QUESTIONS AND ANSWERS

Q1: Will any required asbestos abatement be handled by the City of Winnipeg?

A1: The procurement and scope for any asbestos abatement will be managed by the City. The Proponent should consider the impacts of 3rd party asbestos abatements to their scope of services. An asbestos inventory has been added to the RFP as Appendix D.

Q2: If additional scopes of work are anticipated outside those listed in the RFP, can they be listed as separate prices in the document without causing the proponent to be disqualified?

A2: Other issues or opportunity will be evaluated in accordance with B12.4 (h). Separate prices will be considered as extra information and will not cause disqualification. Only the Fixed Fee will be evaluated in accordance with B9.
