QUESTIONS AND ANSWERS

- Q1: Section B10.2(c) asks for project's original contracted cost and final cost. Can it be marked as "confidential" in the submission?
- A1: Yes, this information can be marked as confidential. However, if the projects that are listed in B10.1(a) had stated anticipated collection rate at the inception of the project, please indicate if the rate was achieved or not by the time the project was completed (or, if the project is ongoing, state if today's collection rate is the same, higher or lower than originally anticipated).
- Q2: What is expectation for Section B10.2(d) to include. Are you looking for the timeline for onboarding start to finish? For design are you requesting an operating plan? Or anything else?
- A2: We are looking for a brief operating plan for the projects included in B10.1(a)
- Q3: For Section B12.2(y) do you require an acknowledgement that our system will be capable of producing flexible reports or are you inquiring if our agreements include a clause that our system will be capable of producing flexible reports?
- A3: For this section we require acknowledgement that Proponent's system is able to handle custom reports as well as list and sample of existing (i.e. standard) reports.
