

# 1005-2025 ADDENDUM 1

## 2025 SEWER RENEWALS BY CIPP LINING – CONTRACT 1

### URGENT

**PLEASE FORWARD THIS DOCUMENT TO  
WHOEVER IS IN POSSESSION OF THE  
BID/PROPOSAL**

ISSUED: 2026-02-05  
BY: N. Kehler  
TELEPHONE NO. 431-388-5986

**THIS ADDENDUM SHALL BE INCORPORATED  
INTO THE BID/PROPOSAL AND SHALL FORM  
A PART OF THE CONTRACT DOCUMENTS**

Template Version: Addendum 2026-02-03

**Please note the following and attached changes, corrections, additions, deletions, information and/or instructions in connection with the Bid/Proposal, and be governed accordingly. Failure to acknowledge receipt of this Addendum in Paragraph 10 of Form A: Bid/Proposal may render your Bid/Proposal non-responsive.**

### FORM B: PRICES

Replace: 1005-2025 Form B: Prices with 1005-2025 Addendum 1 - Form B: Prices. The following is a summary of changes incorporated in the replacement Bid/Proposal Submission:

- Form B(R1): Add Item 9.(l)(i)
- Form B(R1): Delete Item 10.(n)

### PART E – SPECIFICATIONS

- Revise: E12.16.1(a) Exploratory excavations to locate critical water infrastructure will be measured on a unit basis per exploratory excavation required and paid for at the Contract Unit Price for “Exploratory Excavation at Critical Water Infrastructure” in Form B: Prices. Payment for exploratory excavations will include all labour, materials, and equipment costs required to complete the Work. Payment will be made upon completion and acceptance of backfill at each location.
- Delete: E12.16.1(b)
- Revise: E12.16.2(a) Where identified for payment in Form B: Prices, Work associated with the design, provision, installation, and removal of engineered shoring to protect critical water infrastructure will be measured on a Lump Sum basis, and will be paid for at the Contract Unit Price for “Engineered Shoring” for each respective site listed in Form B: Prices.
- Add: E12.16.2(d) Payment for “Engineered Shoring” will include all costs associated with design and provision of the necessary materials, equipment, and labour required to complete the Work, including but not limited to: excavations, shoring, demolition, manhole modifications including replacement of manhole risers (if required), manhole replacement, new manhole installations, trunk sewer closures, backfill, and all other materials, labour, and equipment required to complete the Work as specified. Payment will be made on the following schedule:
- Add: E12.16.2(d)(i) 50% payment of the Engineered Shoring lump sum price for each site or asset will be paid upon commencement of the shoring installation for each site.
- Add: E12.16.2(d)(ii) 100% payment of the Engineered Shoring lump sum price for each site or asset will be paid upon completion and acceptance of backfill at each site.

Add: E12.16.3 Restoration

Add: E12.16.3(a) Restorations for Work in Close Proximity to Critical Water Infrastructure will be measured and paid for in accordance with E19 and E20. Restoration for exploratory excavations or engineered shoring to protect critical water infrastructure which falls within a pipeline access shaft will not be measured for additional payment, and shall be included in the unit price bid for "Pipeline Access" in accordance with E11.
