

## Thank you to all citizens who attended our 2015 consultation meetings

On behalf of the Winnipeg Police Board, I would like to thank everyone who took the time to attend one of the six community consultation meetings we held this past May and June.

As promised, we will be considering all of the input and comments received when we update our strategic plan for the Winnipeg Police Service later this year. We value your feedback and take your input, comments, questions and concerns seriously, and are therefore publishing reports on each of our six community consultation meetings. The reports compile all of the input we received at each meeting, and are available on our [website](#).

If you believe the reports missed or misrepresented any of your comments, contact us at [wpb@winnipeg.ca](mailto:wpb@winnipeg.ca) and we will make any necessary corrections. We will consider any written feedback received by October 2015 for this year's update of the strategic plan. If you have any further comments you would like to share, please send us an e-mail. We encourage anyone who was unable to attend one of our meetings but has input to share to contact the Board as well.

Thank you again for making time to engage with us on the important topics of public safety, crime prevention and policing in Winnipeg. I look forward to reporting back to you on our progress.

Sincerely,

Scott Gillingham  
Chair, Winnipeg Police Board  
Councillor, St. James – Brooklands - Weston
