Revise: E11.3 to read:

The Contractor shall provide the Contract Administrator with a list of all equipment, including identification numbers, to be used in the execution of this Contract, at least one month prior to starting the Contract. Whenever an addition or deletion is proposed, the Contractor shall notify the Contract Administrator in writing, one calendar week prior to this change actually taking place. Under emergency conditions caused by equipment breakdown, snow storms or similar conditions, same day notice shall be considered adequate. Equipment not previously identified to the Contract Administrator may not be allowed to dispose of collected material at no charge, to the disposal site identified in E25.
