B4. PURPOSE OF THE REQUEST FOR QUALIFICATIONS DOCUMENT

- B4.1 The purpose of this Request for Qualifications (RFQ) is to identify experienced and capable Proponents to undertake a detailed visual structure inspection and condition assessment of the Portage Ave Culvert at Omand's Creek, evaluate the remaining service life of the structure, and recommend potential future maintenance and/or rehabilitation.
- B4.2 The City invites qualified individuals to submit a Qualification Submission in response to this RFQ.
- B4.3 After receiving the Submissions to this RFQ, the City will review all Submissions received and select the **Most Qualified Proponent**. Only the selected Proponent will be invited to further submit a more detailed proposal.

B5. SCOPE OF SERVICES

- B5.1 Scope of *Services* describes the requirements for Qualification
- (a) Deck Investigation and associated works of a type described in PART E - Anticipated Scope of Work.
 - (b) Refer to PART F - Definition of Professional Consultant Services – Engineering (Public Works Department).
- B5.2 Scope of Work describes the work planned to be assigned under the RFP process in B7:
- (a) Structure detailed visual inspection, including roof slab, walls, sidewalks, barriers, approach slabs, nearby roadway slabs, and associated materials testing.
 - (b) The Work to be done under the subsequent Contract(s) shall consist of the provision of professional engineering consulting services as described in PART E - Anticipated Scope of Work.
- B5.3 Submissions to this RFQ should include Proponent information in response to a general bridge deck investigation.

B6. PROJECT SCHEDULE

- B6.1 The City intends to complete the evaluation of the Qualification Submissions by early December and proceed with the issuance of a Request for Proposal (RFP) by early December.
- B6.2 Details on the RFP schedule will be provided to the **Most Qualified Proponent** at the completion of the RFQ stage. The City intends to complete the RFP stage by end of December.

B6.3 Estimated Preliminary Schedule

Phase	Approximate Date(s)
1. RFQ Process	October-November 2025
2. Evaluation/Shortlist of Proponents	November-December 2025
3. RFP Process	December 2025
4. Evaluation/Selection of Proponent	January 2026
5. Award of Consulting Contract	January 2026
6. Complete Condition Assessment	January - May 2026

B7. PROCUREMENT PROCESS

B7.1 Stage One – Qualification

B7.1 The first stage of the procurement process for this assignment is this RFQ. The City intends to invite the **Most Qualified Proponent** to participate in the second stage of the procurement process, the RFP.

B7.1.1 Further to B7.1, the requirements for submission for Qualification are outlined in PART D - Submission Instructions.

B7.1.2 For further clarity, **Proponents are reminded that information regarding fees, rates, detailed work plan or detailed schedule is NOT required at this stage.**

B7.2 Stage Two – Request for Proposal

B7.3 Following completion of the RFQ stage, the **Most Qualified Proponent** may be invited to provide a detailed proposal in response to an RFP. The City intends to invite the **Most Qualified Proponent** only (one), however reserves the right to invite two or more Qualified Proponents, for the Project as per B7.3.4.

B7.3.1 Details of each proposal and how submissions will be evaluated will be provided to the Proponents for each individual engagement at that time; the proposal may be evaluated on criteria other than price alone.

B7.3.2 Proponents responding to the RFP will be expected to provide a proposal engaging the team submitted during Stage One (Qualification); any modifications must be negotiated with the Consulting Contract Administrator.

B7.3.3 The RFP may include requirements for the following:

- (a) evidence of specified insurance;
- (b) Safe Work Plan;
- (c) evidence of authority to carry on business;
- (d) Any other qualification specifically required for a particular assignment.
- (e) A Social Procurement clause may be included in the subsequent RFP. The Social Procurement clause may address outcomes around employment of equity groups, skills and training of equity groups, or diversity in the supply chain.

B7.3.4 The City will evaluate the detailed proposal(s) received from the Proponent(s) and select the preferred Proponent for the RFP, for the purposes of awarding a Contract.

- (a) The City may negotiate the terms of the project contract with the preferred Proponent(s).
 - (i) If negotiations with the preferred Proponent is not successful, the City may invite the next Most Qualified Proponent to provide a detailed response to the respective RFP.
- (b) Award of the project contract to the recommended Proponent will be subject to final approval by the Award Authority.

B8. DISCLOSURE

B8.1 Various Persons provided information or services with respect to this Work. In the City's opinion, this relationship or association does not create a conflict of interest because of this full

disclosure. Where applicable, additional material available as a result of contact with these Persons is listed below.

B8.2 The Persons are:

(a) N/A

B9. CONFLICT OF INTEREST AND GOOD FAITH

B9.1 Proponents, by responding to this RFQ, declare that no Conflict of Interest currently exists, or is reasonably expected to exist in the future.

B9.2 Conflict of Interest means any situation or circumstance where a Proponent or employee of the Proponent proposed for the Work has:

- (a) other commitments;
- (b) relationships;
- (c) financial interests; or
- (d) involvement in ongoing litigation;

that could or would be seen to:

- (i) exercise an improper influence over the objective, unbiased and impartial exercise of the independent judgment of the City with respect to the evaluation of Bids or award of the Contract; or
- (ii) compromise, impair or be incompatible with the effective performance of a Proponent's obligations under the Contract;
- (e) has contractual or other obligations to the City that could or would be seen to have been compromised or impaired as a result of their participation in the RFQ process or the Work; or
- (f) has knowledge of confidential information (other than confidential information disclosed by the City in the normal course of the RFQ process) of strategic and/or material relevance to the RFQ process or to the Work that is not available to other Proponents and that could or would be seen to give that Proponent an unfair competitive advantage.

B9.3 In connection with their Bid, each entity identified in B9.2 shall:

- (a) avoid any perceived, potential or actual Conflict of Interest in relation to the procurement process and the Work;
- (b) upon discovering any perceived, potential or actual Conflict of Interest at any time during the RFQ process, promptly disclose a detailed description of the Conflict of Interest to the City in a written statement to the Contract Administrator; and
- (c) provide the City with the proposed means to avoid or mitigate, to the greatest extent practicable, any perceived, potential or actual Conflict of Interest and shall submit any additional information to the City that the City considers necessary to properly assess the perceived, potential or actual Conflict of Interest.

B9.4 Without limiting B9.3, the City may, in their sole discretion, waive any and all perceived, potential or actual Conflicts of Interest. The City's waiver may be based upon such terms and conditions as the City, in their sole discretion, requires to satisfy itself that the Conflict of Interest has been appropriately avoided or mitigated, including requiring the Proponent to put into place such policies, procedures, measures and other safeguards as may be required by and be acceptable to the City, in their sole discretion, to avoid or mitigate the impact of such Conflict of Interest.

B9.5 Without limiting B9.3, and in addition to all contractual or other rights or rights at law or in equity or legislation that may be available to the City, the City may, in their sole discretion:

- (a) disqualify a Proponent that fails to disclose a perceived, potential or actual Conflict of Interest of the Proponent or any of their employees proposed for the Work;
- (b) require the removal or replacement of any employees proposed for the Work that has a perceived, actual or potential Conflict of Interest that the City, in their sole discretion, determines cannot be avoided or mitigated;
- (c) disqualify a Proponent or employees proposed for the Work that fails to comply with any requirements prescribed by the City pursuant to B9.4 to avoid or mitigate a Conflict of Interest; and
- (d) disqualify a Proponent if the Proponent, or one of their employees proposed for the Work, has a perceived, potential or actual Conflict of Interest that, in the City's sole discretion, cannot be avoided or mitigated, or otherwise resolved.

B9.6 The final determination of whether a perceived, potential or actual Conflict of Interest exists shall be made by the City, in their sole discretion.

B10. ENQUIRIES

B10.1 All enquiries shall be directed to the Contract Administrator identified in B11.

B10.2 Any Proponent who has questions as to the meaning or intent of any part of this document or who believes this document contains any error, inconsistency or omission should make an enquiry prior to the Submission Deadline requesting clarification, interpretation or explanation in writing to the Contract Administrator.

B10.3 If the Proponent finds errors, discrepancies or omissions in the document, or is unsure of the meaning or intent of any provision therein, the Proponent shall promptly notify the Contract Administrator of the error, discrepancy or omission at least five (5) Business Days prior to the Submission Deadline.

B10.4 Responses to enquiries which, in the sole judgment of the Contract Administrator, require a correction to or a clarification of the RFQ will be provided by the Contract Administrator to all Proponents by issuing an addendum.

B10.5 Responses to enquiries which, in the sole judgment of the Contract Administrator, do not require a correction to or a clarification of the RFQ will be provided by the Contract Administrator only to the Proponent who made the enquiry.

B10.6 The Proponent shall not be entitled to rely on any response or interpretation received pursuant to B10 unless that response or interpretation is provided by the Contract Administrator in writing.

B10.7 Any enquiries concerning submitting through MERX should be addressed to:

- B12.1 The Contract Administrator may, at any time prior to the Submission Deadline, issue addenda correcting errors, discrepancies or omissions in the RFQ, or clarifying the meaning or intent of any provision therein.
- B12.2 The Contract Administrator will issue each addendum at least two (2) Business Days prior to the Submission Deadline, or provide at least two (2) Business Days by extending the Submission Deadline.
- B12.3 Addenda will be available on the MERX website at www.merx.com.
- B12.4 The Proponent is responsible for ensuring that they have received all addenda and is advised to check the MERX website for addenda regularly and shortly before the Submission Deadline, as may be amended by addendum.
- B12.5 The Proponent should acknowledge receipt of each addendum on Form A: Qualification Submission.
- B12.6 Notwithstanding B10, enquiries related to an Addendum may be directed to the Contract Administrator indicated in B11.

B13. CONFIDENTIALITY AND PRIVACY

- B13.1 Information provided to a Proponent by the City or acquired by a Proponent by way of further enquiries or through investigation is confidential. Such information shall not be used or disclosed in any way without the prior written authorization of the Contract Administrator. The use and disclosure of the confidential information shall not apply to information which:
- (a) was known to the Proponent before receipt hereof; or
 - (b) becomes publicly known other than through the Proponent; or
 - (c) is disclosed pursuant to the requirements of a governmental authority or judicial order.
- B13.2 The protection of personal information and privacy will be fundamental aspects of the Project. Proponents shall comply with all applicable privacy legislation, including but not limited to the Personal Information Protection and Electronic Documents Act (Canada) ("PIPEDA"). In addition, Proponents are advised that the City is subject to The Freedom of Information and Protection of Privacy Act (Manitoba) ("FIPPA") and that the Contractor will be expected to comply with the obligations imposed upon the City pursuant to FIPPA.
- B13.3 The Proponent is advised that any information contained in any Submission may be released if required by The Freedom of Information and Protection of Privacy Act (Manitoba), by other authorities having jurisdiction, or by law or by City policy or procedures (which may include access by members of City Council).
- B13.4 All Qualification Submissions submitted to the City will be kept in confidence with the City for the sole purposes of evaluating and developing the best possible strategic option for the City. Qualification Submissions will become the property of the City. The City will have the right to make copies of all Submissions for their internal review process and to provide such copies to their staff and/or external advisors and representatives.
- B13.5 The City reserves the right to post the names of the shortlisted Proponents, or otherwise make this information public at the end of the RFQ selection process.
- B13.6 All information will become and remain the property of the City; none will be returned. If the Submission contains any proprietary or trade secret information, said information must be indicated as such.

B14. NON-DISCLOSURE

- B14.1 Proponents must not disclose any details pertaining to their Qualification Submission and the selection process in whole or in part to anyone not specifically involved in their Submission, without the prior written approval of the City. Proponents shall not issue a news release or other public announcement pertaining to details of their Qualification Submission or the selection process without the prior written approval of the City.
- B14.2 Proponents are advised that an attempt on the part of any Proponent or any of their employees, agents, contractors or representatives to contact any members of City Council or their staff or any member of City Administration other than the Contract Administrator with respect to this RFQ, may lead to disqualification.

B15. NO COLLUSION

- B15.1 Upon responding to this RFQ, each Proponent shall declare that they have not participated in any collusive scheme or combine.
- B15.2 Proponents must ensure that their participation in this RFQ is conducted without collusion or fraud on their part or any of their team. Proponents and their team members shall not engage in discussions or other communications with any other Proponents or their team members regarding the preparation or submission of their responses to this RFQ. Breach of this provision may result in disqualification from the RFQ process or, if the City becomes aware of your breach of this provision after the RFP has been issued, from the RFP process.

B16. NO LOBBYING

- B16.1 Any form of political or other lobbying whatsoever in relation to the Project or with a view to influencing the outcome of this RFQ process is strictly prohibited. Failure to comply with this provision may result in disqualification from the RFQ process or, if the City becomes aware of your breach of this provision after the RFP has been issued, disqualification from the RFP process.

B17. ELIGIBILITY

- B17.1 No Persons involved with the City, or acting as a consultant or subconsultant to the City with respect to this Project, are eligible to submit a Qualification Submission for this RFQ or participate in any manner whatsoever as a participant or advisor to any Proponent participating in this RFQ or subsequent RFP.

B18. OPENING OF QUALIFICATION SUBMISSIONS AND RELEASE OF INFORMATION

- B18.1 Qualification Submissions will not be opened publicly.
- B18.2 After evaluation, the names of the shortlisted Proponents and their address(es) will be available on the MERX website at www.merx.com.
- B18.3 The Proponent is advised that any information contained in any Qualification Submission may be released if required by The Freedom of Information and Protection of Privacy Act (Manitoba), by other authorities having jurisdiction, or by law or by City policy or procedures (which may include access by members of City Council).
- B18.3.1 To the extent permitted, the City shall treat as confidential information, those aspects of a Qualification Submission identified by the Proponent as such in accordance with and by reference to Part 2, Section 17 or Section 18 or Section 26 of The Freedom of Information and Protection of Privacy Act (Manitoba), as amended.
- B18.4 Following the award of Contract, a Proponent will be provided with information related to the evaluation of their submission upon written request to the Contract Administrator.

- D5.6 Further to D5.5, and upon request of the Consulting Contract Administrator, the Proponent must provide, for each person identified in and reference information (one current name with telephone number and email address per project).

D6. PROJECT MANAGEMENT APPROACH (SECTION C)

- D6.1 Further to D2.1(c), the Proponent should submit information in sufficient detail for the City to evaluate the Proponent's project management approach.
- (a) Further to D6.1, Proponents are reminded that any information regarding fees, rates, detailed work plan or detailed schedule is NOT required in the Qualification Submission.**
- D6.2 The Submission should describe your team and your general approach to overall team formation and coordination of team members. Describe the team's project management methods and approach, and team organization during the performance of services, so that the evaluation committee has a clear understanding of the methods the Proponent and Subconsultant(s) would use in the delivery of the projects.
- D6.3 The Submission should outline and describe all of the key roles or job functions through all phases of delivery of the project. For each team member describe the project role, project duties (responsibilities and tasks), and typical percentage dedication to the project.
- D6.4 The Submission should include a suggested organizational chart for this project which identifies the project roles as defined in D6.3. Identify external agencies and/or stakeholders relevant to the project.
- D6.5 Describe the collaborative process/method to be used throughout the project, including the communication methods and strategies to be used.

D7. PROJECT UNDERSTANDING AND TECHNICAL APPROACH (SECTION D)

D7.1 Further to D2.1(d), the Proponent should submit information in sufficient detail for the City to evaluate the Proponent's project understanding and technical approach.

D7.1.1 Further to D7.1, Proponents are reminded that any information regarding fees, rates, detailed work plan or detailed schedule is NOT required in the Qualification Submission.

D7.2 The Proponent should **not** include a step-by-step methodology for specific tasks, nor a detailed task listing and associated effort.

D7.3 A discussion of the project is provided in PART E - Anticipated Scope of Work.

D7.4 Proponents should use this section to describe:

- (a) their understanding of the project's broad functional and technical requirements;
- (b) identification of key issues, technical constraints, risks and opportunities, and the application of creative thinking and innovation;
- (c) their technical approach and rationale;
- (d) any other information that may convey your team's understanding of the project.

D8. UNFAIR LABOUR PRACTICES

D8.1 The Contractor declares that in bidding for the Work and in entering into a Contract, the Contractor and any proposed Subcontractor(s) conduct their respective business in accordance with established international codes embodied in United Nations Universal Declaration of Human Rights (UDHR) <https://www.un.org/en/about-us/universal-declaration-of-human-rights> International Labour Organization (ILO) <https://www.ilo.org/global/lang-en/index.htm> conventions as ratified by Canada.

D8.2 The City of Winnipeg is committed and requires its Contractors and their Subcontractors, to be committed to upholding and promoting international human and labour rights, including fundamental principles and rights at work covered by ILO eight (8) fundamental conventions and the United Nations Universal Declaration of Human Rights which includes child and forced labour.

D8.3 Upon request from the Consulting Contract Administrator, the Contractor shall provide disclosure of the sources (by company and country) of the raw materials used in the Work and a description of the manufacturing environment or processes (labour unions, minimum wages, safety, etc.).

D8.4 Failure to provide the evidence required under D8.3, may be determined to be an event of default in accordance with C18.

D8.5 In the event that the City, in its sole discretion, determines the Contractor to have violated the requirements of this section, it will be considered a fundamental breach of the Contract and the Contractor shall pay to the City a sum specified by the Consulting Contract Administrator in writing ("Unfair Labour Practice Penalty"). Such a violation shall also be considered an Event of Default, and shall entitle the City to pursue all other remedies it is entitled to in connection with same pursuant to the Contract.

D8.5.1 The Unfair Labour Practice Penalty shall be such a sum as determined appropriate by the City, having due regard to the gravity of the Contractor's violation of the above requirements, any cost of obtaining replacement goods/ services or rectification of the breach, and the impact upon the City's reputation in the eyes of the public as a result of same.

D8.5.2 The Contractor shall pay the Unfair Labour Practice Penalty to the City within thirty (30) Calendar Days of receiving a demand for same in accordance with D8.5. The City may

also hold back the amount of the Unfair Labour Practice Penalty from payment for any amount it owes the Contractor.

- D8.5.3 The obligations and rights conveyed by this clause survive the expiry or termination of this Contract, and may be exercised by the City following the performance of the Work, should the City determine, that a violation by the Contractor of the above clauses has occurred following same. In no instance shall the Unfair Labour Practice Penalty exceed the total of twice the Contract value.

D9. SUBSTITUTIONS

- D9.1 If, following your Submission, you become aware that any Persons identified to participate in this Project will be unable or is likely to be unable to participate on this Project, you must immediately advise the Consultant Contract Administrator and indicate your proposed substitute Person. Failure to do so may result in disqualification of your Submission from the RFQ process or, if the City becomes aware of your breach of this provision after the RFP has been issued, from the RFP process.

D10. NON-CONFORMING SUBMISSIONS

- D10.1 Notwithstanding D2.1, if a Proponent's Submission is not strictly in accordance with any provision of this RFQ, the City may, at their option:
- (a) waive the non-conformance if, in the City's opinion, the non-conformance is immaterial; or
 - (b) reject the Submission as non-responsive if, in the City's opinion, the non-conformance is material.
- D10.1.1 If the non-conformance is an omission, the City may, at their discretion, give the Proponent up to five (5) Business Days to supply the omitted material.
- D10.2 If the requested information is not submitted by the time specified in D10.1.1, the Submission will be determined to be non-responsive.

D11. PROPONENT'S COSTS AND EXPENSES

- D11.1 Proponents are solely responsible for their own costs and expenses in preparing and submitting a Qualification Submission and participating in the RFQ, including the provision of any additional information or attendance at meetings.

EVALUATION

D12. EVALUATION CRITERIA

- D12.1 Proponents will have their Submissions evaluated in accordance with the criteria and weight factors indicated below:
- (a) Conformance to Mandatory Requirements or acceptable deviation therefrom (pass/fail)
 - (b) Experience of Proponent and Subconsultant(s) (Section B-1) 20%
 - (c) Experience of Key Personnel Available to the Project (Section B-2) 30%
 - (d) Project Management Approach (Section C) 15%
 - (e) Project Understanding and Technical Approach (Section D) 35%
- D12.2 Further to D12.1(a) and D10, the City may reject a Submission as being non-responsive if the Submission is incomplete, obscure or conditional, or contains additions, deletions, alterations or other irregularities. The City may reject all or any part of any Submission, or waive technical requirements or minor informalities or irregularities if the interests of the City so require.

- D12.3 Further to D12.1(b), Experience of Proponent and Subconsultant(s) shall will be evaluated considering the experience of the Proponent on projects of similar size and complexity as well as other information requested, in accordance with D4.
- D12.4 Further to D12.1(c), Experience of Key Personnel Available to the Project will be evaluated considering the experience and qualifications of the Key Personnel and Subconsultant personnel on Projects of comparable size and complexity, in accordance with D5.
- D12.5 Further to D12.1(d), Project Management Approach will be evaluated considering the information provided in response to D6.
- D12.6 Further to D12.1(e), Project Understanding and Technical Approach shall be evaluated considering the information provided in response to D7.
- D12.7 Further to D12.3 thru D12.6 a Submission may be determined to be not qualified if the Submission does not obtain a minimum of 50% of the points for each category.
- D12.8 Reference checks to confirm information provided may not be restricted to only those submitted by the Proponent, and may include organizations representing Persons, known to have done business with the Proponent.
- D12.9 The City has full power to conduct an independent verification of information in any Submission received and generally pertaining to the qualifications and experience of the Proponent and any proposed members of their team.
- D12.10 The City may, in their sole discretion, interview any or all Proponents during the evaluation process, to provide clarification or additional information in relation to their Submission.

D13. NO CONTRACT

- D13.1 By submitting a Qualification Submission and participating in the process as outlined in this document, Proponents expressly agree that no contract of any kind is formed under, or arises from this RFQ, and that no legal obligations will arise.
- D13.2 Although it is the intention of the City select a **Most Qualified Proponent** to participate in the RFP stage of the procurement process, the City reserves the right and the full power to give notice in writing of any change to their Consulting Contract Administrator, amend any dates, schedules, limits and Scope of Work and any contract awarded, or to reject any and all Submissions, to launch a new or amended procurement process, or to decide that it will not issue the RFP, without incurring any liability in respect of costs or damages incurred by any Proponent or any member of a private sector team.
- D13.3 Without limiting the generality of the foregoing, the City reserves the right and the full power to amend or cancel this RFQ, the procurement process or the Project at any time.
- D13.4 If the City proceeds to request a more detailed proposal to one or more Proponents determined to be qualified under the RFQ process, the City will have no obligation to award a Contract where:
- (a) only one Submission is received; or
 - (b) in the judgment of the City, the interests of the City would best be served by not entering into a Contract.
- D13.5 The City reserves the right to disqualify any Proponent whose Submission, in the opinion of the City, contains false or misleading information.
- D13.6 Following the conclusion of the procurement process, Proponents will be provided with information related to the evaluation of their Submission upon written request to the Consulting Contract Administrator.

PART E - ANTICIPATED SCOPE OF WORK

E1. GENERAL

- E1.1 This Part contains an abridged description of the expected project scope of work and associated technical considerations to assist Proponents in preparing and submitting their response to the RFQ. A detailed scope of work may be communicated to the **Most Qualified Proponent** during the request for proposal stage for their consideration in preparing a detailed proposal.
- E1.2 The anticipated scope of work described in this Part is in the context of Advisory Services as defined in F3.

E2. GENERAL REQUIREMENTS AND PROJECT MANAGEMENT

- E2.1 Manage the project in accordance with City of Winnipeg policies and procedures.
- E2.2 Undertake quality control and quality assurance on all deliverables.

E3. ACCESS AND TRAFFIC CONTROL

- E3.1 Consultant will be responsible for all means of access to perform any required inspection, sampling, and testing.
- E3.2 Traffic control as may be required for the purposes of inspection sampling, and testing are the consultant's responsibility, and is subject to approval from Traffic Management.
- E3.3 No topographic or bathymetric survey is required.

E4. UTILITIES

- (a) Various utilities are present on or near the culvert structure.
- (b) Consult with all major utilities to determine their future plans so they can be integrated into the design.

E5. STRUCTURE CONDITION ASSESSMENT

- E5.1 The condition assessment for each component shall be generally consistent with Type 1 and Type 2 services as outlined in Appendix A and shall include but not be limited to:
- (a) Review existing record drawings, reports, and other information that will be provided by the City to establish relevant information. This information will be provided during the RFP period upon email request to the Consulting Contract Administrator.
 - (b) Condition assessment (in general compliance with the protocols of the Ontario Structure Rehabilitation Manual, latest Edition) including:
 - (i) OSIM-type inspection of the culvert roof surface, deck, sidewalks culvert soffit and walls, approach slabs, adjacent roadway slabs, and traffic barriers. The City's under bridge crane will not be used. Inspection of the culvert soffit and walls is recommended during the winter months off the ice level; with surface investigations in spring when the roadway is clear..
 - (ii) Deck delamination survey.
 - (iii) Deck crack mapping survey.
 - (iv) Deck reinforcing covers survey.
 - (v) Deck corrosion potential survey, as feasibly possible.
 - (vi) Coring of the bridge deck and barriers; compressive strength, hardened air void analysis, petrographic analysis, and permeability testing.

- (vii) Open patches on the culvert roof, where necessary, to confirm the reinforcing condition. Concrete removals and subsequent patching will be undertaken by the Bridge Planning and Operations Branch personnel. Consultant to recommend locations of open patches and be present on site to document condition.
- (viii) Other assessment/tests that are recommended by the Consultant.
- (c) Complete Rapid Chloride Testing (RCT) in general compliance with Alberta Transportation's standard test methods to determine the chloride content in the culvert deck, walls, traffic barriers and related components. Additional cores can be taken to confirm/calibrate the results from the powder samples.
- (d) Detailed expansion joints investigation including the extrusion units, seal glands, and concrete block outs. The investigation shall be completed from both the top and the bottom of each expansion joint. Pressure washing of all expansion joints prior to the inspection will be undertaken by the Bridge Planning and Operations Branch personnel.
- (e) Report on what immediate maintenance work, if any, should be undertaken.
- (f) Provision of an interim report outlining findings and proposing what short term maintenance and rehabilitation options will be developed. Meetings with the City Project Manager and City Technical Steering Committee members are required to present findings and sequentially gain acceptance prior to progressing onto the next step in the investigation.
- (g) Generation of at least 3 options which may include, but not limited to:
 - (i) Do nothing.
 - (ii) Spot repair and deck/crack sealing, and recommend a long-term rehabilitation plan.
 - (iii) major rehabilitation by replacing the existing concrete overlay of the structure.
 - (iv) Full replacement of the structure.
- (h) Detailed life cycle cost estimates for each option.
- (i) Meetings with the City Project Manager and City Technical Steering Committee members are required at the following stages:
 - (i) At project commencement,
 - (ii) After all site work complete to review the investigation results and to discuss rehabilitation options to be considered, and
 - (iii) Upon completion of rehabilitation recommendation (before submitting draft report)
- (j) Submission of a draft report with recommendations on how to proceed.
- (k) Draft report shall include a Class 3 cost estimate for the selected alternative. Estimates shall be prepared in accordance with the City of Winnipeg Basis of Estimate templates. Contingency amounts shall correspond to the Risk Management Plan.
- (l) Submission of two (2) hard copies and a PDF of the final report.

E5.2 The Consultant shall submit a written Monthly Status Report to the City's Project Manager. The status reports shall include:

- (a) Progress on tasks since previous report;
- (b) Planned accomplishments for the next period;
- (c) Project schedule update;
- (d) Project budget update;
- (e) List concerns, potential problems, risks, etc., for the project.

E6. GEOTECHNICAL, HYDRAULIC, AND REGULATORY REVIEW

E6.1 No geotechnical, hydraulic or regulatory reviews are anticipated to be required for this project.

E7. PAVEMENT RENEWALS

- E7.1 Pavement renewals are anticipated to occur in a similar timeframe as the culvert rehabilitation. Limits of pavement renewals is confined to the ends of the concrete median barrier/railing.
- E7.2 Descriptions of the proposed treatments are available here:
<https://legacy.winnipeg.ca/publicworks/construction/roadway/roadRenewalDefinitions.stm>
- E7.3 Visually inspect the above proposed street to confirm the proposed treatment.
- E7.4 Conduct subsurface investigations and assess the pavement condition for the approach slabs either side of the bridge deck and confirm the proposed treatment.

E8. STAKEHOLDER RELATIONS AND TARGETED STAKEHOLDER CONSULTATION

- E8.1 In alignment with the City's Engage Winnipeg policy, Targeted Stakeholder Consultation is not required for this stage of the project.

PART F - DEFINITION OF PROFESSIONAL CONSULTANT SERVICES – ENGINEERING (PUBLIC WORKS DEPARTMENT)

F1. DEFINITIONS

- F1.1 When used in this section – Definition of Professional Consultant Services – Engineering (Public Works Department):
- (a) **"Consulting Contract Administrator"** applies to specific projects, and means the City's project manager for the specific work contracted to the Consulting Engineer.
 - (b) **"Consulting Engineer"** means the Professional Engineer or Professional Engineering firm engaged by the City to perform Consulting Engineering Services as described herein and within the Scope of Services of a Contract. The "Consulting Engineer" will hold and maintain, for the duration of the Project, a Certificate of Authorization from Engineers Geoscientists Manitoba in the "Practicing Entity" category.
 - (c) **"Professional Engineer"** means an individual engineer registered to practice in the Province of Manitoba by Engineers Geoscientists Manitoba (EGM), as required by the Engineering and Geoscientific Professions Act of the Province of Manitoba and the by-laws of Engineers Geoscientists Manitoba.
 - (d) **"Professional Engineering"** means the practice of professional engineering in the Province of Manitoba, as governed by the Engineering and Geoscientific Professions Act of the Province of Manitoba and the by-laws of Engineers Geoscientists Manitoba (EGM).
 - (e) **"Project"** generally refers to the specific work contracted to the Consulting Engineer.
 - (f) **"Seal"** means either or both of: the impression of the stamp issued by EGM to registered Professional Engineers, plus the signature of the registered Professional Engineer, plus the date the signature was applied; or the secured, digitally authenticated identification, issued via the EGM, computer readable form applied to a document, use of either of which is governed by the EGM.
- F1.2 Further to the General Conditions for Consultant Services, it is the intent of this section to clarify the City's specific requirements of the consulting services of Professional Engineers; to more fully identify the services to be rendered by Consulting Engineers to the City and to other parties on behalf of the City; and to provide a more clearly determined basis of obligation in respect thereof by Consulting Engineers to the City and to third parties in the provision of such services.

F2. GENERAL REQUIREMENTS OF PROFESSIONAL ENGINEERS

- F2.1 All services described herein shall be performed in the City of Winnipeg, unless otherwise authorized in writing by the Consulting Contract Administrator, and under the direct supervision of a Professional Engineer registered in the Province of Manitoba.
- F2.2 All drawings, reports, recommendations and other documents originating therefrom involving the practice of Professional Engineering shall bear the Seal of a Professional Engineer.
- F2.3 Reports and documents not involving the practice of Professional Engineering, such as letters of information, minutes of meetings, construction progress reports, may be originated and signed by other responsible personnel engaged by the Consulting Engineer and accepted by the Consulting Contract Administrator. Progress estimates, completion certificates and other reports related to the technical aspects of a Project, must be endorsed by the Consulting Engineer in a manner acceptable to the Consulting Contract Administrator.
- F2.4 None of the services, tasks, actions or requirements described herein, nor any verbal instruction from the Consulting Contract Administrator, are intended to relieve the construction contractor of his contractual and/or other legal obligations in respect thereof, unless specifically indicated, in writing, by the Consulting Contract Administrator.

F3. PROFESSIONAL ENGINEERING SERVICES – ADVISORY SERVICES

- F3.1 Advisory services have been referred to by the City of Winnipeg as "Type 1 Services"

F3.2 Advisory services are normally not associated with or followed by preliminary design and/or design services.

F3.3 Advisory services include, but are not limited to:

- (a) Expert testimony;
- (b) Appraisals;
- (c) Valuations;
- (d) Rate structure and tariff studies;
- (e) Management services other than construction management;
- (f) Feasibility studies;
- (g) Planning studies;
- (h) Surveying and mapping;
- (i) Geotechnical investigations;
- (j) Hydrological investigations;
- (k) Safety audits;
- (l) Value engineering audits;
- (m) Inspection, testing, research, studies, or reports concerning the collection, analysis, evaluation; and
- (n) Interpretation of data and information leading to conclusions and recommendations based upon specialized engineering experience and knowledge.

F4. PROFESSIONAL ENGINEERING SERVICES – PRELIMINARY DESIGN

F4.1 Preliminary Design services have been referred to by the City of Winnipeg as “Type 2 Services”

F4.2 Engineering services for preliminary design normally precede the detailed design of a Project.

F4.3 Preliminary design services include, but are not limited to:

- (a) Preliminary engineering studies;
- (b) Engineering investigations;
- (c) Surface and subsurface site explorations, measurements, investigations, and surveys;
- (d) Operational studies including drainage studies, traffic studies, and noise attenuation;
- (e) Functional planning;
- (f) Formal and/or informal consultations with stakeholders and/or the general public;
- (g) Preparation of staging plans and coordinate with other projects in the area, to minimize the impact on the project and traffic congestion in the area.
- (h) Physical, economical (capital and operating) and environmental studies including evaluation, comparison, and recommendation regarding alternative preliminary designs;
- (i) Special applications to public agencies for necessary authorizations, preparation and submission of reports and drawings thereto and appearance before same in support of the application;
- (j) Identification of the necessary authorizations from regulatory authorities and/or public agencies and determination of any related impacts and/or risks to the Project;
- (k) Coordination with all the utilities including (but not limited to) hydro, telephone, gas, telecoms, fibre optics, traffic signals and other City or developer works with respect to location, relocation, construction and/or reconstruction;
- (l) Preparation and submission of a report and appropriate drawings to the Consulting Contract Administrator, fully documenting data gathered, explaining adequately the assessment made, stating with clarity the resulting conclusions, and containing all recommendations which are relevant to this stage of Project implementation.

F5. PROFESSIONAL ENGINEERING SERVICES – DETAILED DESIGN

- F5.1 Detailed Design services have been referred to by the City of Winnipeg as “Type 3 Services”
- F5.2 Engineering services for detailed design normally involve preparation of detailed designs, construction contract specifications and drawings, analysis of bids and recommendations regarding construction contract award.
- F5.3 Detailed design services include, but are not limited to:
- (a) Addressing alternative methods of accommodating; relocating; avoiding, and/or protecting utilities and railways; proposing alternative methods of solution, reviewing same with the appropriate regulatory approval agencies and stakeholders;
 - (b) Application to public agencies for necessary authorizations, preparation and submission of reports and drawings thereto, and appearance before same in support of the application;
 - (c) Formal and/or informal consultations with stakeholders and/or the general public;
 - (d) Preparation and submission of detailed engineering calculations, drawings, and criteria employed in the design(s), securing review of and acceptance by the Consulting Contract Administrator;
 - (e) Submission of engineering drawings and plans for circulation through the Underground Structures process;
 - (f) Preparation of detailed engineering drawings, specifications and tender documents consistent with the standards and guidelines of the City, securing review of and acceptance by the Consulting Contract Administrator;
 - (g) Preparation and provision to the Consulting Contract Administrator in written form, a fully detailed formal construction contract estimate;
 - (h) Provision of appropriate response to bidders and advice to the Consulting Contract Administrator during the tender advertising period and, subject to acceptance by the Consulting Contract Administrator, issuing addenda to the tender documents;
 - (i) Submission of a review, analysis, comparison, tabulation, calculation, and evaluation of the bids received, to the Consulting Contract Administrator, including a recommendation for construction contract award;
 - (j) Arranging and attending a pre-award meeting with the recommended construction contractor, the Consulting Engineer and the Consulting Contract Administrator;
 - (k) Preparation of a report including revised contract estimate, identifying and explaining variations from the earlier formal estimate.

F6. PROFESSIONAL ENGINEERING SERVICES – CONTRACT ADMINISTRATION

- F6.1 Contract Administration services have been referred to by the City of Winnipeg as “Type 4 Services”
- F6.2 Engineering services for Contract Administration are associated with the construction of a Project and include the office and field services required to ensure the execution of the Project in accordance with the intent of the City and in conformance with the particulars of the drawings and specifications.
- F6.3 Engineering services for Contract Administration can be generally divided into NON-RESIDENT and RESIDENT services.
- F6.4 NON-RESIDENT Contract Administration services include but are not limited to:
- (a) Consultation with and advice to the Consulting Contract Administrator during the course of construction;
 - (b) Review and acceptance of shop drawings and other submissions supplied by the construction contractor or supplier to ensure conformance with the drawings and specifications;

- (c) Review and report to the Consulting Contract Administrator upon laboratory, shop and other tests conducted upon materials and/or equipment placed or installed by the construction contractor to ensure conformance with the drawings and specifications;
- (d) Acceptance of and/or recommendations for alternate materials and methods, subject to the approval of the Consulting Contract Administrator;
- (e) Provision to the Consulting Contract Administrator of a complete, current monthly Project status report;
- (f) Provision to the Consulting Contract Administrator a current update of revised construction contract-end cost estimate on a monthly basis, or more frequently if necessary, with explanation and justification of any significant variation from the preceding construction contract-end cost projection;
- (g) Definition and justification of any changes to the construction contract for review by the Consulting Contract Administrator;
- (h) Supplying the Consulting Contract Administrator with a copy of all significant correspondence relating directly or indirectly to the Project, originating from or distributed to, parties external to the Consulting Engineer, immediately following receipt or dispatch;
- (i) Provision of adequate and timely direction of field personnel by senior officers of the Consulting Engineer;
- (j) Establishment prior to construction and submission to the Consulting Contract Administrator of written and photographic records of, and assessment of the physical condition of the project site and the properties, buildings, facilities, and structures adjacent to the project site sufficient to equip the Consulting Engineer to provide valid evidence and relevant testimony in settlement of any claim involving the City by any court of law, or by any other party for damages thereto arising from the Project;
- (k) Arranging and attending pre-construction meetings and on-site or off-site review meetings, including representatives of the construction contractor, the Consulting Contract Administrator, and other technical stakeholders as applicable;
- (l) The preparation and submission of:
 - (i) a detailed design notes package including items such as structural, geotechnical, hydraulic and heating, air-conditioning and ventilation design calculations; mechanical and electrical design calculations related to process equipment and building services; process design calculations; and instrumentation and process control design calculations;
 - (ii) approved related shop drawings and equipment process manuals all within one (1) month of completion of each separate installation construction contract required to complete the works.

F6.5 RESIDENT Contract Administration services include but are not limited to:

- (a) Provision of qualified resident personnel – acceptable to the Consulting Contract Administrator – present at the Project site to carry out the services as specified below:
 - (i) inspection of all pipe prior to installation;
 - (ii) inspection and acceptance of excavation for, and full-time inspection at the time of bedding placement, pipe laying and backfilling in respect of installation of water mains, land drainage sewers, and wastewater sewers;
 - (iii) inspection of installation of all connections to water mains, sewers, manholes, valves, hydrants or house services, and excavation and/or exposing of all underground services, structures, or facilities;
 - (iv) inspection of all excavations to determine soil adequacy prior to installation of base and subbase courses for sidewalks, public back lanes, and street pavements;
- (b) Further to F6.5(a), full time inspection will require assignment of qualified resident personnel – acceptable to the Consulting Contract Administrator – to each specific location when the referenced work is being undertaken by the construction contractor:
 - (i) full-time inspection and/or testing of water mains and sewers;

- (ii) full-time inspection during pavement placement; during finishing of public sidewalks and public lanes and/or street pavements;
 - (iii) full-time inspection during construction of bridge infrastructure and other structural works.
- (c) Conduct detailed inspection of construction sufficient to ensure that the construction carried out by the construction contractor conforms to the drawings and specifications;
- (d) Co-ordination and staging of all other works on the Project site including traffic signal installations, hydro, telephone, and gas utility work, railway work forces and/or other City or developer work;
- (e) With approval of the Consulting Contract Administrator, provision of notice to adjacent residents and businesses of those stages of construction of the Project that will interrupt public services or access thereto, sufficiently in advance of same to permit preparation therefore;
- (f) Enforcement of construction contractor conformance with the City of Winnipeg Manual of Temporary Traffic Control in Work Areas on City Streets and with reasonable standards of safety for motorists and pedestrians;
- (g) Provision of reference line and elevation to the construction contractor and checking upon the construction contractor's adherence thereto;
- (h) Representation of the City to the local residents and businesses and other inquiries in a professional manner, with responsible and prompt reaction to requests, minimizing impact and/or disruption of the Project to the extent possible;
- (i) Arranging for and carrying out of testing of materials utilized by the construction contractor to ensure conformance with the drawings and specifications;
- (j) Measurement, calculation, preparation, certification, and prompt submission of progress estimates to the Consulting Contract Administrator for payment to the construction contractor for construction performed in accordance with the drawings and specifications;
- (k) Arrange, attend and prepare and distribute records of and minutes for, regularly held on-site or offsite Project review meetings including representatives of the construction contractor and the City;
- (l) Promptly report any significant and unusual circumstances to the Consulting Contract Administrator;
- (m) Promptly arrange for and conduct a detailed final inspection of the Project with the construction contractor and the Consulting Contract Administrator prior to commencement of the period of contractor warranty specified in the construction contract for the Project, and providing to the Consulting Contract Administrator in written form an appropriate recommendation for commencement of the warranty period for the constructed or partially constructed Project;
- (n) Act as Payment Certifier and administer all construction contracts as required under the Builder's Liens Act of Manitoba;
- (o) Keep a continuous record of working days and days lost due to inclement weather during the course of construction contract works.

F7. PROFESSIONAL ENGINEERING SERVICES – POST CONSTRUCTION SERVICES

- F7.1 Engineering Services in the post-construction phase of a Project are associated with the completion and close-out of the Project and generally considered part of Contract Administration (Type 4) Services.
- F7.2 The Consulting Engineer is required to provide post-construction services including but not limited to:
- (a) Preparation of a Certificate of Substantial Performance in the standard City of Winnipeg format;
 - (b) Preparation of a Certificate of Total Performance in the standard City of Winnipeg format;
 - (c) Provision of inspection services during the warranty period of the construction contract;

- (d) Provision of inspection services (as per 7.5a)) for maintenance (paid) items within the warranty period of the construction contract;
- (e) Coordination of a detailed inspection of the Project with the construction contractor and the Consulting Contract Administrator prior to the end of the period of construction contract warranty specified in the construction contract for the Project;
- (f) Prompt resolution of:
 - (i) deficiencies in design;
 - (ii) outstanding construction contract warranty issues.
- (g) Submission of a final construction report within three (3) months of the Substantial Performance date of the construction contract, including final or projected final construction contract costs;
- (h) Provision of record drawings, within three (3) months of Substantial Performance date;
- (i) Preparation of a Certificate of Acceptance in the standard City of Winnipeg format.

F8. PROFESSIONAL ENGINEERING SERVICES – ADDITIONAL SERVICES

- F8.1 Additional Services have been referred to by the City of Winnipeg as “Type 5 Services”
- F8.2 Additional services are Consulting Engineering services that fall outside those described above and may or may not be associated with a construction project, but are not in place of or in substitution for those services elsewhere specified in the Definition of Professional Consultant Services – Engineering, with respect to other types or categories of Services.
- F8.3 Engineering Services called Additional Services include but are not limited to:
- (a) Revision of completed, or substantially completed, drawings and/or specifications that were in conformance with the original intent of the City or had been accepted by the Consulting Contract Administrator;
 - (b) Preparation of operating manuals and/or training of operating personnel;
 - (c) Start-up and/or operation of operating plants;
 - (d) Procurement of materials and equipment for the City;
 - (e) Preparation for and appearance in litigation on behalf of the City;
 - (f) Preparation of environmental studies and reports and presentation thereof in public hearings;
- F8.4 Preparation and submission to the Consulting Contract Administrator, final quantities and dimensional measurements which the City requires for assessment of Local Improvement Levies within one (1) month of Project completion.
