2023 ANNUAL REPORT

 Winnipeg

Markus Chambers

Message from the Board Chair

On behalf of my colleagues on the Winnipeg Police Board (Board), I am pleased to provide the 11th annual report from the Board. This report for 2023 provides the citizens of Winnipeg with an update on the work that has been accomplished in the past year.

I was first appointed Board Chair in June 2020 by the Mayor and Council and I appreciate that I was re-appointed in November 2023 to continue in this role for another year.

The Board would like to again acknowledge and thank the outgoing citizen members whose terms on the Board expired at the end of 2022 though extended into January 2023, Brian Scharfstein, Edna Nabess, Mohamed Eltassi and Alicja Szarkiewicz.

The Board welcomed new members Kyle Mason, Daphne Penrose and Kevin Selch on January 26, 2023 and at that time appointed Board Member Colleen Mayer as Vice-Chair.

The Board continued to deliver on key aspects of its strategic plan as evidenced in the 2023 Strategic Plan Update for the Winnipeg Police Service found later in this report.

The Board heard from several citizens over the course of the year and continues to welcome input through delegations at quarterly public board meetings, invitations to meet from community members and organizations, written submissions and the Board's website surveys.

Residents can contact the Board, through the board office:

Executive Summary

This report covers the period January 1 to December 31, 2023 and provides highlights of the Board's work and information on its financial performance.

The Board's purpose is to provide oversight of policing in Winnipeg and to liaise with citizens and organizations to ensure that community needs are being met. The overall goal of the Board is to increase its interaction with the citizens of Winnipeg.

The Board's 2023 audited summary of expenditures is appended to this report. Information on the Board's activities is published on an ongoing basis on the City of Winnipeg's Decision-Making Information System (DMIS) in the form of quarterly reports and meeting minutes.

Overview of the Winnipeg Police Board

The Winnipeg Police Board provides civilian governance and oversight of the Winnipeg Police Service.

The Board receives its mandate from *The Police Services Act – Manitoba* (received Royal Assent in 2009 but the first provisions were not enacted until 2012). The Act created a requirement for all municipalities with their own police services to have civilian police boards to govern the police, establish priorities and policies for the effective management of police and improve transparency and accountability. In 2012, Winnipeg City Council adopted By-Law No. 148/2012 to establish the Winnipeg Police Board. The by-law was amended in November 2017 and again in November 2022.

What does the Winnipeg Police Board do?

- Seeks community input on policing priorities and public safety issues
- Considers community input to develop strategic plans and objectives for the Winnipeg Police Service
- Ensures the police budget is spent according to public priorities
- Acts as a liaison between the community and the Winnipeg Police Service
- Recommends for appointment and evaluates the performance of the Chief of Police
- Receives reports from the Winnipeg Police Service and provides same to the public
- Meets in public to be open and accountable

Board Composition

Who can be a Board member?

To be appointed by Council, a Board member must:

- Be a Canadian citizen or permanent resident (*the City of Winnipeg Council adopted an amendment to the Council Policy on Citizen Appointments to Boards and Commissions to allow for permanent residents to apply for positions on City of Winnipeg Boards and Commissions*)
- Reside in Winnipeg, and
- Be eligible to vote in municipal elections.

All Board appointments are for limited terms. Board members can have their appointments renewed for multiple terms, so long as they do not serve on the Board for more than eight consecutive years.

The Board has published a list of the competencies, skills and attributes that effective Board members should possess. That list is available for viewing at: <https://winnipeg.ca/clerks/boards/WpgPoliceBoard/pdfs/BoardMemberCompetencies.pdf>

The Police Services Act (Act) prescribes the size and composition of police boards in Manitoba. For the City of Winnipeg, the police board must consist of a minimum of seven members to a maximum of nine. Two of the members are to be appointed by the Lieutenant Governor in Council, and the other members are to be appointed by City Council.

The Winnipeg Police Board By-Law (“the By-law”) prescribes that the Board shall be composed of a minimum of seven members and a maximum of nine members, including the Chair and Vice Chair, and a minimum of five members and a maximum of seven members shall be appointed by Council as follows:

- The Mayor or his or her nominee, subject to ratification by Council, who shall also be appointed as Chair of the Board;
- a minimum of one and a maximum of two Councillors; and
- a minimum of three and a maximum of five members of the public.

The Act prescribes that the term of a council member on the police board ends when the person is no longer a member of the council; the term of a person appointed to the police board by council who is not a council member must be fixed in his or her appointment. The term of a person appointed to the police board by the Lieutenant Governor in Council must be fixed in the order appointing the person, and must not exceed four years.

The By-law prescribes that Council Appointees who are Councillors shall be appointed for a one (1) year term. Though, a Councillor may be a Board member only as long as they remain a Councillor. Council Appointees who are Citizens shall be appointed for a term not to exceed the lesser of three (3) years or the term of office of the Council that made the appointment.

The By-law was amended in 2022 by Council to allow the Mayor to be appointed to the Board, by Council, in a capacity other than the Chair. Mayor Gillingham has served as a Board Member since 2022.

THE WINNIPEG POLICE SERVICE BUDGET

Pursuant to:

- section 29(1) of *The Police Services Act* (PSA), the police board has the responsibility of providing the municipal council with an estimate of the costs required to operate the police service in the next fiscal year and any additional information the council considers necessary to enable it to assess the financial requirements of the police service.
- section 29(2) of the PSA, the council is responsible for establishing the total budget of the police service.
- section 29(3) of the PSA, the police board is responsible for allocating the funds that are provided to the police service under the municipal budget.
- section 19 of the *City of Winnipeg By-Law 148-2012*, (By-Law) the Board shall submit operating and capital estimates to Council that will show the amounts that will be required to maintain current service delivery for the Winnipeg Police Service including provisions for equipment and facilities. The format of the estimates, the period they cover, and the timetable for their submission shall be in accordance with City budget procedures.
- section 20 of the By-Law, the Board shall provide sufficient information to enable Council to determine the financing requirements of the Winnipeg Police Service including, if directed by Council, strategic plans, variance reports, capital plans and variance analysis. Council is responsible for establishing the total budget of the Winnipeg Police Service.

The Board submits estimates for the operating and capital budgets to City Council, along with any other budget information Council requires. The estimates must reflect an assessment of what it will cost to provide adequate and effective police services and that are in keeping with the objectives set out in the strategic plan. The estimate and any supporting materials shared by the Board help inform Council's decision of the amount of the total City of Winnipeg budget for the Winnipeg Police Service.

Key considerations for the Board throughout 2023 included:

- Council approved a 2% CPI increase for projections. Within the total budget, the City expected the Service to achieve approximately \$9.2 million expenditure management savings target for 2023.
- The addition of critical positions in the 911 Communications Centre without the associated funding;
- Inflation on fuel, fleet parts and equipment, and IT maintenance agreements;
- Growing demand for policing services relative to increasing number of calls for service and the increase in the population of the city;
- Volume of major critical incidents, escalating violent crime and complexity of investigations;
- Fine revenue from traffic enforcement continuing to trend down;
- Timing and outcome of the negotiation of new collective agreements that expired on December 31, 2021;
- Operating budget risks and unfunded capital projects.

Further details on the allocation of the Service's operating and capital budgets and its budget performance in 2023 can be found in the Board's meeting minutes, particularly in the Service's quarterly budget update reports. Meeting minutes and reports are available through the City of Winnipeg's Decision-Making Information System.

2023 Winnipeg Police Service Operating Budget		
Adopted Budget	Expenses	\$326,595,934
	Revenue	\$45,670,959
	Mill Rate Support <i>(Expenses less Revenue)</i>	\$280,924,975
2023 Winnipeg Police Service Capital Budget		
Adopted Budget	Capital	\$3,034,000

The WPS, for the fiscal year 2023, was under the adopted budget mill rate support amount by \$20.6 million.

Based on an actuarial valuation as at December 31, 2022, the employer contribution rate to the police pension was reduced from 21.78% to 8%. A Public Safety Basket Funding increase of \$5.3million and \$2.4 million in overtime and other salary savings contributed to the positive financial outcome for 2023. A shortfall of \$4.7 million in traffic enforcement, an expenditure management target of \$9.2 million, and the negotiated collective bargaining agreement increases that exceeded the budget by \$3.6 million partially offset the savings and extra revenue.

The Service’s audited statement of revenues and expenses is appended to this report.

Annual Report Requirements

The Winnipeg Police Board By-law no. 148/2012 requires the Board to issue an annual report at the end of each year that summarizes the Board's activities for the year. The report is submitted to Council for information through the Standing Policy Committee on Community Services.

The Policy and Procedure Manual for Manitoba Police Boards developed by the Manitoba Police Commission ("the MPC Manual") states that the Commission must receive a copy of the Board's annual report as well. It prescribes that the annual report must include the following information:

- a progress report on the strategic objectives, goals and/or tactics identified by the police board in their strategic plan;
- highlights of activities and achievements throughout the year;
- a breakdown of police service spending for the year; including the total amount of honoraria paid to each police board member
- a reporting of the number of police board meetings held in the fiscal year including private meetings; and
- the minutes of any regular meetings of the police board in the form of an appendix to the annual report.

The Winnipeg Police Board also includes audited statements on its spending for the year, which includes the remuneration paid to Board members.

Opinion

We have audited the summary of expenditures of The City of Winnipeg - Winnipeg Police Board, of the City of Winnipeg (the "City") for the year ended December 31, 2023 and the notes to the schedule (hereinafter referred to as the "schedule").

In our opinion, the accompanying schedule of the City for the year ended December 31, 2023 is prepared, in all material respects, in accordance with the financial reporting framework described in the notes to the schedule.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditor's Responsibilities for the Audit of the Schedule**" section of our auditor's report.

We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the schedule in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Financial Reporting Framework

We draw attention to note 1(a) in the schedule, which describes the applicable financial reporting framework. The schedule is prepared to assist the City to comply with the financial reporting provisions in The City of Winnipeg By-Law No 148/2012 dated November 28, 2012 and The City of Winnipeg By-Law No 100/2017 dated November 15, 2017. As a result, the schedule may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Matter - Restriction on Use

Our report is intended solely for the City and the Manitoba Police Commission and should not be used by other parties.

Responsibilities of Management for the Schedule

Management is responsible for the preparation of the financial statements in accordance with the financial reporting framework described in the notes, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the City's financial reporting process.

KPMG LLP, an Ontario limited liability partnership and member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. KPMG Canada provides services to KPMG LLP.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the schedule.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the schedule in accordance with The City of Winnipeg By-Law No 148/2012 dated November 28, 2012, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are/is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Statement of Revenues and Expenses
December 31, 2023

1. Nature of the organization:

Winnipeg Police Service, a department of The City of Winnipeg, has a mandate to ensure the safety of the lives and property of citizens; preserve peace and good order; prevent crimes from occurring; detect offenders; and enforce the law.

The City of Winnipeg (the "City") is a municipality that was created on January 1, 1972 pursuant to The City of Winnipeg Act, a statute of the Legislature of the Province of Manitoba (the "Province"). The City continued as a body corporate by virtue of the enactment by the Province of The City of Winnipeg Charter on January 1, 2003.

2. Significant Accounting Policies

The statement of revenue and expenses are prepared in accordance with Canadian public sector accounting standards.

(a) Basis of presentation:

These statements of revenue and expenses present the results of operations of the Winnipeg Police Service as if it has been accounted for on a stand-alone basis. Management has extracted the information used to prepare this statement of revenue and expenses from the consolidated financial statements of The City of Winnipeg.

This statement of revenue and expenses is not necessarily indicative of the results that would have been attained if the Winnipeg Police Service had been operated as a separate legal entity during the year presented.

The basis of accounting used in this statement of operations materially differs from Canadian public sector accounting standards because statements of financial position and cash flows are not included.
