2nd CONSTRUCTION NOTICE

TO: RESIDENTS AND BUSINESSES OF CARLYLE BAY

RE: 2023 LOCAL STREET RENEWAL PROGRAM: CARLYLE BAY FROM WESTWOOD DRIVE (SOUTH) TO WESTWOOD DRIVE (NORTH)

We are planning road construction on Carlyle Bay this summer.

Construction start window: The week of May 6
Duration: Approximately 6-8 weeks, weather permitting

We will:
• Repair sewer infrastructure and pavement
• Adjust manholes/drainage inlets
• Fix damaged curbs and sidewalks
• Replace sections of broken concrete
• Repave the road with an asphalt overlay
• Restore the boulevard

During construction:
• The lanes we are working on will be closed to traffic
  o We will complete one direction at a time
  o The unaffected direction of traffic will remain open
• There will be no on-street parking
• Garbage and recycling will be picked up on the usual pickup day.
• We will maintain pedestrian access to all properties
  o Sidewalks may be closed on one side of the street at a time

Please contact me if you have:
• Accessibility needs
• Access and delivery requirements
• Planned special events
• Underground appurtenances such as sprinkler systems or lighting cables within six metres (20 feet) of the curb
• Questions about the project

NOTE: New topsoil and sod may be placed on the boulevard as part of this project. While the contractor will maintain the turf for about a month or so, we do not maintain residential boulevards on an ongoing basis.

You can reach me at 204-896-1209 or spenner@kgsgroup.com

Sincerely,

Steve Penner, Eng. L.
