

1045-2019A ADDENDUM 1

QUALIFYING TUNNELING CONTRACTORS FOR CONSTRUCTION OF THE SEMPLE TRUNK SEWER – JEFFERSON EAST COMBINED SEWER RELIEF – CONTRACT 5

ISSUED: November 13, 2019
BY: Jordan Thompson
TELEPHONE NO. 204 928-9222

URGENT

**PLEASE FORWARD THIS DOCUMENT TO
WHOEVER IS IN POSSESSION OF THE
REQUEST FOR QUALIFICATION**

**THIS ADDENDUM SHALL BE INCORPORATED
INTO THE REQUEST FOR QUALIFICATION AND
SHALL FORM A PART OF THE CONTRACT
DOCUMENTS**

Template Version: A20190115

Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Request for Qualification, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 6 of Form A: Request for Qualification Application may render your Bid non-responsive.

PART B – REQUEST FOR QUALIFICATION INFORMATION

- Revise: B7.6 to read: Tunneling shafts (launch or retrieval) will be permitted at the following locations:
- (a) Intersection of Semple Avenue and McKenzie Street
 - (b) Intersection of Semple Avenue and McGregor Street
 - (c) Intersection of Semple Avenue and Andrews Street
 - (d) Intersection of Semple Avenue and Powers Street
 - (e) Intersection of Semple Avenue and Salter Street
 - (f) Intersection of Semple Avenue and Aikins Street
 - (g) Intersection of Semple Avenue and Scotia Street
 - (h) Adjacent to Main Street on Semple Avenue. Tunneling shafts will not be permitted within the Main Street right of way.
- Add: B7.8 It is intended to evaluate the cost of trenchless installation inclusive of tunneling shafts, restoration, and utility relocation costs.
- Add: B7.9 Removal of mature trees will not be permitted.
- Add: B7.10 A minimum of one lane of traffic shall be maintained on McGregor Street and Salter Street during construction.
- Revise: B9.2 to read: Estimated Preliminary Schedule

Phase	Approximate Date(s)
1. RFQ Submission Date	November 26, 2019
2. Evaluation/Shortlist of Proponents	November 29, 2019
3. Anticipated Issuance of Tender and Tender Period	December 4, 2019

Phase	Approximate Date(s)
4. Anticipated Close Date for Tender	January 10, 2020
5. Contract Award	March 30, 2020
6. Construction Completion	June 30, 2021

Revise: B22.1 to read: The Submission Deadline is 4:00 p.m. Winnipeg time, November 26, 2019.

Revise: B26.2 to read: The Proponent, subcontractor(s), or key members of the Construction Team who will directly administer, design, supervise and execute the tunneling work, should have completed at least three (3) similar projects in last ten (10) years, utilizing the proposed Tunneling Method as provided in B7.3. If the Proponent intends to submit on more than one methodology, experience for each methodology should be submitted. Submit one copy of Form C2 per project and per methodology proposed. Each project should include an owner's (or owner's representative) reference complete with: company name, contact name, email address, phone number and a brief description of the project and key project elements relating to tunneling.

- (a) All of the projects should have individual drive lengths equal to or greater than 60% of the Proponent's proposed maximum drive length or 400 m, whichever is less.
- (b) A least one of the projects should have an individual drive length equal to or greater than 90% of the Proponent's proposed maximum drive length or 600 m, whichever is less.
- (c) All of the projects should install a carrier or casing pipe with minimum internal diameters of 1800 mm with one example of a project of 2100 mm or larger.

Revise: B27.2 to read: For each key member identified in B27.1, providing information below:

- (a) Details of the Proponent's history and experience in performing large pipe tunneling work. In order to qualify, the Proponent should have at least five (5) years of experience in performing tunneling work using the methodology proposed for this Project.
- (b) Three (3) projects similar in size and scope for each of the project team members listed below. Projects should meet criteria listed in B26.2. Submit multiple copies of Form D for each team member, one per project. Each project should include two (2) references including an owner's (or owner's representative) reference complete with: company name, contact name, email address, phone number and a brief description of the project and key project elements relating to tunneling.
