### **PART E – SPECIFICATIONS**

Revise: E2.3.1(a) to read: The Contractor will be responsible for pedestrian traffic control at the Site acceptable to the Contract Administrator.

Revise: E2.3.1(b) to read: For vehicle traffic control in the immediate Work area, the City of Winnipeg, Traffic Services Department will supply, erect and maintain all applicable traffic control devices in accordance with the provision contained in the latest edition of the "Manual of Temporary Traffic Control in Work Areas on City Streets", issued by the City of Winnipeg.

Revise: E2.3.1(c) to read: The Contractor shall provide and maintain flagmen in accordance with the above-mentioned manual, if required.

Delete: E2.3.1(e)

Delete: E2.3.1(f)

Revise: E2.3.2(a)(ii) to read: Two northbound lanes must be maintained to provide a northbound through lane and a left turn onto Marion Street. This shall be accomplished by shifting the northbound left turn lane onto the southbound centre lane and shifting the northbound through lane onto the northbound centre lane. Maintain a northbound right turn movement for automobiles and small trucks. Southbound traffic will be limited to one southbound lane south of Marion Street.

Add: E2.3.2(a)(iii) The City of Winnipeg, Traffic Services Department will perform the following traffic signing at the Archibald Street and Marion Street intersection: placement of temporary regulatory signs; signage required for the diversion of traffic across the existing centreline; and signage for the modification or banning of any existing traffic movement

through the intersection. The Traffic Services Department will require 48 hours notice for any changes required in signage.

Add: E2.3.2(a)(iv) Contractor to ensure that the traffic lanes are clean and free of debris when they are opened.

Revise: E3.4.2(c) to read: The existing abandoned water main located under the sidewalk at the location of the removal/replacement shall be removed within the limits of the excavation and disposed of by the Contractor. Ends of the remaining pipe shall be plugged with concrete.
