PART D – SUPPLEMENTAL CONDITIONS

Add: D13

ACCESS

D13 Access to Terminal 2

D13.1 Terminal 2 is part of an existing City facility identified as the Deacon Booster Pump Station.

D13.2 Access to Terminal 2 (as specified in E4) is through the construction site of the Water Treatment Plant. AECOM Canada Projects (CM) Ltd. is the prime contractor for the construction of the Water Treatment Plant. The Contractor's personnel accessing Terminal 2 shall attend a Site orientation conducted by AECOM Canada Projects (CM) Ltd. An access card pass will be issued to each worker, which must be presented to the Site security at the access gate on entering and exiting the construction Site.

D13.3 In addition to reporting to security, the Contractor shall also comply with any Site evacuations initiated in relation to the chlorine car, the chlorine car contents or chlorine car deliveries.
