PART D – SUPPLEMENTAL CONDITIONS

- Revise: D6.3.4 to read: The successful proponent will coordinate with Public Works staff and the TMP - Core Framework Study external consultant working with the VISUM planning model to employ its Truck Sub-model to the maximum extent possible to accomplish analysis related to truck movements within the transportation network as per the tasks outlined in D6.3 to D6.5.
- Revise: D6.3.5 to read: The proponent will also be responsible for drafting a work plan that outlines the development of a new analytical modelling tool that will reflect current state-of-practice in comprehensive future goods and freight travel demand forecasting. The development of this new model will aid in evaluation various proposed transportation policy and infrastructure options / scenarios recommended both as part of the Transportation Master Plan – Goods Movement Study and by the Transportation Master Plan – Core Framework Study.
