APPENDIX 1

delviro energy

The Delviro Energy series of LED luminaires was designed and built with high performance, efficiency, and cost-effectiveness in mind. Delviro Energy products provide higher efficacy, longer lifetime, and more reliable light than conventional lighting products. Our fixtures have been designed and built to exceed the performance of CFL and HID light sources while using less power. Our proprietary board designs are extremely well-equipped for all types of light-on-demand applications. Unlike traditional CFL and HID luminaires, Delviro Energy products can be instantaneously and smoothy dimmed without affecting the life of the fixture. Delviro Energy fixtures are solid state solutions for the commercial and industrial lighting markets.

ZOOM LIGHT *LED*

ZOOM LIGHT LED

SPECIFICATIONS/FEATURES

- Retail Lighting fixture.
- Up to 17,760 lumens.
- Up to 130 lm per watt efficiency.
- Color Temp: 3000K, 3500K, 4000K, 5000K
- 120/277 or 347/480 VAC
- 0-10V dimming included
- Optional 93 CRI.
- 150,000+ life hours (L70).
- Proprietary LED Board Design for uniform power and full lifespan.

**10 Year Warranty**

MADE IN CANADA

AVAILABLE SIZES:

16" clear, 16" aluminum
22" clear, 22" aluminum

MODEL	LPW	ACTUAL INPUT WATTS	LUMENS	VOLTS
