NMS SPECIFICATIONS

Section 09 85 00

Revise 1.11.A.1 to read:

1.11 Warranty

A. Contractor's Warranty:

1. **For a period of five (5) years from the date of turning over of each sludge holding tank to the City (Owner) and for a period of two (2) years from the date of Total Performance for floor coating treatments**, the Contractor warrants to the Owner that the concrete restoration, repair and lining installation work provided under this specification Section conforms to these specifications and is free from defects in materials and workmanship. **The warranty commencement date of each sludge holding tank shall be concurrent with the date of the final inspection indicated in 3.13 of this Section**, provided the requirements of said Section have been accomplished by the Contractor. The Contractor shall repair or replace, at the sole option of and at no cost to the Owner, any work found to be defective within said warranty period. Such repairs or replacements shall include the cost of removal and reinstallation.

Revise 3.13.A to read:

3.13 Final Inspection

- A. Perform a final inspection **for each sludge holding tank turning over to the City (Owner) and each floor coating treatment** to determine whether the material system work meets the requirements of these specifications. The Consultant/Engineer will conduct final **inspections** with the Contractor.
