QUESTIONS AND ANSWERS

Q1: At the site meetings last week there was a discussion regarding temporary fall protection and whether that would be part of the cash allowance

A1: I reviewed the temporary fall protection and have decided not to modify the contract language in the RFP. I'm relying on bidders to know the sites, and to know what is required to perform the condition assessments safely.

If there's roof material testing that requires additional fall protection, the additional fall protection will fall under the "agreed upon" roof material testing out of the cash allowance (See D8.2.4).
