PART A – BID SUBMISSION

Replace: 985-2018 Bid Submission with 985-2018 Addendum 1 - Bid Submission. The following is a summary of changes incorporated in the replacement Bid Submission:

FORM N(R1): DETAILED SPECIFICATIONS 18070

The following specifications have been revised:

- Revise 11.2 to read: Diesel generator compartment – 12.5 kW Onan diesel generator or equivalent, mounted on a slide-out tray on the driver’s side of the body. Compartment door(s) to be louvered, vertically hinged and lockable. Fuel for the generator shall be supplied from truck fuel tank. State make and model of generator being bid.
- Add 11.15: Main entry door – installed centrally on the passenger side with a clear opening width of 29 in.. The door shall include a deep tinted window, 18"W x 30"H approx.. A door stop/hold-open device shall be provided to prevent the door from exceeding its opening width and hold the door open when required.
- Add 11.16: Entry steps – required for washroom and main entry door consisting of either hydraulically folding exterior steps or interior step wells. Entry steps shall be designed for ergonomic entry/egress c/w large grab handles. State details of entry step design.
- Revise 13.21 to read: Generator – 12.5 kW quiet diesel generator including generator compartment and door, provisions required for serviceability. The generator shall have a remote start feature, accessible from the interior of the vehicle.
- Revise 15.2 to read: Roof mounted Air Conditioners – two (2) 13,500 BTU, c/w remote thermostat. State make and model being bid.
