City File No.: 26-R-04
Tender No.: 136-2026

CITY OF WINNIPEG PRE-CONSTRUCTION NOTICE (ADVANCE NOTICE)

TO: RESIDENTS OF SELKIRK AVENUE

RE: 2026 LOCAL STREET RENEWAL PROGRAM – SELKIRK AVENUE ACTIVE TRANSPORTATION PATHWAY (OAK POINT HWY TO KEEWATIN ST)

Please be advised the above project is scheduled to begin in Summer 2026

Construction start Window: May to September 2026
Duration: approximately 7 weeks

Work will include construction of a new asphalt Active Transportation (AT) Path along the north side of Selkirk Avenue in the City's public right-of-way from Oak Point Highway to Keewatin Street. As part of this work there will be adjustments to the accesses at the frontage road off Selkirk Avenue (House no 2017-2045 Selkirk Ave) between Bentley Street and Oak Point Highway. Traffic movements will remain the same after construction, however there will be a slight reduction in on street parking (Please attached see sketch).

This project will connect to the Keewatin AT Path and add to the City of Winnipeg's growing active transportation network increasing accessibility and safety for pedestrians, cyclists, and commuters.

We will:

- Construct new asphalt active transportation pathway.
- Renew existing sidewalk as needed.
- Upgrade the existing street lighting.
- Restore the boulevard.

A drawing showing the pathway can be found on the back of this sheet. If you have any questions, please contact Lucas Stoffel by email at lstoffel@dillon.ca or by phone at 204-453-2301.

You will receive another letter approximately one week prior to construction with more information about timing and access.

Sincerely,

DILLON CONSULTING LIMITED
