CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Resident/Business on Selkirk Ave or William Ave
RE: 2021-2022 Selkirk Ave and William Ave Pavement Renewals

Please be advised that the reconstruction of sections of Selkirk Avenue and William Avenue will begin in May 2022.

Selkirk Avenue – All Lanes: McPhillips Street to Sinclair Street

Construction start: May 2022
Duration: Estimated completion October 2022
Impacted streets and intersections: Selkirk from McPhillips to Sinclair

William Avenue – All Lanes: McPhillips Street to Arlington Street

Construction start: June 2022
Duration: Estimated completion October 2022
Impacted streets and intersections: William from McPhillips to Arlington

General Overview:

The work will include: reconstruction of the existing roadways, sidewalks and private approaches, installation of new streetlights/traffic signal lights and renewal of some drainage infrastructure.

Traffic Impacts:

- On-street parking will be removed
- William will be restricted to one eastbound lane throughout; westbound traffic will be closed at Arlington
- Selkirk will be restricted to one eastbound lane from McPhillips to Battery Street; Battery to Sinclair will be fully closed
- Work will be completed in multiple stages requiring multiple traffic control configurations
- Closure of side streets and approaches will be required at different times during construction; however, we will make every effort to minimize impacts to traffic and pedestrians and will notify affected properties ahead of time
- Pedestrian access to residences and businesses will be maintained throughout construction, except within the full closure area on Selkirk
- Transit service will be maintained through out construction. Existing Transit stops may be temporarily relocated or closed on a case-by-case basis, depending on construction activities in the immediate vicinity
- Westbound Transit routes on Selkirk Avenue and William Avenue will be rerouted and signed

Anyone with accessibility concerns, special access requirements or if you have any other questions regarding this construction, please contact, Jeremy Desrosiers, by phone at (204) 510-1369 or by email at Jeremy.Desrosiers@Stantec.com.

We appreciate your patience during construction and look forward to a completed project in the fall of 2022.
