QUESTIONS AND ANSWERS

Q1 Regarding Section E3.21(a), does the requirement to include 5 years of maintenance mean that maintenance coverage would be for a 5-year period from the start of the contract or that each item would have 5 years of maintenance included from the date of its installation? For example, if an item was acquired in January 2017 (as part of the future requirement) would it need to have maintenance coverage that would not end until January 2022?

A1 Each item shall have maintenance for 5 years from date of installation. An item acquired in January 2017 shall have maintenance until January 2022.
