Future Budget Challenges

- Our past reliance on non-recurring one-time revenues and deferral of spending and maintenance costs is non-sustainable.
- Overall, this has resulted in the City's tax supported budget having a structural deficit: sustainable revenue streams do not cover required expenditures.
- Operating and Capital Budgets
 - New long-term growth revenue sources will be required in the future to address the growing structural deficit.
 - Winnipeg's infrastructure deficit is estimated at \$7 billion.

Council Recommendations - Adoption of the 2015 Budget

COUNCIL DECISION (March 23, 2015):

Council concurred in the recommendation of the Executive Policy Committee, as amended, and adopted the following:

OPERATING BUDGET RECOMMENDATIONS

1. That the following recommendations with respect to the 2015-2017 Operating Budget be approved:
 - A. i. That the 2015 Operating Budget, including the budgets for reserves (Appendix 3), tabled at the Executive Policy Committee on March 3, 2015, be approved with the following amendments:
 - a. That a grant of \$5,000 be approved to Mediation Services in 2015 only.
 - b. That the \$29,750 grant to Heritage Winnipeg be increased by \$5,000 in 2015 only for a total of \$34,750.
 - c. That the “Southwest Transitway (Stage 2) and Pembina Highway Underpass” project be renamed as “Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass”.
 - ii. That the 2016 and 2017 projections be received and submitted to Council as information on the preliminary financial plans for those years.
- B. That the City’s mill rate be increased by 2.3% resulting in a mill rate of 13.682 in 2015, for the purpose of raising revenue as required for the annual operating estimates, including a 1% property tax increase dedicated to the renewal of local streets, lanes and sidewalks, and a 1% property tax increase dedicated to the renewal of regional streets and sidewalks and a .3% property tax increase for general operations.
- C. i. That the City’s business tax rate be decreased from 5.7% to 5.6% for 2015; and
ii. That Council enact the attached Small Business Tax Credit by-law under Subsection 219(2) of the City of Winnipeg Charter, which will provide a full rebate of municipal business taxes for businesses with an annual rental value of \$30,000 or less in 2015.

- D. That the combined uniform rate for the Street Renewal Frontage Levy be increased from \$3.75 per frontage foot to \$4.35 per frontage foot (an increase of 60 cents per frontage foot, consistent with estimated construction inflation since the last increase in 2011), proportionately divided between the water main and sewer main rates on the basis of the current rates, to be used for upgrading, repair, replacement and maintenance of streets and sidewalks.
- E. That the fees (Appendix 9), levies, and transfers between funds outlined in the 2015 Operating Budget be approved.
- F. That commencing on the date of the opening of the Brady Road 4R Winnipeg Depot, the 4R Depot access fee of \$5 be waived and that the Public Service bring forward to Council an alternative fee structure for 2016.
- G.
 - i. That effective April 1, 2015 the Planning, Development and Building Fees By-law No. 77/2009 be amended to increase all fees and deposits imposed by the By-law by 2%, over and above inflation previously approved, and subject to rounding to the nearest \$1.
 - ii. That whenever a fee or deposit imposed by or determined in accordance with this By-law is paid entirely by cash, cheque or debit card, the amount of the fee or deposit is reduced by 2%.
- H. That \$5,500,000 in prior years' tax supported cash to capital surplus including that identified in the 2014 capital review (Appendix 5C), due to projects coming under budget, be utilized to reduce the transfer to the General Capital Fund in the 2015 tax supported operating budget.
- I. That a transfer from the General Purpose Reserve Fund to the General Revenue Fund be made in 2015 based on the balance in the General Purpose Reserve Fund after the year end surplus is transferred, to a maximum of \$724,000. If the reserve balance is not sufficient to make the \$724,000 transfer, any shortfall will be addressed during 2015.
- J. That a transfer from the Land Operating Reserve to the General Revenue Fund be made in 2015 to a maximum of \$7.435 million provided the Reserve's unallocated equity balance does not enter into a deficit position. Should the unallocated equity balance be such that the full \$7.435 million transfer cannot be made, any shortfall will be addressed during 2015.
- K. That a transfer from the Financial Stabilization Reserve Fund to the General Revenue Fund be made in 2015 based on the balance in the Financial Stabilization Reserve Fund after year-end adjustments to a maximum of \$4.2 million.

- L. That the target level for the Financial Stabilization Reserve Fund be changed from 8% to 6% of tax supported expenditures and that \$5 million be transferred from the Financial Stabilization Reserve Fund to the General Revenue Fund in 2015 to address the operating budget structural deficit in 2015.
- M. That the Utility Dividend Policy be amended to have the dividend payment to the City increase from 8% to 12% of budgeted Gross Sales, which will be transferred to the City each year.
- N.
 - i. That a new Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve be established in accordance with Section 289 of the City of Winnipeg Charter;
 - ii. That the Director of Transit be the Fund Manager;
 - iii. That the purpose of the reserve be to set aside funding for the P3 annual service/ financing payment commencing in 2020 for the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass capital project;
 - iv. That the funding source from the City be a combination of dedicated property tax revenue transferred from the General Revenue Fund and a one-time fare increase in 2016 and an annual grant from the Province starting in 2020 (see Recommendation O below); and
 - v. That a 2/3 vote of Council is required in order for the use of funds to be other than those stipulated.
- O. That Council approve a combination funding plan for the annual service/financing payments for the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass capital project as noted in Appendix 7 including;
 - i. An annual .33% property tax increase beginning in 2016 for 10 years dedicated to financing the annual service/ financing payments for the project through the new reserve (see Recommendation N above),
 - ii. A one-time 5-cent fare increase implemented in 2016, over and above any regular fare increase, to flow annually directly into the new reserve above, and that the City negotiate with the Province of Manitoba that the full amount of this fare increase be available annually to fund the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass annual service/ financing payments, and
 - iii. An annual grant from the Province starting in 2020 (negotiations in accordance with the Government of Manitoba-City of Winnipeg Transit Funding Agreement).

- P. That the Southwest Rapid Transit Corridor – Stage 2 Reserve be renamed the Southwest Rapid Transit Corridor Reserve.
- Q. That the Public Service continue to implement Asset Management and Project Management best practices and incorporate recommendations from recent internal audit reports and that Council approve the permanent staffing resources as noted in Appendix 8.
- R. That Council approve an operating grant in the amount of \$11.376 million in 2015 to the Assiniboine Park Conservancy (APC), including \$1 million to be immediately applied to the APC line of credit, and that this grant be subject to the Lease and Funding Agreement being amended to allow 2016 to be the year the baseline operating grant be re-determined, rather than 2015.
- S. That a one-time transfer of up to \$307,000 from the General Revenue Enterprises Fund (Gail Parvin Hammerquist balance) be made in 2015 to the Heritage Investment Reserve (the Reserve) to address the estimated year end deficit in the Reserve and that the Public Service come forward for Council approval in 2015 with a long term sustainable funding plan for the Reserve.
- T. That Council include in the 2017 projections an operating grant to the Louis Riel School Division (in trust for Dakota Alumni Field) of up to \$600,000 in support of the Alumni Field Capital Campaign (Dakota). The Public Service to earmark \$600,000 of proceeds from the City/ Qualico River Park South Joint Venture to fund the City contribution, subject to the proponent providing confirmation of at least matching funding from sources external to the City of Winnipeg.
- U. That the Ma Mawi Wi Chi Itata Centre - Positive Athletic Cultural Experience (PACE) grant for \$45,000 in 2015 and \$60,000 in future year 2016 and 2017 projections be paid from the Community Services Department from within existing budget amounts and that the Aboriginal Youth Strategy - Internal City of Winnipeg Projects in the Corporate Support Services Department be increased by such corresponding amounts.
- V. That the Library Technology Reserve be closed as it has a zero balance and is no longer being used.
- W. That the City be required to enter into grant agreements for all grants in an amount of \$25,000 or higher approved by Council in the 2015 operating and capital budgets and be authorized to enter into grant agreements for all grants in an amount of less than \$25,000 approved by Council in the 2015 operating and capital budgets, and that the Chief Administrative Officer be delegated the authority to negotiate and approve the terms and conditions of such grant agreements in accordance with such Council approval and such other terms and conditions deemed necessary by the City Solicitor/ Director of Legal Services to protect the interests of the City.

- X. That the Chief Financial Officer be delegated the authority to restate the budget subsequent to adoption to reallocate amounts to departments to reflect Council’s ratification of collective agreements as well as the following corporate cost reduction measures on a budget neutral basis;
- i. Innovation savings in the amount of \$2.19 million (updated from preliminary budget of \$2.18 million, including amounts from recommendation 1. A. i. a and 1. A. i. b.)
 - ii. Expenditure management savings in the amount of \$837,290 (updated from preliminary budget of \$500,000, including amounts from recommendations 1. Z., 1. AA. and 1. BB.)
- Y. That the Director of Legal Services and City Solicitor be requested to submit the necessary by-laws and policy amendments to implement the above recommendations.
- Z. That the 2015 Preliminary Operating Budget be amended \$177,290 by restoring the reduction for Downtown and Image Route Flower Planting in 2015, and deleting the Legal Services Outdoor Patio/Leave and License Agreements Fee;
- and that the funding source for Downtown and Image Route Flower Planting be the Expenditure Management account.
- AA. That the 2015 Preliminary Operating Budget be amended to include a one-year extension to provide a \$60,000 grant in 2015 for the East Winnipeg Sports Association – John Buhler Recreation Park;
- and that the funding source for the East Winnipeg Sports Association – John Buhler Recreation Park Grant be the Expenditure Management Account.
- BB. That the 2015 Preliminary Operating Budget be amended by restoring \$50,000 of the reduction for pool service realignments in 2015, and directing \$50,000 to the marketing and promotion of pool services, for a total of \$100,000; and that the funding source for Pool Services be the Expenditure Management account.
- CC. That in light of the cost savings to the said Water & Waste utilities due to the delayed re-opening, that Variety, The Children’s Charity of Manitoba, Inc. on behalf of Variety Heritage Water Park located at the Forks receive a grant in 2015 in an amount equal to its 2015 water consumption up to a maximum of \$35,000 from Water & Waste utilities and;

Subsequently on July 15, 2015 Council replaced recommendation 1. CC. with:

That in light of the cost savings to the said Water & Waste utilities due to the delayed re-opening of the St. Vital outdoor pool, that Variety, the Children's Charity of Manitoba, Inc. receive a grant from the Water and Waste Utilities in 2015 in an amount equal to the 2015 water and sewer costs for water consumption at Variety Heritage Water Park located at the Forks up to a maximum of \$35,000 and;

That the City enter into a grant agreement with Variety, The Children's Charity of Manitoba, Inc., and the Chief Administrative Officer be authorized to negotiate and approve the terms and conditions of such grant agreement in accordance with the foregoing and such other terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

Budget Process

- | | |
|--|---|
| <p>STEP 1</p> <p>Public
Consultation</p> | <ul style="list-style-type: none">Public budget consultation was undertaken for the budget. The Budget Consultation process allowed citizens to provide feedback through various means, including public workshops, an on-line survey, or written submissions. An annual citizen survey was also undertaken. |
| <p>STEP 2</p> <p>Initial
Development</p> | <ul style="list-style-type: none">The previous year's adopted budget, adjusted to reflect recent City Council approvals and any new developments, forms the starting point for budget development.Budgets are updated by the departments and submitted for administrative review and corporate compilation. |
| <p>STEP 3</p> <p>Table
Preliminary
Budgets</p> | <ul style="list-style-type: none">The Executive Policy Committee has responsibility for budget development.The Preliminary Operating and Capital Budget is tabled at a meeting of Executive Policy Committee. |
| <p>STEP 4</p> <p>Committee
Review</p> | <ul style="list-style-type: none">The Executive Policy Committee refers the preliminary operating and capital budget to the City's Standing Policy Committees for review and recommendations. Each Standing Policy Committee - Protection and Community Services, Infrastructure Renewal and Public Works, and Property and Development - reviews the part of the budget related to its jurisdiction. The Committees hear presentations by departments. Members of the public may also make presentations at these meetings.The Executive Policy Committee provides for delegations from the public and reviews the recommendations from the Standing Policy Committees. Recommendations are finalized by the Executive Policy Committee and forwarded to Council. |

STEP 5
**Council
Approval**

- Council debates, amends, and adopts the operating and capital budget received from the Executive Policy Committee.
- Council then passes a by-law to set the mill rate for the operating tax-supported budget.
- Council also gives first reading, if required, of a borrowing by-law to externally finance the capital program. In accordance with legislation, approval of the borrowing is then requested of the Provincial Minister of Finance. Once authorization is received from the Minister, Council gives second and third readings of the by-law before it is passed.
- Council must adopt the operating budget no later than March 31 each year, and the capital budget and five-year forecast by December 31 each year, as required by “*The City of Winnipeg Charter*”.

Budget Amendments

Operating Budget Amendment Process

From time to time during the year, it may be necessary to amend the operating budget for new programming or existing programming. New programming must be approved by Council. The Standing Policy Committee on Finance is the body authorized to approve the addition of budgeted amounts to existing programming. The Public Service has some flexibility.

Capital Budget Amendment Process

From time to time during the year, it may be necessary to amend the capital budget. Any new capital project, whether funded by surpluses from other projects or by new funding, must be approved by Council. Additional borrowing authority must be approved by the Minister of Finance of the Province of Manitoba and enacted through a by-law of Council.

A Standing Policy Committee of Council can approve transfers of budgets between existing capital projects. If the transfer is smaller than \$100,000 or 25% of the budget being increased (whichever is the lesser), the transfer can be approved by the Public Service.

Roadway Snow Removal and Ice Control

Includes:

- *Regional Streets Snow and Ice Removal*
- *Local Streets Snow and Ice Removal*
- *Sidewalk Snow and Ice Removal*
- *Park & Facility Snow and Ice Removal*
- *Snow Disposal Sites*

Description

Undertake effective roadway snow and ice control services in order to provide safe and accessible conditions on city streets and sidewalks during the winter season.

Key Goals

1. To provide the citizens of Winnipeg with safe and accessible roadway infrastructure during the winter months by delivering efficient and effective snow and ice control services.
2. To implement Best Management Practices for the municipal use of road salt for snow and ice control in winter months in accordance with Environment Canada's Code of Practice for Road Salt Management.
3. To work closely with the private sector to ensure there is a sustainable quantity of private sector equipment to assist the City in carrying out the winter snow clearing operations.
4. To examine various options for the provision of snow disposal sites and develop a long term strategy to provide this service in a cost-effective manner in the future.

Public Transit

Includes:

- Regular Transit
- Handi-Transit
- Chartered and Special Events Transit

Description

To plan, develop, and operate public transportation service in Winnipeg that:

- Provides mobility for those who do not or choose not to use other modes;
- Provides weekday peak period service levels that minimize the City's requirement for investment in roadway and bridge infrastructure;
- Reduces pollution generated by the overall urban transportation system; and
- Reduces energy use by urban transportation.

To provide a parallel public transportation service for people who are legally blind or who cannot use the regular transit system because of a physical disability.

Key Goals

1. Improve accessibility, mobility, comfort, convenience, and safety.
2. Improve speed, reliability and ridership.
3. Improve environmental sustainability.
4. Improve productivity.
5. Improve passenger information.
6. Improve service reliability. (Handi-Transit)
7. Improve productivity. (Handi-Transit)
8. Improve customer relations. (Handi-Transit)

Solid Waste Disposal

Description

The Brady Road Resource Management Facility is the only active landfill for the City of Winnipeg and takes all of the City's residential garbage and some of the commercial garbage.

In 2013, the amount of garbage collected and landfilled through the residential collection program decreased 21% from 2011 tonnage, the last full year of the old collection service.

The facility is open every day of the year except for New Year's Day, Remembrance Day, and Christmas Day.

This area also includes the maintenance and environmental monitoring of the 33 closed landfills within the City.

Key Goals

1. To improve the state of the environment / public health.
2. To increase opportunities to reduce the amount of material landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.
7. To initiate landfill gas recovery projects to reduce greenhouse gases.

Recycling and Waste Diversion

Includes:

- *Recycling*
- *Waste Diversion*

Description

2013 was the first full year of implementation of the Comprehensive Integrated Waste Management Strategy (CIWMS), which aims to increase the waste diversion rate from 15% prior to the plan's implementation to over 50%. The waste diversion rate in 2013 was 28.1%, far surpassing expectations in the first year of the program, and is a 55% increase since the implementation of the new services.

The new services include weekly collection of recycling carts from all single-family homes, and biweekly curbside collection of leaf and yard waste.

In 2013, the windrow-style yard waste composting facility was constructed. The composting pad is 11 hectares and is capable of processing more than 25,000 tonnes of yard waste annually.

In 2013, waste minimization services included waste diversion depots (Chip In depots and seven general use recycling depots around the City). The division also supports Giveaway weekends, a backyard composting program, and other educational initiatives.

Programs related to household hazardous waste, electronic waste and used oil recycling are regulated by the Province of Manitoba and managed by product stewards.

The Brady Road Resource Management Facility is the future home to the first 4R Winnipeg Depot.

Key Goals

1. To improve the state of the environment / public health.
2. To increase the opportunity to reduce the amount of material being landfilled.
3. To exceed our customers' needs and expectations.
4. To increase the efficiency and effectiveness of our services.
5. To implement best practices throughout the Department.
6. To maintain a high quality safe working environment for our staff.

Description

To enhance the quality of life for citizens and visitors by providing services that focus on maintenance, preservation and stewardship of parks, open spaces, the urban forest and natural areas.

This service includes park, boulevard, and open space maintenance; litter collection; athletic field maintenance; pathway maintenance; park planning and development (shared with Planning, Property and Development); tree planting, pruning, removal; Dutch Elm Disease control (inspection, removal, disposal, public education); weed control (inspection, serving of weed notices); natural areas management (replanting of native species, controlled burns, native and invasive species monitoring, education); playground equipment inspection and repair; and winter amenity maintenance (knock-down hockey rinks, pleasure skating rinks/ponds, toboggan slides/hills, park pathway snow clearing, cross-country ski trails and speed skating oval maintenance).

Key Goals

1. Maintain and improve parks, athletic fields, playgrounds and related amenities to meet community leisure needs and interests.
2. Provide natural environment and conservation education.
3. Preserve and enhance natural areas across the City's park and open space system.
4. Protect and enhance the urban forest through effective tree care practices and replacement planting.
5. Invest strategically in new and existing infrastructure.

City Beautification

Includes:

- Litter Collection
- Public Gardens / Landscaping
- Ornamental Lighting / Flags & Banners / Public Art
- Graffiti Control
- Regional Street Cleaning
- Local Street Cleaning

Description

To provide citizens and visitors with flower gardens, streetscaping, cleanliness, graffiti control and public art in order to promote the aesthetic appeal of the City of Winnipeg.

Key Goals

1. Maintain and continuously improve image route streetscaping to contribute to the beautification of our city.
2. Continue to beautify the city through enhanced floral displays, streetscaping, street cleaning and other clean and green initiatives.
3. Reduce graffiti occurrences through ongoing education and awareness while improving the level of service for graffiti removal through partnerships with volunteer community groups and maintaining a database for tracking graffiti incidents.

Winnipeg Fleet Management Agency (SOA)

Description

Winnipeg Fleet Management Agency provides economical, state-of-the-art, safe and eco-friendly fleet vehicle, equipment and other asset management services to The City of Winnipeg and other public sector organizations, in support of their service delivery. The Agency delivers the following comprehensive fleet management services:

1. Specification, inspection and contract administration
2. Insurance, licensing and registration
3. Manufacturing and fabrication
4. Seasonal and short-term rentals
5. Surplus sales and disposal
6. Fleet supply with maintenance lease
7. Fuel
8. Repair and maintenance
9. Operator training and accident reporting; funded by the Agency, outsourced to and independently managed by the Public Works Department.

Key Goals

1. Provide planned, and unscheduled, fleet vehicles and equipment to City departments, meeting operational performance, environmental, and safety requirements.
2. Maintain Fleet Service Centres to support the City's geographically dispersed and varying fleet, providing superior customer service, reliability and safety.
3. Manage the City's fuel distribution system on a day-to-day and emergency basis, providing a safe, dependable and convenient fuel supply.

City Planning

Includes:

- *Area Development & Renewal Planning*
- *City-wide Long Range Planning*

Description

To support development in the natural and built environment through the provision of a full range of land use planning services to community residents, employers, businesses and land developers in order to balance competing interests without bias and in the best interest of the City overall. The City Planning service works to:

- Support development that is economically, socially and environmentally sustainable and that is responsive to community values.
- Develop plans that make external investment decisions easier and internal investment decisions [services and infrastructure] wiser.

Key Goals

1. Ensure the City of Winnipeg has an adequate supply of land that is zoned and serviced to accommodate projected residential and commercial growth.
2. Accommodating growth where there will be the most effective and efficient use of municipal infrastructure and provision of services.
3. Manage a high-volume of land use issues in existing neighbourhoods in a competent, coherent and cohesive way.
4. Ensure fair and consistent interpretation and application of Council's land use policies and regulations.

Neighbourhood Revitalization

Includes:

- Community Development

- Housing Initiatives

Description

Provide neighbourhood residents with tools and support to build resilient, healthy communities and to promote and deliver community based projects and programs that support sustainable neighbourhoods and healthy communities. This service is provided jointly by the Planning, Property and Development, Community Services, and Corporate Support Services. Service activities include the administration of Council's neighbourhood and housing programs including, but not limited to:

- Aboriginal Relations
- Housing Renewal, Building Communities and Affordable Housing Initiatives
- Residential Infill Tax Credit Program
- Neighbourhood Multi-Family / Mixed-Use Building Grant Program
- Downtown Multi-Family / Mixed-Use Building Grant Program
- LiveSAFE in Winnipeg - Crime Prevention through Social Development
- Delivery of Homelessness Partnering Strategy
- Downtown Residential Development Grant Program

Key Goals

1. Increase community confidence in their neighbourhood and encourage residents to remain and invest in their own communities.
2. Encourage and promote community involvement in defining neighbourhood values and needs and prioritizing neighbourhood infrastructure improvement projects that meet those values and needs.
3. Participate directly in the revitalization of the downtown as a collection of vibrant residential neighbourhoods.
4. Facilitate the development of recreation services that are more responsive to the specific recreational needs of communities with a priority focus on high needs neighbourhoods.
5. Develop, maintain and enhance initiatives and partnerships based on community and corporate priorities to support the engagement and participation of Aboriginal citizens.
6. Work in partnership with community and other levels of government to develop and implement a continuum of crime prevention initiatives.

Property Asset Management

Includes:

- Land & Property
- Municipal Accommodations
- Pool Facilities
- Arena Facilities
- Recreation Centres
- Community Centre Facilities

Description

The Property Asset Management Service facilitates the acquisition, development, operation, maintenance, security and disposition of City-owned land and buildings. The service is composed of two sub-services:

LAND and PROPERTY: oversees property sales, acquisitions, and appraisals.

MUNICIPAL ACCOMMODATIONS: manages leases, operates, maintains, protects and preserves the City's physical building infrastructure/assets to provide for current and future program accommodation needs and provides design and project management of new and existing civic buildings.

Key Goals

1. Optimize the productive use of City properties through effective property sales, acquisition and appraisal practices.
2. Optimize infrastructure condition through a Physical Asset Management Program for City buildings.
3. Provide effective facilities management.
4. Develop and implement environmental stewardship policies and programs to guide the management and maintenance of all new and existing City facilities.

Cemeteries

Includes:

- Brookside Cemetery
- St. Vital Cemetery
- Transcona Cemetery

Description

Provides interment services and perpetually maintained cemeteries in order to ensure that all citizens have access to a range of choices in interment services. Service activities include:

- Interments
- Sale of plots/lots, niches and interment vaults
- Collection of fees and charges
- Maintaining and preserving interment records
- Interment searches
- Installation of flat marker memorials
- Tours of Brookside Cemetery Field of Honour
- Facilitation of open air memorial services
- Custodian of historical military monuments
- Design and preparation of future interment sites
- Facilities and physical site improvements
- Perpetual maintenance of cemetery grounds

Key Goals

1. Ensure that the service evolves to reflect the diversity of the community and increase public awareness.
2. Increase revenues to enable self sufficiency while continuing to act as a benchmark for cemetery services within Winnipeg.
3. Continue to develop environmentally sound work processes and practices.
4. Maintain the heritage of cemeteries and continue to promote their significance in the community.

Police Response

Includes:

- *Police Response*
- *Contract Policing*
- *Crime Investigation*
- *Police Training*

Description

The Police Response Service provides emergency, urgent, and non-urgent response to public calls for service. This includes disaster situations, danger to life and property situations, and lower risk to persons and property situations. In addition, the service undertakes criminal investigation services potentially leading to offender identification, arrest or other resolution. The service is also responsible for training all police and civilian members of the Winnipeg Police Service (WPS). Finally, the service ensures public order through planned response to large public gatherings and through contract service at targeted events such as professional sporting matches and film industry productions. The delivery of all aspects of this service depends on the collection, analysis, and dissemination of public safety, and criminal intelligence and information.

Key Goals

1. Reduce crime through evidence-based policing strategies.
2. Improve public service delivery in frontline operations.
3. Focus on downtown safety while balancing the needs of targeted neighbourhoods.
4. Focus on criminal prosecutions through improved quality and timeliness of report and evidence disclosure.

Fire and Rescue Response

Includes:

- *Fire and Rescue Response*
- *Fire Investigation*

Description

To provide quick, proficient, emergency and non-emergency fire suppression and rescue assistance to victims of fire, accidents, and other disasters or emergencies in order to prevent or minimize loss of life or property. This includes fire suppression, notification and evacuation of citizens, rescue services including motor vehicle extrication, high angle, trench, elevator, water, and ice rescue, investigation and mitigation of carbon monoxide or other gas leaks, and other hazardous materials incidents.

Additional contributions include standby fire and rescue service at public events, support to public education programs, supplement fire inspection and by-law enforcement program, fire investigation services potentially leading to offender identification, arrest and/or counselling in regard to incidents of deliberately set fires and response to medical emergencies.

Key Goals

1. Improve capacity to effectively respond to emergencies and disasters in a manner that is financially sustainable for the citizens of Winnipeg.
2. Invest in technology, equipment, and staff training to maximize safety for all emergency responders as well as the public.
3. Invest in technology, equipment, and staff training to protect the environment.
4. Ensure a respectful work environment and positive public image.

Fire and Injury Prevention

Includes:

- Fire & Injury Prevention Education
- Fire Inspection

Description

To protect citizens, and minimize loss of life and property due to fire through ensuring adherence to existing building standards for construction, safety, and egress.

To provide citizens with fire and life safety education, advice, and promote safe choices that will reduce the need for emergency fire, rescue and medical services.

Key Goals

1. Ensure safety of housing and other buildings through plan examinations, inspections, and fire code and by-law enforcement.
2. Identify and engage key target audiences to maximize effectiveness of educational opportunities.
3. Decrease the incidence of fire or injury emergencies through expansion of public education programs.
4. Investigate and pursue partnerships to enhance ability to prevent fire and injuries.
5. Save lives through promotion of public access defibrillation, and 'demand reduction' initiatives such as plan examinations and residential sprinklers.

[A] WFPS continues to achieve service efficiencies by focusing fire and injury prevention education lectures on larger groups, and inspections of bigger and 'high risk' occupancies such as hotels and rooming houses which require more resources. Operations crews are increasingly responsible for performing regular inspections.

[B] The Public Education Branch provides information online and through social media to target larger events and broader audiences. A safety awareness and education program for Grade 3 students reaches students in the schools. The at-home component that children complete with their families reaches a much wider audience.

[C] Improved collaboration with Winnipeg Police and established referral processes have increased enrollment in the Youth Fire Stop Program.

[D] WFPS has incorporated more information on the departmental website concerning requirements for employment with contact information for recruitment, as well as a move to social media for public engagement. There is also departmental recruitment staff representation at industry conferences such as Manitoba Interact.

[E] WFPS is embracing social media as a means of distributing information on Fire and Injury Prevention.

[F] A total of property owners contacted in the community and calls made to the 311 Contact Centre. The Arson Prevention Initiative began in 2011 with cooperative efforts among city departments including Water and Waste and the Fire Paramedic Service. Operational firefighters patrol neighborhoods to identify arson risks and raise homeowner awareness. Fire crews can also contact Water and Waste directly to arrange for pickup. Concurrently, Water and Waste proactively picks up bulky materials they have identified as contributing to the problem.

Disaster Preparedness and Response

Description

To provide a prompt and coordinated response by the City of Winnipeg to major peacetime disasters by:

- Minimizing the impact of an emergency or disaster on the City of Winnipeg.
- Protecting and preserving the health and property of the citizens of Winnipeg.
- Maintaining and restoring essential services during an emergency or disaster.
- Acting as a host community for evacuees from outside the city upon request from the proper authority.

Key Goals

1. Prepare and test plans and strategies for new and emerging health risks and hazards.
2. Develop new and/or enhance current partnerships with other levels of government, authorities and community agencies.
3. Enhance the City's emergency plan to be more responsive to the needs of at risk populations (e.g. disabled, seniors, and children) and geographic communities and stakeholders within Winnipeg.
4. Provide emergency preparedness education and training to staff, partnering agencies and the general community.

Recreation

Includes:

- Aquatics Programs
- Ice Skating
- Recreation
- Casual Facility Use
- Community Centres
- Arenas

Description

Provide high quality aquatics, recreation and leisure opportunities/programs in order to enhance life skills, community leadership development and overall quality of life for citizens in our neighbourhoods.

Key Goals

1. Continuously improve services to be more responsive to the recreational, cultural and leisure needs of Winnipeggers.
2. Provide leadership and support the work of other service providers to build the foundation for quality of life and to promote a safe and healthy community.
3. Provide recreation services by collaborating and leveraging resources through partnerships.
4. Provide equitable opportunities to participate in recreation programs and services.
5. Provide meaningful and relevant recreational opportunities to increase the participation of Aboriginal youth in City of Winnipeg services.
6. Provide community development and recreation opportunities for vulnerable youth as an integral component of crime prevention efforts.
7. Provide safe and healthy environments in the delivery of programs conducive to an enjoyable experience and personal well-being.

Number of Public Swim Visits to Outdoor Pools	108,238	106,426	96,971

[A] For each calendar year, the regular season consists of January 1 - February 28 and October 1 - December 31.

[B] The emergence of new adult fitness and leisure service providers in the local marketplace has increased competitiveness and had some impact on attendance at City of Winnipeg programs. In addition, there was a reclassification of French Learn to Swim programming in 2013. It is now being reported under Aquatics instead of Recreation and Leisure.

[C] Includes City of Winnipeg Partnerships.

[D] The increase in attendance is attributed to the inclusion of data from City of Winnipeg partnerships including Sport Programming in Inner City Neighborhoods (SPIN), and Art City.

[E] Of 11 spray pads, 9 spray pads operated from June 1 - Sept 2; 2 spray pads operated from July 1 - Sept 2. All spray pads operated under extended hours from July 2 - Sept 2, and the season for all spray pads was extended until Sept 15. The increase in the number of sites (2 new spray pads were added for the 2013 season), extended hours and extended season resulted in an increase in the hours of spray pad programming in 2013.

[F] Enhanced tracking of programming/complimentary aquatic access fee waivers in 2013.

Golf Services (SOA)

Description

The City of Winnipeg has operated municipal golf courses since 1921. Winnipeg Golf Services was established in 2002 to administer the City's 12 golf course assets. The Agency is responsible for operating and maintaining golf courses, managing contracts and leases for City lands used by privately operated golf courses, managing a contracted cross country ski operation and other services compatible with a golf operation.

Key Goals

1. Improve golf course playability.
2. Provide high quality customer service.
3. Ensure financial and environmental sustainability.
4. Improve the image of municipal courses.
5. Increase revenues from associated services.

Community Liveability

Includes:

- Community By-law Enforcement
- Bicycle Recovery
- Citizen Crisis Response
- Social Grants
- Community Health Inspection

Description

Through outreach, promotion, prevention, protection and regulatory services, support the development of a healthy community including:

- Community By-law Enforcement Services (CBES) with a focus on neighbourhood liveability including housing and property standards.
- Business Licensing (Doing Business in Winnipeg By-law) and Taxicabs.
- Crisis response coordination - connecting citizens to available services as required in relation to mandated city services.
- Emergency health and social services response to citizens during local emergencies and disasters.
- Administration of social grants to community organizations to provide a service that the City of Winnipeg would otherwise need to provide in support of safe and healthy neighbourhoods.
- Administration of a bicycle recovery program.

Key Goals

1. To continue to build and enhance divisional performance measurement/accountability systems in order to improve service quality, including inspection consistency, operational due diligence, and customer service.
2. To continue to enhance civic engagement/outreach by strengthening partnerships and developing new partnerships and to conduct four proactive community sweeps focused on "yard to yard" inspections in 2014.
3. To maintain the number of vacant buildings at 390 or lower (with a variance of plus or minus 15%) through the continued delivery of a comprehensive program designed to accelerate property restoration and re-occupancy.
Assumption: That no greater than 190 'new' vacant buildings are added to the list in a given year and that staff field inspection resourcing is equivalent.

* The 'Number of Property Standards Inspections' was restated for 2011 and 2012 to reflect a change in methodology in collecting and reporting the number of inspections conducted in relation to a property.

** The Vacant Building Program started in October 2010. At that time, there were 577 vacant buildings.

*** The 'Number of Business Types Regulated' has been restated for 2011 and 2012 to reflect the number of business activities licensed, not including the licensing levels within an activity. In 2013, Flea Market was added as a new business license category.

** In 2013, one library was closed for renovations for a total of 34 weeks of closure.

*** The 'Number of Items Circulated' was restated for 2011 and 2012 to reflect a reporting change to include electronic circulation.

**** Reflects ongoing removal of out-of-date reference or other worn or read-out print collections and their replacement, where possible, with electronic resources. Also reflects the fact that Winnipeg Public Library's ebook collection is no longer integrated with the Provincial collection and the overall collection size is smaller.

Arts, Entertainment and Culture

Includes:

- Arts, Entertainment and Culture Grants
- Arts, Entertainment and Culture Events
- Museums
- Assiniboine Park Conservancy

Description

To provide citizens and visitors with attractions, entertainment, arts and cultural events that contribute to a dynamic urban image, economic development and a vibrant city lifestyle through:

- Operating and capital grant support to the Assiniboine Park Conservancy Inc., a not-for-profit corporation established to manage, fundraise and redevelop Assiniboine Park and its attractions. Assiniboine Park is a 400 acre manicured English landscape style park featuring a zoo with one of Canada's largest animal collections, a conservatory with ever-changing botanic displays, outdoor gardens, theatre, performance and art displays, annual community events, trails, meadows and athletic fields for year-round leisure activities;
- Grant support to museums, arts, entertainment and cultural communities to provide a wide range of events, shows and displays for Winnipeg residents and visitors to the City; and
- Attracting and assisting film-makers and event organizers by providing logistical support, facilitated contact and liaison with civic departments, private sector business and organizations in support of a welcoming community for film activities and a strong and vibrant calendar of cultural and special events.

Key Goals

1. Work with Assiniboine Park Conservancy to support capital development and improvement to the Park.
2. Support film, culture and special events by working cooperatively with civic departments and other organizations to provide logistical support to the film industry, event organizers, and arts organizations.

Insect Control

Description

Provide insect abatement in order to protect persons and properties against the negative effects of insects while minimizing impact on the environment.

Key Goals

1. Effective and coordinated nuisance mosquito control and West Nile Virus response.
2. As part of the Insect Control Strategy, larviciding will be completely biological by the end of 2014.
3. Protect the urban forest by reducing the damage caused by defoliating insects such as cankerworms and gypsy moths, and controlling Elm Bark beetles, the carrier for Dutch Elm disease.
4. Enhance insect abatement initiatives while minimizing the impact on the environment.
5. Enhance public education and communication systems related to Insect Control.

Animal Services (SOA)

Description

To provide animal control measures under the City of Winnipeg Act and related by-laws. The Agency's service consists of four sub-service areas:

- Licensing: Animal licensing and registration, animal permits.
- Kenneling: Kenneling and care for stray animals and dogs running at large picked up by the Agency, quarantine kennelling for biting dogs.
- Adoption/Community Education: Provides adoption opportunities for unclaimed dogs reducing euthanasia. Provides outreach pet ownership and animal safety education to school groups and various service organizations.
- By-Law Enforcement: Enforcement of all animal related by-laws, neighbourhood dispute resolution, investigation and response, picking up injured animals, after hours emergency response, police and fire assists, investigation of illegal animal complaints.

The Agency also provides funding to the Winnipeg Humane Society for the intake/sheltering of stray cats, care of injured animals and a subsidized cat spray/neutering program.

Key Goals

1. Reduce reliance on the Agency's mill-rate support.
2. Increase customer service and satisfaction.
3. Improve health and safety of neighbourhoods.
4. Improve the Agency's public image.

Audit

Description

The purpose of the Audit Department is to provide independent and objective information, advice and assurance with respect to the performance of civic services in support of open, transparent and accountable government. The Audit Department's primary client is City Council, through the Audit Committee (Executive Policy Committee). The value to Council is the ability to use credible information to make better decisions and to hold the Public Service accountable. Stakeholders are civic managers and citizens who are the recipients of our public reports.

Key Goals

1. To provide independent and objective assurance on the efficiency and effectiveness of City operations as well as timely, relevant and value-added recommendations for improvement.
2. To influence organizational outcomes and accountability by promoting good governance, effective risk management and controllership, and comprehensive and transparent performance information.
3. To deliver high quality, cost-effective audit services.

Council Services

City Clerks

Description

The City Clerk's Department provides direct policy, procedural and administrative services to the Mayor, Speaker and Members of Council, Executive Policy Committee, Standing Policy Committees, the Mayor's Office and Senior Administrators. The Department is the gateway to the City for political decision-making and providing access to information about the City, its services and the decision-making process. It captures, communicates and maintains a complete and accurate record of all Council decisions since the City's inception.

The City Clerk's Department has statutory responsibility for the administration of elections and by-elections as designated by The City of Winnipeg Charter, The Municipal Councils and School Boards Elections Act and for supporting Council and its Committees under The City Organization By-law. The City Clerk is also designated as the head of the public body under The Freedom of Information and Protection of Privacy Act (FIPPA). The Department leads the City-wide Records Management program and preserves civic history through the operation of the City Archives. The Department also undertakes all hearings related to assessment appeals through the Board of Revision.

Key Goals

1. To lead in the provision of customer service to our varied clients including the Mayor's Office, Councillors, the Administration and the public.
2. Enable cost savings and improve delivery of services to Council and the public through the ongoing development of information technology by continuing to enhance e-government and other electronic systems.
3. Review existing systems to ensure they are in keeping with changing environmental conditions and making full usage of technology and processes to reduce costs and maximize efficiency.
4. Ensure democracy at the local government level with ongoing election planning and delivery for by-elections and general elections.

2. 2014 transfers to capital are based on the 2014 Adopted Capital Budget. 2015 transfers to capital are based on the 2015 Adopted Capital Budget adjusted for assumed provincial funding.
3. Public Works transfer to capital does not include transfers to the regional and local streets reserves (2014 - \$13.9 million and 2015 - \$23.7 million, with a 2015 over 2014 variance of \$9.8 million).
4. Cash to capital increased by \$6.5 million from 2014 to 2015. This incremental cash to capital is transferred to the Regional Street Renewal capital program.

Regional and Local Streets Renewal

Regional Streets

Within the City of Winnipeg there are over 10 million daily vehicle-kilometres of travel, with about 80% of this traffic volume travelling on regional roads – the remaining 20% travel on local streets. The regional system is made up of about 1,800 lane kilometres of regional streets which forms the backbone of the City’s transportation system.

In 2012, the City budgeted \$11 million for regional street renewal, followed by just under \$17 million in 2013. This was insufficient to meet the needed repairs to the regional street system. At this funding level, the condition of the City’s regional streets was expected to drop significantly over the next 10 years as illustrated in the table below. The percentage of regional streets in poor condition was expected to increase from 16% to 27% over 10 years.

Pavement Condition Regional Streets	2012	2022 With Historical Funding
New / Good	57%	49%
Fair	27%	24%
Poor	16%	27%

A sustainable level of funding for regional streets is in the range of \$60 million per year in today’s dollars based on a 25-year view and using a proper asset management approach. Thus we were funding only about a quarter of what was required, resulting in a shortfall in funding of about \$45 million per year in today’s dollars. Cumulatively over the next 25 years, the funding shortfall for regional streets totals \$1.4 billion with construction inflation factored in.

Recent public budget consultation found that (excerpt from MNP’s 2013 report):

“Developing and maintaining the infrastructure, particularly the repair of roads and streets, was identified as a high priority in all components of consultation. Approximately 80% of all survey respondents identified repair and maintenance of streets as one of the top priorities.”

Following 2014’s introduction of the Regional Street Renewal Reserve, the City now proposes to establish a permanent enhanced program for regional streets. The new revenue would be dedicated to a regional street renewal reserve and used solely for the renewal of regional streets and sidewalks.

Long Term Proposal for Regional Street Renewals – In the event the City does not receive significant new growth revenue from other levels of government, the following plan is proposed. Dedicated annual 1% property tax increase for each of nine years (2014 to 2022) committed to increasing funding for the renewal of regional streets. A small portion of this funding would be used to finance \$25 million of borrowing over the first three years (\$10 M in 2014, \$10 M in 2015, and \$5 M in 2016). After nine years of 1% property tax increases, the rate would drop to a level to deal with construction inflation. The year 2023 would be a transition year between the full 1% property tax increase and the required 0.3% increase required to deal with construction inflation. The overall plan would achieve a sustainable funding level for the renewal of regional streets. The table at the end of this appendix outlines the planned spending on regional streets of the long term proposal.

Local Streets

In 2011, 20% of local streets along with 16% of back lanes were in poor condition. Winnipeggers' satisfaction with the condition of local streets was low at 40% (poll June 2012). Only one other City service had a lower satisfaction: condition of regional streets, at 38%. In 2012 and 2013, the City's planned spending on the base local street renewal program was about \$20 million per year. This includes the \$5 million TBO (thin bituminous overlay) program, \$3 million for gravel roads and \$0.9 million for sidewalk and pathways. Net of the three components just listed, only about \$11 million annually was left for the renewal of local streets and back lanes.

A sustainable level of funding for local streets and back lanes is in the range of \$80 million per year based on a 25-year view and on a proper asset management approach. Thus the City was funding less than 15% of what was required, resulting in a shortfall in funding of \$67 million per year in today's dollars. At that funding level, cumulatively over the next 25 years and adding in construction inflation, the funding shortfall for local streets and back lanes would total \$3.6 billion.

Long Term Proposal for Local Street Renewals – In the event the City does not receive significant new growth revenue from other levels of government, the following plan is proposed. Dedicated annual 1% property tax increase for each of 9 years committed to increasing funding for the renewal of local streets, back lanes and sidewalks. A small portion of this funding would be used to finance \$27 million of borrowing over the first four years (\$10 – \$10 – \$6 – \$1). In the tenth year, the new street property tax funding would be exchanged with the current frontage levy from the operating budget. The current frontage levy rate is \$4.35 per foot frontage. Thereafter the frontage levy rate would be increased annually by \$1.00 per foot frontage for an estimated 13 years. The overall plan would achieve a sustainable funding level for the renewal of local streets.

The proposal would result in the regional and local street renewal programs being funded with a sustainable funding source and mostly on a cash basis. In addition, a significant increase in City spending on street renewal would have a strong positive economic impact.

Funding Plan for Southwest Rapid Transitway (Stage 2) / Pembina Underpass

This combined project is made up of two components: the widening of Pembina Highway through the Pembina Underpass at Jubilee, and the construction of Stage 2 of the Southwest Rapid Transitway. On June 25, 2014, Council amended the 2014 Capital Budget and approved the project.

The estimated cost of the project is approximately \$590 million. The Federal Government through PPP Canada has committed \$140 million and the Province of Manitoba has committed \$225 million towards the project. The City of Winnipeg share is \$4.2 million plus annual construction P3 payments for 30 years. The first P3 payment is required in 2020. In addition, annual operating and maintenance P3 payments are required. These will be cost shared between the City and the Province of Manitoba. Thus in 2020, the City's total P3 annual payment (first) is estimated at \$19.7 million. A Council approved financing plan is required in order to determine how the City will pay for its share of this combined project.

Background – Both projects are necessary to maintain / improve the public's service expectations. Over the next several decades, a significant portion of the expected growth in Winnipeg's population will occur in the southwest quadrant of the city. Increases in traffic congestion will be detrimental to both auto drivers and transit passengers alike.

The widening of the Pembina Underpass will relieve some of the congestion already experienced in the vicinity of Pembina & Jubilee. The construction of Stage 2 of the Southwest Rapid Transitway will not only improve on existing transit travel times, it will increase reliability, convenience and competitiveness as well as attract additional riders. The Transitway will prevent transit travel times along the corridor from increasing as traffic congestion worsens in the coming years.

Southwest Rapid Transitway (Stage 2), Project Overview – Stage 2 of the Southwest Transitway (SWT) will be a dedicated corridor that will extend from Pembina & Jubilee to the University of Manitoba and to Markham Road. As shown in Figure 1 (next page), Stage 2 will extend westward through the Parker Lands, then southeast along a Manitoba Hydro right-of-way, crossing McGillivray, Clarence and Chevrier before crossing under the CN Letellier subdivision.

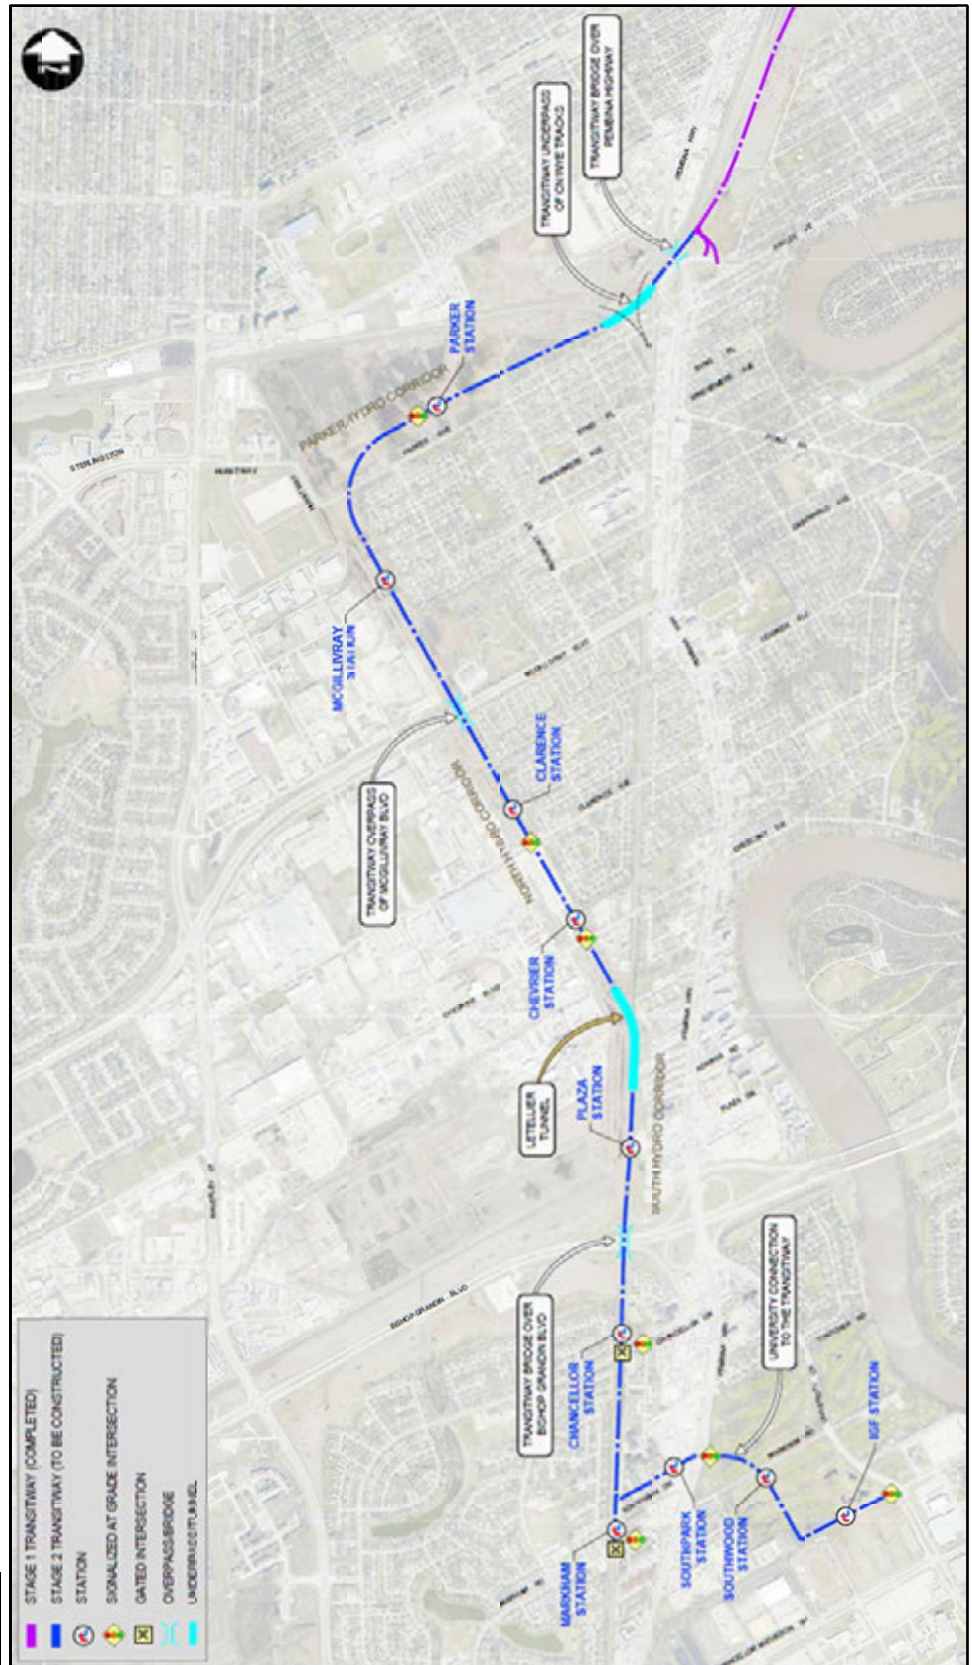

The transitway will then run parallel to the CN railway as it crosses Bishop Grandin and Chancellor. An access to Southpark Drive will allow some routes to enter the University of Manitoba/Investors Group Field via the Southwood Lands. The transitway will extend as far south as Markham, where routes serving Waverley West, Fort Richmond, Richmond West and St. Norbert will enter/exit the transitway.

Pembina Highway Underpass Widening, Project Overview

Combined with the construction of the Transitway will be the widening of the Pembina Highway Underpass which will include the following roadway improvements: addition of third northbound traffic lane to allow for three lanes in each direction; increased lane width; improved left turn lane; and the construction of bicycle and pedestrian facilities on both sides of Pembina Highway through the Pembina Highway Underpass.

To make way for the widening of the Pembina Highway Underpass, associated railway works will include a new CN rail bridge over Pembina Highway and track relocation on the CN Letellier Subdivision and the CN Rivers Subdivision near Jubilee.

Proposed Financing Plan – In the event the City is unable to access new sources of revenues, the following funding plan is proposed for this project. The City’s proposed funding plan is to commit to a dedicated annual property tax increase of 0.33% (one third of 1%) for 10 years starting in 2016, plus a one-time Transit fare increase of 5 cents also in 2016. The Transit fare increase would be in addition to Transit’s planned regular annual inflationary fare increase. This incremental revenue (property tax revenue plus fare revenue from the one-time 5-cent fare increase) would finance the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve which would then fund the City component of the annual P3 payments.

The table below outlines the City’s incremental revenue being added to the Southwest Rapid Transitway (Stage 2) and Pembina Highway Underpass Payment Reserve:

	2015	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026

A new reserve will be established. The one-time transit fare increase of 5 cents will generate \$1.7 million of which 100% is expected to go to this new reserve. In the event that the provincial approval is not obtained regarding the use of the full fare increase, then the property tax increase of 0.33% would increase to 0.36% each year. The above table only shows the City of Winnipeg component of the annual P3 payment. The operating and maintenance P3 payments are cost shared between the City and the Province. The first total annual P3 payment is estimated at \$22.0 million, with the City share being \$19.7 million and the Provincial share being \$2.3 million. The figures above are estimates based on many factors including assumed interest rates. The final financial figures will be known once the P3 procurement process is completed which is expected by the end of 2015.

The reserve balance will grow starting in 2016 when the first new revenue is added. By 2020, when the first P3 payment is required (estimated at \$19.7 million), the 2020 revenue (estimated at \$10.8 million) will be insufficient to make the \$19.7 million payment and the reserve will be drawn down to make the annual P3 payments. The property tax increases continue until there is sufficient revenue to make the annual P3 payments which is expected to be in 2025.

Additional information is outlined in the project’s Capital Detail Sheet. As well, on February 9th, 2015, PPP Canada announced its funding contribution of \$137.3 million.

Asset Management and Capital Project Management

Proposed Funding

Additional staff are required to continue implementing best practices relating to Asset Management and Capital Project Management. This implementation plan incorporates the recommendations from several recent Audit reports.

Tax Supported Departments* Funded within existing capital budgets		2015 mid year	2016	2017

Tax Supported Savings Transferred to Regional Streets Program

	Department	Description	2015
1	Corporate Support Services	Migration to Voice Over Internet Protocol (VOIP) phone system from Centrex.	\$ 56,250
2		Deferral of transfer to the Computer Replacement Reserve from 2015 to 2016 - Critical Systems Component. No planned purchases in 2015.	779,237
3	Public Works	An internal operational review determined that the average time between larviciding application can be increased. This results in less biological products being used, while maintaining effective mosquito control under average weather conditions.	325,317
4	Community Services	Increase charges to the Animal Services SOA for internal service support.	50,000
5		Review expenditure accounts to align with 3 year average (e.g. printing, travel, etc.).	200,000
6	Planning, Property & Development	Revenue collected by Land Development Division pursuant to development agreements for existing services installed by the City, based on previous annual averages.	241,000
7		One year reduction on taxes to be paid into Multi-Family Dwelling Tax Investment Reserve. Analysis of the reserve balance indicates tax grants paid out of the reserve have been less than budgeted.	815,057
8		Development Approvals, Building Permits & Inspection - Review expenditure accounts - various.	135,357
9		City Planning - review expenditure accounts - various.	64,643
10	Water & Waste - Land Drainage / Garbage Collection	Review allocated department costs - reallocate to Solid Waste utility.	342,000
11		Revise tonnage estimates based on new projections. Lower volume estimates decrease tipping fee expense.	165,000
12		Reduce external contracts budget.	10,000
13		Reduce advertising budget and continue to optimize social media.	40,000
14	Assessment and Taxation	Increase net revenues for 2015 Value Added Program.	1,710,800
15		Increase net taxes added.	134,445
16	Corporate Finance	Increase budget for capital construction interest / overhead based on size of City's capital program.	800,000
17	Corporate	Reduction to debt and finance charges to be held in the Corporate accounts, based on recent debt issue experience.	315,844
18	Tax supported impact - Transit (50%)	Revised estimate - the requirement to purchase replacement smart cards in 2015 for automated fare collection system is not expected to be significant.	89,500
21	Chief Administrative Office	Increase savings from position vacancies and review expenditure accounts - various.	51,042
22	Audit	Additional savings through vacancy management.	27,707

CAPITAL PROJECTS SUMMARY

2015

Adopted Capital Budget

and

2016 to 2020

Five Year Forecast

Notes:

1. Capital budget amounts are estimates only and are subject to materials management policy (e.g. tenders, bids, and contract awards including Public Private Partnership proposals).
2. In the attached Capital Projects Listing, tax supported capital projects are financed by cash to capital unless another funding source is disclosed for the project. In addition, Manitoba Winnipeg Infrastructure Agreement funding amounts are not all allocated to individual capital projects. This unallocated provincial funding will offset cash to capital requirements in project budgets.
3. The Public Service uses a cost estimate classification system based on the Association for the Advancement of Cost Engineering (AACE) International Recommended Practices for capital budget estimates - see Appendix 2.
