

LOCATION PLAN
N.T.S.

Context and Design Approach:

Bramble Park is located off Grant Avenue and is fronted by Bramble Drive. The park backs onto the Royal Elementary School grounds and commercial buildings are located across the alley to the south. The site is well treed and naturally divided by the vegetation running East - West across the site. Our approach was to use this division to create two rooms on the site, one for active play, and the other for passive recreation. Due to the close proximity of Royal Elementary school and its playground, we recommend that the play equipment for Bramble Park be aimed at children aged 2-5. Some of the existing Kompan play equipment should be reused.

Play Structure Area 'B' to contain:

- One Kompan "Tower" Play structure to accommodate children ages 2 to 5.
- Relocated Kompan Kids table and maintain Kompan Spring toy in its current location.

Swing Area 'A' to contain:

- One Swingset with 2 bays (1 Bay Belt Seats, 1 Bay Baby Seats).
