June 12, 2017

**Re: Your request for access to information under Part 2 of *The Freedom of Information and Protection of Privacy Act*: Application Numbers:  
17 05 372 & 17 05 373**

---

On May 15<sup>th</sup>, 2017, the City of Winnipeg received your request for access to the following records:

*An electronic list of names and breeds of dogs registered with the City of Winnipeg as of the receipt of this request. In the electronic list, please indicate the name of the dog, the breed and when the animal was registered.*

*An electronic list of names and breeds of cats registered with the City of Winnipeg as of the receipt of this request. In the electronic list, please indicate the name of the cat, the breed and when the animal was registered.*

I am pleased to inform you that your request for access to these records has been granted in part. Two spreadsheets have been provided containing the names and breeds of dogs and the names and breeds of cats currently licensed with the City of Winnipeg (as at June 1, 2017).

Unfortunately, we are unable to provide the date the animals were registered, as our software does not track or report this. The dates overwrite themselves when a renewal occurs. Accordingly, your request for access to this information is refused under paragraph 12(1)(c)(i) of *The Freedom of Information and Protection of Privacy Act*, as the records do not exist.

Subsection 59(1) of *The Freedom of Information and Protection of Privacy Act* provides that you may make a complaint about our decision respecting your request for access to

the Manitoba Ombudsman. You have 60 days from the receipt of this letter to make a complaint on the prescribed form to:

Manitoba Ombudsman  
750 - 500 Portage Avenue  
Winnipeg MB, R3C 3X1  
204.982.9130

If you have any questions regarding this response, please feel free to contact me at your convenience.

Sincerely,

---

Pamela Chaves  
Community Information Coordinator  
Community Services Department
