CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents and Businesses on Selkirk Avenue
RE: Selkirk Avenue Reconstruction – Main Street to Salter Street

We are writing to provide you advance notice of planned construction on Selkirk Avenue between Main Street and Salter Street.

We are currently finalizing designs for the project with plans to tender the work for construction in March 2023. Work is planned to start in Spring 2023 and be complete by Fall 2023.

As we plan staging for the active construction portion of the project, we are collecting information from those whose properties may be affected.

You are receiving this notice for one of two reasons: either because your property is within the general project area or because your property fronts Selkirk Avenue within the limits of construction.

If you fall in the first category (area property owner whose frontage is not on Selkirk Avenue between Main and Salter), you are not required to take any action; this notice is for information only. We will communicate further as a construction start date is determined.

If you front Selkirk Avenue within the construction area, we need some information from you. Please send the following information by email to kevin.rae@stantec.com:

- Your name/the property manager's name
- Your organization (if applicable)
- Your address
- Parking and loading needs
- Any required approach modifications

Any planned special events, construction, or renovations at your property

This information will help us stage construction and allow us to make accommodations where necessary.

Sincerely,

Kevin Rae, P. Eng.
