---

#### **PART D – SUPPLEMENTAL CONDITIONS**

Revise: D3.2 to: The current total landfill area, including methane buffer zones, is 1194.02 hectares. In 1985 the City of Winnipeg initiated a five year Landfill Environmental Program, which has continued as the Environmental Monitoring Program. Some methane buffer zones were reduced after analysis of monitoring results. In 1992 the City of Winnipeg commissioned a Landfill Disposition Study which further informed landfill monitoring and management.
