process, citizens emphasized the importance of road safety, tackling illicit drugs and reducing drug-related crime. ## The Winnipeg Police Board Budget

---

The Board was allocated \$374,354.00 from the budget for the City Clerk's department in 2020. The Board received quarterly budget update reports in June, September and December and submitted them to Council for information through the Standing Policy Committee on Finance.

The Board operated within its budget in 2020. Its primary expenditures were staff salaries; office rent; remuneration for Board members; memberships, office operations; and professional governance support services.

The Board's audited summary of expenditures is appended to this report.

## The Winnipeg Police Service Budget

---

### Pursuant to:

- section 29(1) of *The Police Services Act* (PSA), the police board has the responsibility of providing the municipal council with an estimate of the costs required to operate the police service in the next fiscal year and any additional information the council considers necessary to enable it to assess the financial requirements of the police service.
- section 29(2) of the PSA, the council is responsible for establishing the total budget of the police service.
- section 29(3) of the PSA, the police board is responsible for allocating the funds that are provided to the police service under the municipal budget.
- section 19 of the *City of Winnipeg By-Law 148-2012, (By-Law)* the Board shall submit operating and capital estimates to Council that will show the amounts that will be required to maintain the Winnipeg Police Service and provide it with equipment and facilities. The format of the estimates, the period they cover, and the timetable for their submission shall be in accordance with City budget procedures.
- section 20 of the By-Law, the Board shall provide sufficient information to enable Council to determine the financing requirements of the Winnipeg Police Service including, if directed by Council, strategic plans, variance reports, capital plans and variance analysis. Council is responsible for establishing the total budget of the Winnipeg Police Service.

The Board submits estimates for the operating and capital budgets to City Council, along with any other budget information Council requires. The estimates must reflect an assessment of what it will cost to provide adequate and effective police services and that are in keeping with the objectives set out in the strategic plan. The estimate and any supporting materials shared by the Board help inform Council's decision of the amount of the total City of Winnipeg budget for the Winnipeg Police Service.

In 2020, the City of Winnipeg introduced a multi-year balanced budget process. The multi-year balanced budget is deemed to be more open and transparent and afforded the community the opportunity to be more involved in the process. In previous years, the budget was balanced one year at a time and under the new process, the preliminary operating and capital budgets were balanced for the next four years. The multi-year process allows the City to view the service delivery and infrastructure investment on a

longer-term basis. As part of the annual review, Council is still provided with the opportunity to make any adjustments that are necessary. Even though the process was changed, per the City of Winnipeg Charter, Council is still required to vote on the annual operating and capital budgets each year.

**Key considerations for the Board in 2020 included:**

- Salary and benefits increase was 3.6 %
- Council approved collective agreements and corporate directed expenditures constitute 93% of the total budget (85% of this is for salaries and benefits, and 8% is for debt and financing charges, accommodations, cash to capital and other corporate set charges)
- Council recommended changes to the Winnipeg Police Pension By-Law No. 126/2011 effective April 1, 2020, were the subject of a grievance filed by the Winnipeg Police Association and Winnipeg Police Senior Officers Association. Council had directed that to meet budget targets, projected savings of \$14.74M from the police pension plan reforms would become a funding source for the Service’s 2020-2023 operating budget. On March 27, 2020, a ruling by the arbitrator determined that changes to the police pension plan were to be reversed. As a result, the \$5,913,000 that was budgeted for 2020 would not be realized, creating a shortfall in the police service in the multi-year operating budget.
- Since 2014, the police complement has been reduced by over 100 positions, further reductions could impact front-line services
- Increase in the demand for policing identified through calls for service
- Deferral of a capital project for infrastructure that is well past its prime

The impact of COVID-19 on the budget for the Service became apparent beginning in late March 2020 when the Province placed restrictions on residents. There was a lack of revenue from photo and traditional enforcement due to fewer vehicles on the road and there was an increase in officer overtime. The Service made every attempt to work within its budget during a year of unprecedented change.

Further details on the allocation of the Service’s operating and capital budgets and its budget performance in 2020 can be found in the Board’s meeting minutes, particularly in the Service’s quarterly budget update reports. Meeting minutes and reports are available through the City of Winnipeg’s Decision-Making Information System.

<b>2020 Winnipeg Police Service Operating Budget</b>	
Adopted Budget	\$304,075,999
<b>2020 Winnipeg Police Service Capital Budget</b>	
Adopted Budget	\$2,966,000

On March 20, 2020, Council directed the Public Service, in preparation for the 2024 – 2027 multi- year budgets, working collaboratively with the Service and the Board, to bring forward on or before March 2022 options and recommendations for Council’s consideration on a multi-year funding formula for the WPS that will provide planning certainty for the City of Winnipeg and a sustainable, predictable funding level for the WPS. The Board’s primary interest in the recommendation is that there be sufficient funds to ensure adequate and effective policing that meets community needs values and expectations.

The Service’s audited statement of revenues and expenses is appended to this report.

## Annual Report Requirements

The Winnipeg Police Board By-law no. 148/2012 requires the Board to issue an annual report at the end of each year that summarizes the Board's activities for the year. The report is submitted to Council for information through the Standing Policy Committee on Protection, Community Services and Parks.

The Policy and Procedure Manual for Manitoba Police Boards developed by the Manitoba Police Commission ("the MPC Manual") states that the Commission must receive a copy of the Board's annual report as well. It prescribes that the annual report must include the following information:

- a progress report on the strategic objectives, goals and/or tactics identified by the police board in their strategic plan;
- highlights of activities and achievements throughout the year;
- a breakdown of police service spending for the year; including the total amount of honoraria paid to each police board member
- a reporting of the number of police board meetings held in the fiscal year including private meetings; and
- the minutes of any regular meetings of the police board in the form of an appendix to the annual report.

The Winnipeg Police Board also includes audited statements on its spending for the year, which includes the remuneration paid to Board members.

## INDEPENDENT AUDITORS' REPORT

To the Corporate Controller of the City of Winnipeg

### **Opinion**

We have audited the summary of expenditures of The City of Winnipeg - Winnipeg Police Board, of the City of Winnipeg (the "City") for the year ended December 31, 2020 and the notes to the schedule (hereinafter referred to as the "schedule").

In our opinion, the accompanying schedule of the City for the year ended December 31, 2020 is prepared, in all material respects, in accordance with the financial reporting framework described in the notes to the schedule.

### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditors' Responsibilities for the Audit of the Schedule**" section of our auditors' report.

We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the schedule in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter - Financial Reporting Framework**

We draw attention to note 1(a) in the schedule, which describes the applicable financial reporting framework. The schedule is prepared to assist the City to comply with the financial reporting provisions in The City of Winnipeg By-Law No 148/2012 dated November 28, 2012 and The City of Winnipeg By-Law No 100/2017 dated November 15, 2017. As a result, the schedule may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

### **Other Matter - Restriction on Use**

Our report is intended solely for the City and the Manitoba Police Commission and should not be used by other parties.

### **Responsibilities of Management for the Schedule**

Management is responsible for the preparation of the financial statements in accordance with the financial reporting framework described in the notes, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the City's financial reporting process.

KPMG LLP, an Ontario limited liability partnership and member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. KPMG Canada provides services to KPMG LLP.

### **Auditors' Responsibilities for the Audit of the Schedule**

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the schedule.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

### **Emphasis of Matter – Financial Reporting Framework**

We draw attention to Note 2 to the schedule, which describes the basis of accounting. The schedule is prepared to provide information to The City of Winnipeg, the Manitoba Police Commission and the Winnipeg Police Board regarding The City of Winnipeg By-Law No 148/2012 dated November 28, 2012. As a result, the schedule may not be suitable for another purpose.

### **Responsibilities of Management and Those Charged with Governance for the Schedule**

Management is responsible for the preparation and fair presentation of the schedule in accordance with The City of Winnipeg By-Law No 148/2012 dated November 28, 2012, and for such internal control as management determines is necessary to enable the preparation of the schedule that is free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibilities for the Audit of the Schedule***

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the schedule, including the disclosures, and whether the schedule represents the underlying transactions and events in a manner that achieves fair presentation.

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Notes to the Statement of Revenues and Expenses**

**1. Nature of the organization:**

Winnipeg Police Service, a department of The City of Winnipeg (the "City"), is responsible for protecting and preserving the public peace, preventing crime, assisting victims of crime, apprehending criminals, and enforcing the law.

The City of Winnipeg is a municipality that was created on January 1, 1972 pursuant to The City of Winnipeg Act, a statute of the Legislature of the Province of Manitoba (the "Province"). The City continued as a body corporate by virtue of the enactment by the Province of The City of Winnipeg Charter on January 1, 2003.

**2. Significant accounting policies:**

The statement of revenue and expenses is prepared in accordance with Canadian public sector accounting standards.

(a) Basis of presentation:

The statements are presented in accordance with financial reporting provisions in The City of Winnipeg By-Law No 148/2012 dated November 28, 2012. This statement of operations materially differs from Canadian public sector accounting standards because statements of financial position and cash flows are not included.

These statements of revenue and expenses present the results of operations of the Winnipeg Police Service as if it has been accounted for on a stand-alone basis. Management has extracted the information used to prepare this statement of revenue and expenses from the consolidated financial statements of The City of Winnipeg.

This statement of revenue and expenses is not necessarily indicative of the results that would have been attained if the Winnipeg Police Service had been operated as a separate legal entity during the year presented.

(b) Commitment reserve:

The Commitment Reserve Fund was established by The City of Winnipeg for the purpose of allowing departments to carry forward committed budget dollars to the succeeding year thereby eliminating the need to re-budget. During both 2020 and 2019, no amount was charged to the City's Commitment Reserve Fund from the expenses reported.
