2nd CONSTRUCTION NOTICE

TO: RESIDENTS AND BUSINESSES OF ST. MARY'S ROAD FROM FERMOR AV TO ABINOJII MIKANAH

**RE: 2026 REGIONAL STREET RENEWAL PROGRAM -
ST. MARY'S ROAD FROM FERMOR AV TO ARDEN AV**

We are planning road construction on St. Mary's Road northbound from Abinojii Mikanah to Fermor Avenue, and St. Mary's Road southbound from Fermor Avenue to Arden Avenue this summer. Information can be found on the City of Winnipeg website at:

<https://legacy.winnipeg.ca/publicworks/construction/projects/stmarys-arden-to-fermor.stm>

Construction start date: The week of May 11, 2026
Duration: Approximately 18 weeks, weather permitting

We will:

- Remove existing asphalt overlay
- Repair concrete pavement
- Adjust manholes/drainage inlets and repair sewer infrastructure as required
- Fix damaged curbs and sidewalks
- Repave the road with an asphalt overlay
- Restore the boulevard

During construction:

- Construction will be staged to ensure one lane of traffic is open in each direction
- The lanes we are working on will be closed to traffic
 - We will complete one lane in each direction at a time
 - The unaffected lanes of traffic will remain open
- There will be no on-street parking
- Some left turns will be restricted
- We will maintain pedestrian access to all properties
 - Sidewalks may be closed on one side of the street at a time

Please contact me if you have:

- Accessibility needs
- Access and delivery requirements
- Planned special events
- Underground appurtenances such as sprinkler systems or lighting cables within six metres (20 feet) of the curb
- Questions about the project

NOTE: New topsoil and sod may be placed on the boulevard as part of this project. While the contractor will maintain the turf for about a month or so, we do not maintain residential boulevards on an ongoing basis.
