FORM B: PRICES

Clarification: The quantities listed in Form B are approximate annual cart order quantities. The City of Winnipeg orders approximately 1,000 – 2,000 carts per month.

QUESTIONS AND ANSWERS

- Q1: Due to the extensive information in E2, we have multiple markings as solution(s). Will the City allow an In-Mold Label (IML) on lids?
- A1: If the quality, performance, maintenance, lifespan, etc., of the image are consistent with the hot stamping process and all requirements outlined in this contract are achieved, we will accept In-Mold Label. Please provide pricing for both options.
- Q2: Is the City flexible on the delivery timeframe (i.e., 30 days)?
- A2: No, it is expected that the goods are delivered within 30 business days of placing an order, having a standing order of carts could avoid delays in order/delivery.
- Q3: Would the City of Winnipeg be willing to use an alternative Annual Inflationary Adjustment calculation/process?
- A3: No, the City of Winnipeg Economic Development and Policy Division has developed the adjustment specifically for this contract to ensure the best interest of the City of Winnipeg and the successful bidder.
