2nd CONSTRUCTION NOTICE

TO: RESIDENTS AND BUSINESSES OF PARKER AVENUE

RE: 2026 LOCAL STREET RENEWAL PROGRAM – PARKER AVENUE

Road construction on Parker Avenue (1223 to Wynne St.) will soon begin.

Construction start: Week of May 19, 2026

Duration: Approximately 7 – 8 weeks, weather permitting

We will reconstruct Parker Avenue by:

- Renewing the watermain between Rockman St. and Wynne St.
- Removing existing pavement
- Placing new curb
- Renewing driveway approaches
- Replacing deteriorated sidewalks
- Placing new gravel and asphalt

During construction:

- Residents will not be able to travel on the street or park in their driveways within the portion of Parker Avenue under construction.
- Construction will be staged to minimize effects for residents, and parking will be available on adjacent streets and areas of Parker Ave. not under construction.
 - We ask that residents residing on the portion of Parker Ave. not under construction to park in their driveways whenever possible so that affected residents have street parking available.
 - Residents will have access to the back lanes (Heatherdale Ave. and south alley).
- Pedestrian access to residences will be maintained.
- Garbage and recycling will continue as scheduled.
 - Please label your bins with an address number and place your bins as usual.
 - Crews will move and return bins as required.

We recognize that this project will cause inconvenience and disruption, and we thank you for your understanding and patience during construction.

Please contact me at your earliest opportunity if you have any questions regarding the project.

Sincerely,

Maria Asaulova
