QUESTIONS AND ANSWERS

- Q1 Project references are required for B23.2 (**proponent** references). For Section B24.2 and B24.3 (**key personnel**) please clarify if project references are also required and if so:
- how many
 - are they required for each key personnel team member identified?
 - can the same project references be used for B23.2 and B24.3 as long as the key personnel members
- A1 References are also required for B24.2 and B24.3
- Minimum one reference per project.
 - References are required for each project listed in which the key personnel were assigned.
 - The same project reference can be used for multiple personnel members assigned to that project.
- Q2 Can you clarify how many devices would be in scope for pentesting services?
- A2 A detailed statement of work will be provided for pricing when we do the call out.
- Q3 Can you clarify how many devices would be in scope for SCADA? How many systems would be included?
- A3 A detailed statement of work will be provided for pricing when we do the call out.
- Q4 Is the \$75K budget fluid? For example, if your pentesting services for the scope provided total \$50K, is their room to shift resources to security architecture, for example?
- A4 The maximum budget of \$75k is per service request (call out). We would expect that the value would be commensurate with the amount of work.
