PART B: BIDDING PROCEDURES

Clarification of B12 & B21.1(g): The only fixed completion date as part of our funding agreement is June 26, 2028, however, please note that we are hoping to complete the feasibility study in advance of that timeframe. That said, as an organization we have not undertaken a study of this sort and are looking to the Proponent to provide a project schedule per B12 and will evaluate project schedules as part of the overall proposal per B21.1(g).
