#### **PART D – SUPPLEMENTAL CONDITIONS**

Revise: D13.1 to read:

The Contractor shall provide and maintain performance security for the term of the Contract in the form of:

- (a) Performance bonds of a company registered to conduct the business of a surety in Manitoba, the first ("Initial Performance Security") for three years in the amount of fifty percent (50%) of the total estimated annual Contract price, and subsequent performance bonds ("Renewal Performance Security"). Each such renewal performance security shall be no less than one (1) year in duration and in the amount of fifty percent (50%) of the total estimated annual Contract price.; or
- (b) a certified cheque or draft payable to "The City of Winnipeg", drawn on a bank or other financial institution registered to conduct business in Manitoba, in the amount of fifty percent (50%) of the total estimated annual Contract price.

Delete: D13.1.2 (b)

Add: D13.3                      Renewal of Performance Security

- (a) Further to D13.1(a), the renewal performance security shall be provided to the City no later than sixty (60) Calendar Days prior to the expiry of the current performance security.

Clarification of D13:      The City of Winnipeg has updated its bonding wording in D13 to remove the requirement of a labour and materials bond, and to clarify that the Performance Bond may be renewed annually. The City wishes to assure bidders that it acknowledges that the City's Bond Form does not allow for the inclusion of a time limit in its as hosted format, and so the City will accept bonds with edits made to bring them into compliance with the requirements of D13.
