Tender No.: 328-2024

CITY OF WINNIPEG CONSTRUCTION NOTICE

TO: Residents and Businesses Adjacent the Pembina Highway Bridge over the La Salle River
RE: 2024 Bridge Maintenance – Pembina Highway Bridge Deck and Road Rehabilitation at the La Salle River

Please be advised the southbound lanes of the Pembina Highway bridge over the La Salle River will be under construction starting in July 2024.

Construction Start Date: July 2024
Duration: To be complete by October 2024

Work includes:

- Resurfacing the bridge deck
- Repairing concrete barriers and flower planters
- Minor concrete repairs and road resurfacing from the Pembina Highway bridge to the Pembina Highway and Rue des Trappistes intersection (including the intersection)
- Sidewalk repairs at the Pembina Highway and Rue des Trappistes intersection

Construction Impacts:

- Southbound traffic will be restricted to one through lane between 3511 Pembina Highway and 3653 Pembina Highway
 - Access to/from Rue des Trappistes and De L'Église Ave will be maintained
 - Short-term sidewalk closures will be required at various points during construction
- Pedestrian access to residences and businesses will be maintained
- Transit service will be maintained although some stops may be temporarily relocated or closed for short periods of time
- The work will be completed in multiple stages which will require several traffic control configurations
- Closures of private approaches are not anticipated, however if any closures of private approaches are required, these closures will be discussed with the affected business/resident in advance

If you have any questions or concerns related to the project, please contact the Project Manager Justin Dahl P.Eng. at (204) 489-5900 or Justin.Dahl@stantec.com
