PART D – SUPPLEMENTAL CONDITIONS

Revise: D6.1 to read:

D6.1 The Services required under this Contract shall consist of engineering consulting services for the detail design, procurement, contract administration and post construction services for the replacement of in-ground hoists including structural, mechanical, electrical, and geotechnical discipline in accordance with the following:

- (a) Pre-Design: preliminary design report; drawings schematics to present design ideas; high level of construction cost; critical path construction schedule
- (b) Design and Specification Development: with enough information for procurement and construction; updated construction schedule; updated construction estimate
- (c) Contract Document Preparation: including contract/tender document for hoist procurement
- (d) Procurement Process: all stages of procurement (sourcing for hoist model that satisfy CoW requirement; evaluating qualified model and suppliers; procurement tender preparation; evaluation of procurement bid, clarification of technical, design and specification with bid winner
- (e) Construction Services; and
- (f) Post Construction Services.

QUESTION AND ANSWER

Q1: Where can I get further clarification about D6.1?

A1: Please see the revision to D6.1. Bidders are encouraged to look into D6.2 for further clarifications.
