- B9.3 The Bidder shall be prepared to submit, within three (3) Business Days of a request by the Contract Administrator, a written record of the proposed indices for at least the most recent thirty-six (36) month period available.

Option 1 - Price Indexed to Crude Oil Price

- B9.4 If the Bidder is submitting a bid based on Option 1 - Price Indexed to Crude Oil Price, he shall complete Form N: Price Adjustment Mechanism – Option 1 - Price Indexed to Crude Oil Price.
- B9.5 Effective the first Calendar Day of each month, the fuel price component of each Total Unit Price shall be increased or decreased by one ten-thousandth of a dollar per litre (\$0.0001/L) for each tenth of a dollar per cubic metre (\$0.10/m³) increase or decrease in the weighted average crude oil price for the index identified by the Bidder on Form N: Price Adjustment Mechanism – Option 1 - Price Indexed to Crude Oil Price (e.g., if the September price is based on the weighted average crude oil price for the month of July, the fuel price adjustment for October would be calculated from the change in weighted average crude oil price from the month of July to the month of August).
- B9.6 In addition to any increase or decrease pursuant to B9.5, the fuel price component of each Total Unit Price shall be increased or decreased by the amount of any applicable Other Price Adjustments identified by the Bidder on Form N: Price Adjustment Mechanism – Option 1 - Price Indexed to Crude Oil Price.

- B9.6.2 If it is not clearly identified whether a price adjustment is an increase or a decrease, it will be interpreted that the Bidder proposes the adjustment as an increase.
- B9.7 Unless otherwise stipulated by the Bidder in the Bid Submission, all calculations shall be rounded to the nearest one ten-thousandth of a dollar per litre (\$0.0001/L).

Option 2 - Price Indexed to Product Price

- B9.8 If the Bidder is submitting a bid based on Option 2 - Price Indexed to Product Price, he shall complete Form N: Price Adjustment Mechanism – Option 2 - Price Indexed to Product Price.

- B9.10 In addition to any increase or decrease pursuant to B9.9, the fuel price component of each Total Unit Price shall be increased or decreased by the amount of any applicable Other Price Adjustments identified by the Bidder on Form N: Price Adjustment Mechanism – Option 2 - Price Indexed to Product Price.

- B9.12.1 The Bidder may use Option 3 to supplement a bid based on Option 1 or Option 2 with a price adjustment mechanism for delivery costs.
- B9.13 Alternative price adjustment mechanisms must:

 - (d) provide notice to the Contract Administrator at least one (1) Business Day prior to the effective date of each price adjustment; and
 - (e) be determinable, i.e., conditions such as "to be determined" or "to be negotiated" will be deemed non-responsive.
