TELEPHONE NO. 204 – 770–6583

### **URGENT**

**PLEASE FORWARD THIS DOCUMENT TO WHOEVER IS IN POSSESSION OF THE REQUEST FOR PROPOSAL**

**THIS ADDENDUM SHALL BE INCORPORATED INTO THE REQUEST FOR PROPOSAL AND SHALL FORM A PART OF THE CONTRACT DOCUMENTS**

Template Version: Ar20160708

**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 8 of Form A: Proposal may render your Proposal non-responsive.**

### **PART B – BIDDING PROCEDURES**

Revise: D3.17 to read: Four major sub-studies were prepared by the Seine River Greenway Study Task Force:

- Seine Riverbank Stability Characterization
- Hydrologic and Hydraulic Modeling of Flows and Levels of the Seine River
- An Assessment of Vegetation and Wildlife Habitat Quality for the Seine River Parkway
- Seine River Corridor Interpretive Study.

- (a) A hard copy version of the Seine Riverbank Stability Characterization is available to view in person by contacting the Project Manager identified in D2.
- (b) Hard copy versions of available geotechnical information including reports, construction drawings, as-builts, geotechnical boreholes and existing monitoring information for various City of Winnipeg projects for the study area of the Seine River are available to view in person by contacting the Project Manager identified in D2.

Add: D3.26 (a) Hard copy versions of available existing geotechnical information including reports, construction drawings, as-builts, geotechnical boreholes and existing monitoring information for various City of Winnipeg projects that have taken place along this stretch of the Red River are available to view in person by contacting the Project Manager identified in D2.
