---

**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 9 of Form A: Proposal may render your Proposal non-responsive.**

---

#### **PART B – BIDDING PROCEDURES**

Revise: B7.12 to read Persons or organizations engaged to perform professional services related to preliminary or detailed design on this Project, in the capacity of Consultant or Subconsultant, will not be eligible to respond to the subsequent bid opportunity for the construction phase of the Project unless the City elects to pursue a design build methodology.

Add: B9.10 Further to B9.3(a), the effort required to complete the provision of P&ID Drawings for all the facilities will be highly dependant on the outcome of an ongoing separate initiative to update the City's P&ID and Identification Standards. It is anticipated that the City's P&ID and Identification Standards will be completed prior to the award of the "PLC Replacement and Power Reliability Upgrades Preliminary Design". Upon the award of the "PLC Replacement and Power Reliability Upgrades Preliminary Design", the City shall meet with the successful Proponent to review the new P&ID and Identification Standards. The scope of work for the provision of P&ID Drawings (currently defined in Section D5.3 (e) and D5.8) will be reassessed with input from the successful Proponent. At that time, the City may adjust the amount of hours allotted to this portion of the Work.

#### **APPENDIX C – RELEVANT DOCUMENTS**

Add: 2. The following Documents are available on a CD for pickup at 1199 Pacific Avenue through the Project Manager identified in D2.

- P&ID's of all the facilities
- Lists of I/O points
- Network diagrams
