Dear Tom:

The response is acknowledged. Thank you – it has been a pleasure working with the Program and this evolving and very interesting project.

Best regards

Jan

Jan;

Please find attached the Program's response to the EAP's latest letter regarding SEWPCC process selection. I apologize for my late response. The response takes the form of a copy of your letter, with the Program's remarks included.

This will conclude the EAP's involvement in the City's Wastewater Program. No further action by the EAP is warranted. We thank you for your work to date.

Regards;

Tom R. Pearson, P. Eng.

Project Director
