

# City of Winnipeg Current Network Infrastructure - 2006

NOTE 1: Each location is serviced by a 100 MB fiber connection limited to 10MB except for Millennium which has 100MB service to both the contracted and City fiber services.

NOTE 2: Each location has a minimum of 4 VLANs operational for library use except Pan Am.

NOTE 3: The VLANs are consistent across all locations except Pan Am.

NOTE 4: Public Wireless VLAN will use the contracted Internet service exclusively if required.
