TOTAL BID PRICE (GST and MRST extra) (in figures)\$ _____

(in words) _____

 Name of Bidder

NOTE: The Bidder is advised that the quantity for Item No. 1 is highly variable from year to year as the majority is used as standby fuel for a location on interruptible natural gas supply (see E2.2.1).

FORM N: PRICE ADJUSTMENT MECHANISM
(See B9)

SUPPLY AND DELIVERY OF PROPANE

Prices for Items No. 1 to 11 on Form B: Prices, for October 1 to 31, 2006, are based on the following price adjustment mechanism:

REFERENCE BENCHMARK: (See Note 1.)	
REFERENCE PRICE: (See Note 2.)	
DATE / TIME PERIOD: (See Note 3.)	
SAMPLE CALCULATION: (See Note 4.)	

Notes:

1. **REFERENCE BENCHMARK:** Identify the Reference Benchmark or index, f.o.b. point and, if a third party report or publication, the data source, e.g., "Conoco at Winnipeg" or "Propane @ Edmonton – Average of 5 reported by Lasso Information Services Ltd."
2. **REFERENCE PRICE:** Identify the Reference Price used to calculate the bid price on Form B: Prices, e.g., "\$258.67/m³". If the Reference Price is posted in other than Canadian dollars per cubic metre or per litre, identify the currency exchange rates used (index, rate, date and data source), e.g., "Monthly average daily noon rate, United States dollar, 1.31177143, August 2006, Bank of Canada", and/or the conversion factor for the unit of measure, e.g., "US Gal = 3.785 litres".
3. **DATE / TIME PERIOD:** Identify the date or time period for which the Reference Price was reported or calculated, e.g., "September 20, 2006" or "weighted average for August 2006".
4. **SAMPLE CALCULATION:** If the proposed Price Adjustment Mechanism is not in accordance with B9.1, provide a sample calculation demonstrating how prices will be adjusted as the Reference Price changes.
