QUESTIONS AND ANSWERS

Q1: I require further explanation about Item #3 “Material Moving Equipment” hours explained in Addendum #1. The price table lists 3,000 hours and material moving equipment is based upon having two (2) rock trucks (ADTs) being loaded by a single excavator.

A1: The 3,000 hours would equal approximately 4,500 total machine time based on the two ADTs working with (i.e. being loaded by) the excavator at the same time (as per E10.2). The breakdown of total machine time for the three pieces of Material Moving Equipment may be considered as follows:

Excavator:	1,500 Total Hours
ADT #1 (Rock Truck):	1,500 Total Hours
ADT #2 (Rock Truck):	1,500 Total Hours
