CITY OF WINNIPEG PRE-CONSTRUCTION NOTICE

TO: Residents

RE: 2022 Local Street and Alley Renewal Project – Sargent Avenue/Spruce Street Alley from Clifton Street to Ellice Avenue

Please be advised the above project is scheduled to begin in Summer 2022.

Construction start: Summer 2022
Duration: 6 weeks

Work will include installation of land drainage sewer, excavation of the existing lane, and placement of sub-base and base course material followed by an asphalt pavement surface. This work will be followed by driveway/approach restorations and boulevard grading where required.

Prior to construction, we may be required to prune some trees to provide clearance for construction equipment. If you have flower beds/gardens or any miscellaneous items within proximity to the alley, please remove in advance of construction to prevent them being damaged.

During construction, the alley will be closed to all traffic. Residents are asked to park elsewhere during the construction period.

Anyone with accessibility needs, moving requirements, planned special events, any underground appurtenances, such as sprinkler systems, lighting cables, etc. within 1.0 metre (3 feet) of the existing lane or any other questions are asked to contact Andrew Boboski from WSP Canada Inc. at (204) 477-7608, during regular working hours or by email at info.wpg@wsp.com. You will receive another letter approximately one week prior to construction with more information about timing and access.

Sincerely,
WSP Canada Inc.
