CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: RESIDENTS AND BUSINESSES OF GERTRUDE AVENUE

RE: 2022 REGIONAL & LOCAL SIDEWALK RENEWALS AND ASSOCIATED WORKS

Please be advised that construction on Gertrude Avenue from Osborne Street to Nassau Street North will begin soon. We appreciate the input of area stakeholders and have done our best to develop a design that considers all needs. That said, we were unable to accommodate all requests and are proceeding with a design that includes compromises but best suits the wide cross-section of needs we must consider throughout the area. Construction information for this project is as follows:

Construction Start: Week of August 22, 2022
Duration: Approximately 3 weeks, weather permitting

The work on Gertrude Avenue will include:

- Pavement planing;
- Speed table installation;
- Raised pedestrian crossing;
- Sidewalk renewal and curb renewal where required;
- Catch basin/catch pit installation;
- Asphalt overlay; and
- Boulevard restoration.

Traffic and Access Management

During construction, one lane of local access traffic will be maintained and parking will be removed. Pedestrian access to all residences and businesses will be maintained.

Additional Information

Garbage and Recycling will continue to be picked up at the regular times and location. We ask that you continue to place your bins out on collection day. The contractor will relocate the bins for collection as needed. Please mark your address on the bins so our crews can return them to the correct address.

Those with accessibility needs, moving requirements, underground appurtenances, such as sprinkler systems, lighting cables, etc. within six meters (20 feet) of the street curb line or questions about the project, are asked to contact Erik Hansen at 204-918-4367, during regular working hours.

We recognize that this project will cause some inconvenience and disruption and we thank you for your understanding and patience during construction.

Sincerely,

Erik Hansen, C.E.T.
Technology Services Branch
