Comparison between FORM_N **-** WFPS RMS Requirements - v1.4 and **FORM_N - WFPS RMS Requirements - v1.5 documents**

Summary:
1. NO Requirement wordings were altered.
2. There were a number of requirements listed in both the mandatory and either the non-mandatory or desired categories. These were duplicates, NOT omissions.
3. Duplicates were removed in version 1.5
4. It was also noted during this review that there were a few items with non-unique numbers. These were also amended in version 1.5. Amendments added a sub-number to the end of the existing number to make the requirement numbering unique. The main components of the number were not altered.
