PART E – SPECIFICATIONS

Revise: E3.4 to read:

Boulevard cuts at each Work location will normally be within 150 mm above or below the final elevation of cut restoration after sodding. The Contractor will notify the City of any locations where the existing cuts exceed these limits and will schedule Work to allow reasonable time for the City to conduct inspection to determine if boulevard adjustment is required prior to the Contractor commencing Work at such described locations. Payment for boulevard adjustment will be made at the unit price bid per square meter and all work herein described shall be considered as incidental to the contract and no further compensation will be considered.
