 - (b) loss to the Contractor in respect of Material required by the City to be purchased by him for the Work but not used thereon as a direct result of the diminution (e.g., restocking charges);

the Contractor shall be compensated therefor by the City in the sum or sums determined by the Contract Administrator.

- C7.7 If the method of valuation or measurement or the adjustment to the Contract Price cannot be promptly agreed upon and the Contract Administrator requires the Change in Work to proceed, then the Contract Administrator will determine the method of valuation and measurement and the adjustment to the Contract Price. The Contract Administrator shall issue a notice approving the Change in Work and setting out the method of valuation, measurement, and any approved adjustments to the Contract Price.

- C14.3 Any delay or failure by the City to perform its obligations under this Contract shall be excused, to the extent that the delay or failure is caused by an event or occurrence beyond the reasonable control of the City and without its fault or negligence, such as by way of example and not by way of limitation, strikes, lock-outs, or acts of God, provided that written notice of the delay shall be given by the City within seven (7) Calendar Days of the date on which the cause of delay arose.

- C15.4 If the Contractor fails to make any payment required to be made to the City pursuant to C15.2 and C15.3, the City shall be entitled to deduct the amount of such payment from any payment required to be made by the City to the Contractor under the Contract or take whatever other remedies against the Contractor that the City may have at law.
