NOTE TO BIDDERS: QUESTIONS AND ANSWERS BELOW DO NOT FORM PART OF THE CONTRACT

QUESTIONS AND ANSWERS

- Q1: Re: Women's Tank Top Sizing — Items 1, 6, 10, 14, 18, and 22
The sizing table in Drawing 1 (Table C) shows Women's Tank Tops going up to 2XL, but Form B has a 3XL row with quantities for each of those items. Can you confirm whether 3XL is actually required? And if so, which document takes precedence, and what measurements apply since they fall outside Table C?
- A1: See above for revision to Form B: Prices. The 3XL sizes have been removed. Note that Item No. 1 did not originally include size 3XL.
- Q2: Re: Item 17 Colour
The specifications in Part E describe Item 17 as a Mustard sweatshirt for Recreation Services Staff, but Form B labels it as Red. Can you confirm which colour is correct so we can make sure we're sourcing and pricing the right garment?
- A2: See above for revision to Form B: Prices.
This is an error. The colour should be Mustard.
- Q3: Re: Size Availability During the Contract
The approved products in E2.28 are standard manufactured products, and occasionally certain sizes can go out of stock at the manufacturer level. If we were awarded this contract and ran into a situation where a specific size was temporarily unavailable, what would the preferred process be for letting you know, and how would fulfillment timing be handled?
- A3: Section D11 shall be strictly adhered to. However, it should be noted that generally large orders are placed in February/March. Contractors should be prepared for large orders at that time. Further, it is not uncommon that if an item/colour is discontinued, we will work with the contractor to find a suitable replacement. The contractor should notify the Contract Administrator as soon as possible of being notified of a discontinued item.
